

Salem Municipal Airport

A Destination for Business Opportunities

Salem, Oregon's capital city, is a great location for business. With a broad offering of available, competitively-priced lease space and vacant land, business location services and incentives, and the nation's second lowest effective business tax rate and diverse workforce, it's clear why so many businesses call Salem home.

Home to Major Employers

Companies located near the airport include industry giants such as Kettle/Campbell Foods, Garmin AT and Garmin Technical Support Services, Wells Fargo/Wachovia Financial Services, The Home Depot Rapid Deployment Center, High Impact Technologies LLC, and Amazon.

Key Economic Facts

- Salem Population: 167,419 – 2nd largest city in Oregon
- Forbes ranked Salem #6 in low cost of doing business
- Home to 8 craft breweries, 1 marathon, 5 wineries in or nearby
- An hour drive to the Cascade Mountains & Oregon Coast

The Salem Municipal Airport is conveniently located with direct access to Interstate 5, and just minutes from the downtown core. With an expanded commercial terminal and recent runway lighting upgrades, Salem Airport infrastructure improvements will accommodate existing and new businesses. Work is underway to expand private and charter jet travel, add commercial air service, and add more aviation-based businesses on the Airport property.

Salem Municipal Airport Facts

- Two runways
 - 13/31: 5811 x 150 ft.
