**SUBJECT: Notice of Construction—2020 Stormwater Improvements Package
Project Number 717206**

Dear Salem Property Owner/Resident:

The City of Salem has recently awarded a contract through a competitive bidding process to Gelco Construction Co. for the construction of stormwater utilities within the parking lot located north of the airport shuttle. **Construction activities will start in the coming weeks and are expected to be finished by the end of February 2021.**

Due to the construction activities, the normal flow of traffic within the vicinity of the project site will be affected. Southbound traffic on Aviation Loop will be unrestricted. Vehicles attempting to access FedEx traveling northbound will be required to detour via 25th Street SE, as shown on the attached map. During periods of construction, one row of parking in the airport shuttle parking lot will be occupied by the contractor with their materials and equipment.

If you have any questions or concerns during construction, please do not hesitate to contact me at 503-588-6211 or jcasteel@cityofsalem.net.

Sincerely,

Jerry Casteel
Engineering Associate
