Hi Keith,
I support a mural at Pacific Coast Producer! Murals enrich our community and we are looking forward to seeing more of them in Salem!
Kathy

Just saw this on Salem Reporter.
If anything screams "slam dunk" this mural is it.
A wonderful, colorful art addition that fits the City and supports local growers.

Re:
Neighborhood Association support for proposed mural at 1520 Woodrow St. NE

Northeast Neighbors Neighborhood Association (NEN) and neighbors strongly support the mural to celebrate the history of Salem at 1520 Woodrow St. NE that is proposed to be sited within our neighborhood association. As a professional artist and former manager of a large public art program, this mural is of high quality and is well integrated into the current location.

The NEN Board voted unanimously on September 13 to support the proposal for the painted mural at this location which honors local farms, fruit production, and Salem's Cherry City history. The 56 attendees at our meeting were very enthusiastic about the mural design.

Amongst the benefits of this mural would be to beautify the industrial area and celebrate our local history.

On behalf of the NEN Board and our neighbors, we wish to thank you for your consideration in accepting this artwork into the Salem Public Art collection.

Respectfully,

Lynn Takata
NEN Chair

Hi Keith,

I am the Executive Director of the non-profit Salem Art Association and am writing to express our support for Pacific Coast Producer's proposed "Cherry City" mural.

The mural is visually beautiful and a wonderful celebration of our heritage and history - it seems to me, this is exactly the kind of public art that enhances the cultural life of our City, residents and visitors.

Please know that I'm happy to support this mural in any way that I can, and I strongly urge the City to approve the proposal and allow it to happen!

Respectfully, Matthew Boulay

Keith Bondaug-Winn
City of Salem
555 Liberty St. SE, Room 325
Salem, OR 97301

Dear Keith:

I write to offer my support for the 'Cherry City' mural requested by Pacific Coast Producers.

With Salem's exciting blend of cultural activities, festive events, brilliant gardens, historic museums, children's activities, boutique shopping, and wonderful dining experiences, we still need to remember those pieces of history that helped make Salem the great city that it is today.

Celebrating Salem's heritage by creating a Cherry City mural on what remains an economic driver in our community is an exciting way to promote why Salem is, in fact, known as the Cherry City.

Again, my heartfelt support for this project!

Sincerely,

Chuck Bennett
Mayor

Salem Public Art Commission,

I am writing with enthusiastic support of the proposed mural on the Oregon Cherry Growers facility! With the recent painting of street murals in the Grant and Highland neighborhoods, it makes sense that a new mural also be added to a building facade in NE Salem. Our city will be better for it! I love seeing the momentum and interest in mural painting in Salem. I hope it continues.

Sincerely,
Laura Herrmann

Subject: Comment on Pacific Coast Producers Mural

To whom it may concern at the Salem Public Art Commission
Special Public Hearing,

I am writing in support of the proposal to paint a public mural at the Pacific Coast Producers facility. I believe it will be beneficial to the city of Salem considering its "Cherry City" namesake. The mural is vibrant and will no doubt beautify the landscape. I think this mural will be a source of pride for workers and Salemites as it represents the history of not only Oregon cherry growers but the industry's positive impact on local farms, cherry production and packaging. The mural's proximity to the Oregon State fairgrounds will help cement Salem's identity in a meaningful way to the whole state. On an artistic note it's important that we support public art initiatives, especially ones that are near and dear to the core of an industry that has been instrumental in providing Salem's residents a rich heritage.

Thank you,

Jordan
