August 26, 2020

**SUBJECT: State Street Two-Way Conversion (Liberty Street NE to Church Street NE)
Project Number 682089**

Dear Salem Property Owner/Resident:

The City has awarded a construction contract to Aaken Corporation Electrical Contractors to complete the State Street Two-Way Conversion project. The project limits encompass State Street from the intersection of Liberty Street NE to Church Street NE (see attached map). The improvements include modifications to the traffic signals at the High Street/State Street and the Liberty Street/State Street intersections, replacement of street striping to indicate the change of direction in traffic flow, and all necessary signage to convert State Street from one-way to two-way traffic.

Beginning the first week in September, construction will start on the underground portions of work in preparation for new pole installation. Motorists should use caution as work may require travel lane closures and temporary reductions in parking during the work times of Monday through Friday, 7:00 a.m. to 4:00 p.m.

If you have any questions regarding this project, please contact me at 503-588-6211 or mmiller@cityofsalem.net.

Sincerely,

Michael Miller, PE
Senior Project Manager
