City of Salem Adopted FY 2025 Budget Message

The budget is the City's financial plan to provide services for our community. Budget development is informed by the 2021 – 2026 Salem Strategic Plan, City Council's 2024 Policy Agenda, City policies, Priority Based Budget practices and the Five-Year Forecast. These documents identify issues of top concern for Salem residents and detail our anticipated revenues and expenses. While the FY 2025 budget continues implementation of City Council priorities, it is not at a level that maintains services at the level expected by our community and is not sustainable.

Salem, the capital city of Oregon, is a full-service City that is tasked with providing services to Salem residents, businesses, and visitors including public safety, planning and economic development, library, parks and recreation, community services, street maintenance, and water, wastewater, and stormwater utility services.

This budget comes at a time of uncertainty. Over the past 10 years Salem's population has grown by over 23,000 people, driving a demand for more and different City services. Some City services have funding that meets the growing needs of the community. The General Fund has not kept pace with increasing demand. In 2023, voters did not approve a new revenue source for the General Fund to continue services causing the adoption of a mid-year

supplemental budget eliminating vacant positions. The Adopted FY 2025 Budget avoids some of the originally proposed reductions to the Library, parks, recreation, and police by either using one time funding or General Fund savings, but still reflects difficult choices made after thorough deliberation to move toward fiscal sustainability.

The Adopted FY 2025 Budget assumes no new additional General Fund revenue. The City, however, is committed to continuing the conversation about new revenue. A Revenue Task Force was established in 2023 to explore new, additional revenue sources and adjustments to fees to sustain those services that do not have a dedicated revenue stream and make a recommendation to City Council. The City Council received the recommendations of the task force in July 2024 and a work session on the topic is scheduled for August 2024. The community has provided input into this process through community open houses and a community survey. Without an identified new source of revenue, the City of Salem will experience further reductions in services in the years ahead.

As Salem's City Manager, I have come to know and respect this community, the Mayor, and Council. I have also come to appreciate the strong, talented, and hardworking City of Salem workforce who bear the burden of these reductions. This budget recognizes that reducing staff requires a reduction in service levels. These reductions will impact all City services.

I look forward to engaging with you about community needs and priorities as well as options for addressing them.

Budgeting for Results

The City's expenditure budget totals \$732.5 million to support over 460 specific programs. The City Manager and Leadership Team used a Priority Based Budgeting tool to inform the FY 2025 Budget. Priority Based Budgeting works to align the budget with community needs and priorities.

The FY 2025 Budget is organized around the priorities of the community that are supported by the City's vision, mission, and values statements in its Strategic Plan. The City Council provides the City Manager with its expectations for results to be achieved in six distinct areas.

1. Safe and Healthy Community

Provide emergency services while proactively addressing the impact of crime, fire, natural disasters and health emergencies to residents, visitors, businesses, and property owners.

Operating budget of \$172.7 million or 23.6% of the total budget.

Programs include: Police Department, Fire Department, 9-1-1 call center, Municipal Court, Building and Safety, and other safety programs.

2. Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City with a mix of quality housing to all residents, access to parks, recreation, historic and cultural resources, and the arts.

Operating budget of \$49.8 million or 6.8% of the total budget.

Programs include: Parks and Recreation, Neighborhood Enhancement, Code Compliance, Planning, Library, Cultural and Tourism grants, Public Art, Community Development Block Grants (CDBG), HOME Investment Partnerships Program (HOME), housing and social service grants, and carryover funding for the Special Programs Outreach Team (SPOT, formerly known as HRAP).

3. Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

Operating budget of \$26.8 million or 3.7% of the total budget.

Programs include: environmental and watershed protection, Climate Action Plan management, flood control, stormwater management, and wastewater treatment.

4. Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology and utility infrastructure.

Operating budget of \$330.8 million or 45.2% of the total budget.

Programs include: Operation and maintenance of a significant network of infrastructure including buildings, streets, sidewalks, pipes, dams, properties, parking garages, recreation facilities, airport runways and taxiways, and equipment. Construction funding is also reflected in this result area.

5. Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown.

Operating budget of \$22.9 million or 3.1% of the total budget.

Programs include: Economic Development, Parking Services, Salem Municipal Airport, City Tourism Promotion, Leasehold Services, Real Property Services, and construction.

6. Good Governance

Manage the enterprise to be fiscally sustainable, provide quality service equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

Operating budget of \$129.5 million or 17.7% of the total budget.

Programs include: City Manager's Office, Human Resources, Legal, Information Technology, Finance, and expenses that are not assigned to a department including the City's debt service, capital outlay, contingency, and interfund transfers.

I. State of the City's Budget

The Fiscal Year (FY) 2025 Budget largely reflects the challenges to the current state of funding for the City of Salem. The City of Salem has 24 separate budgeted funds. For funds that the City can adjust fees to align with costs, services are able to be maintained. This has allowed for progress on several key initiatives including implementing recommendations in the equity assessment, creating an artificial intelligence (AI) work group to develop a usage policy and identify opportunities to reduce staff workload, creating a Council subcommittee to develop a solid waste policy, taking steps to decrease violence through the community violence reduction initiative (CVRI), and implementing actions to streamline the permitting process.

While all the important work continues, several funds have a structural imbalance where revenues grow at a slower rate than expenses. The FY 2025 Budget includes service reductions in program areas supported by the General Fund, Transportation Services Fund, and Downtown Parking Fund.

General Fund

The General Fund provides for City services such as police, fire, library, parks and recreation, neighborhood services, municipal court, and services to our most vulnerable populations including elders, youth, low-income, and unsheltered community.

History

The City has been adjusting the budget for the last two decades, and the City of Salem is not alone. Cities across Oregon are facing

similar structural imbalances between revenues and expenditures. The structural imbalance is rooted in property tax ballot measures from the 1990s, which capped property tax revenues. As a result, the amount the City receives from property taxes is disconnected from the economy and does not keep pace with inflation, population and development growth, and the increasing costs of providing services.

The City continued making reductions during and after the great recession from 2008-2014. Since the great recession, the City has been able to keep General Fund services solvent by reducing services, adding new revenues, and receiving one-time revenues from the State and Federal governments.

In 2018, the Budget Committee and City Council began working to address the impending revenue shortfall through the Sustainable Services Revenue Task Force. The task force recommended implementing a City Operations Fee, which covered a portion of the structural gap and a ballot measure for an employee-paid payroll tax to fill in the remaining. The payroll tax measure was withdrawn due to the COVID-19 pandemic.

Staffing levels in the General Fund have not recovered from the reductions made during the great recession (2008-2014). Currently, services being provided by the General Fund are at a critical point and staff are stretched. If staffing had continued to increase at similar levels as the 1990s and early 2000s, there would be an additional 300 positions in the General Fund to support the community.

In the FY 2024 budget process, an effort was made to address the ongoing budget challenges by increasing the City Operations Fee and establishing an employee paid payroll tax.

New positions were recommended in the FY 2024 Budget. These positions were identified as essential to deliver services at the current level and achieve Council identified goals. The Safe Salem Payroll Tax was enacted by Council and subsequently referred to the ballot by voters where the measure was unsuccessful. Without a funding strategy, 33.35 FTE were eliminated in a FY 2024 supplemental budget. All of the positions reduced in this action were vacant.

Continuing Needs

The Adopted Budget does not add the positions necessary to meet community expectations and service levels. The following is a list of identified needs.

Police Department

The recently completed Police Performance Audit identified an additional 27 - 83 officers are needed to service the City's growing population and support shift to community-oriented policing.

Fire Department

Significant increases in call volumes, have resulted in the City falling below targeted response times. This delay, during a critical life threatening medical emergency or fire scenario, hinders the chances for survival from the event.

An additional 10 fire companies would be required to meet the current response time standard across the City.

Parks and Recreation

The City's developed parks acreage and facilities have continued to increase without an increase in staffing. The burden of increased maintenance has fallen to a limited team of parks maintenance workers. In addition to increased land management staff are responding to increased impacts of unsheltered individuals in City parks.

Code Enforcement

There is an increasing demand in requests for enforcement within our community. Staff capacity is not keeping pace with community demand. Internal Services

Internal Services

Human Resources, Technology, Legal, Finance support, and City Management are all essential to ensure the safe, legal and efficient functioning of the City. As the City grows, support service must grow with it.

Infrastructure

Sidewalks, paths and trails, parks and streets, and systems used to collect, transport and clean water, wastewater, and stormwater - cover many square miles and require ongoing maintenance. Currently, there is a backlog of maintenance needs at City buildings and facilities. The Facilities Services Division prioritizes available resources to address maintenance needs, and additional support is needed.

New Services: Sheltering

The City has continued to respond to new needs in the community by starting programs such as the Homeless Rental Assistance Program (HRAP), Safe Park Program, and Micro Shelter Villages. The City opened the 75-bed navigation center in June of 2023. The majority of these investments have been made using *one-time funding* either from ARPA or from State grants. To sustain these programs into the future, after June 30, 2024, additional revenue will be needed. The City has confirmed that two of the Micro Shelter locations will receive State operating funding through FY 2025, however, funding for other facilities remains unclear.

Next Steps

The General Fund continues to face a deficit and the City needs to find a path to sustainability. Without clarity on new revenue, my Proposed FY 2025 Budget recommended a reduction of positions and services. The proposal would have reduced 7.25 positions at the Salem Public Library, one position and grants in the Youth Development Program, \$700,000 of seasonal and contracted services in Parks Maintenance, a combined \$800,000 impact from Center 50+ and Recreation services, and one position in the Police Department that supports graffiti abatement.

The Budget Committee voted to use one-time funding to restore the Salem Library and Police positions as well as some parks and recreation funding. However, the adopted budget includes the reduction of \$278,000 of seasonal and contracted services in Parks Maintenance and a combined \$275,870 impact from Center 50+

and Recreation services. Parks Maintenance, Recreation services and Center 50+ also increased fees to prevent additional reductions. The position which worked on Youth Development that was proposed for elimination has been repurposed to work with substance use prevention and outreach using offsetting trust fund dollars. The \$24,050 of materials and grants associated with the Youth Development program was eliminated.

Other Funds

In contrast to the General Fund, most other City funds are in stable financial positions with adequate reserve levels. However, costs are increasing at a higher rate and continue to put pressure on fee or rate structures. Three notable funds are experiencing varying levels of financial uncertainty:

Transportation Services Fund

The main source of funding is revenue from the State Highway Fund which allocates a portion of gas tax and vehicle registrations to the City. The Transportation Services Fund supports operations, maintenance, and improvements to the City's transportation system. This revenue is restricted and must be spent on projects and activities in the rights-of-way. Initially, gas tax revenues were used solely to pave streets. In the early 2000's a policy change required gas tax revenues also be used to pay for sidewalks, street trees and plantings. The City supplemented the gas tax through a General Fund contribution, but with expenses exceeding revenues, this contribution was redirected to maintain General Fund services. These changes increased the services funded by the gas tax while also reducing available resources.

State Highway Revenue is projected to increase over the next few years until 2027 when revenues are projected to decline due to the impact of fuel efficient, hybrid, and electric vehicles and other market forces.

The limited revenue stream has resulted in significant deferred maintenance activities for many asset types. More discussion is required to identify desired service levels followed by thorough analysis to identify potential revenue sources.

Downtown Parking Fund

The Downtown Parking Fund is largely funded with the Downtown Parking Tax. The Downtown Parking District was established in 1976 to provide funding for economic promotion and public parking in downtown Salem. Each business within the District is assessed a proportional share of the operation and maintenance costs of the District customer parking spaces. Tax dollars are used to support both on-street parking spaces downtown and off-street parking at Chemeketa, Liberty, and Marion parking structures. The tax increases are limited to the Consumer Price Index (CPI) or 2%, whichever is less. This cap along with increased costs have resulted in a significant decrease in service for the downtown area. Additional resources are needed to fully fund the cleaning, economic development activities, and security needed for the downtown parkades. The City Council has decided to transition to paid on-street parking in downtown. There is funding in the Riverfront Downtown Urban Renewal Area to purchase pay stations downtown. This transition is in the early stages and the City has hired a consultant to assist with the process and outreach. This shift could create the resources to more adequately fund needed

services downtown. In the meantime, the General Fund is paying for most of the cost of security in the downtown parkades.

Airport Fund

In FY 2023, City Council approved a contract to support commercial air service to commence again at the Salem Municipal Airport. Although the City has received grant dollars from Federal and State partners, these grants can only fund capital needs at the Airport – not operations. The Airport Fund does not have the ongoing revenues to support these operations in full and requires a subsidy from the General Fund. As additional flights come to Salem, revenue to support the operations from things like guest parking are needed to sustain the fund.

II. FY 2025 General Fund Budget

Significant Changes

The budget document provides financial information oriented around services. Programs and services are organized within the Salem Strategic Plan's six priority result areas. This section highlights significant changes by result areas, but is not a comprehensive list. Most General Fund programs have seen reductions or minimal increases, due to the General Fund shortfall. Service increases were restricted to programs with dedicated revenue sources or in response to identified needs. In addition to any eliminations in the below pages, all General Fund Departments were required to reduce their materials and services budgets by 1% and supply budgets by 10%, or approximately \$430,000 in total. The City also pushed out most General Fund vehicle replacements by one year, reducing the budget and actual expenses by \$850,000.

1. Safe and Healthy Community

Provide emergency services while proactively addressing the impact of crime, fire, natural disasters and health emergencies to residents, visitors, businesses, and property owners.

➤ New: Police Records Technician, \$115,890, 1.0 FTE

A new Police Records Technician has been added to the budget. The Police Department provides after hours Law Enforcement Data Systems (LEDS) searches for eight partnering agencies. Due to an increase in demand from these agencies, a new position is being added. The position will be paid for by those agencies to the City of Salem via intergovernmental agreements (IGAs).

➤ New: Community Violence Reduction Initiative, \$148,760

In FY 2024, the City Council approved Supplemental Budget 2 which included the creation of a limited duration position to support the Community Violence Reduction Initiative and Diversity, Equity, and Inclusion (DEI) efforts. This will be the first year the program will appear in the Budget and will be managed in the City Manager's Office.

2. Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City, with a mix of quality housing for all residents, access to parks, recreation, historic and cultural resources, and the arts.

➤ New: Substance Use Prevention and Outreach Program, \$199,950, 1.0 FTE

The Substance Use Prevention and Outreach program was added to the budget by City Council prior to adoption. Funded by a transfer from the Opioid Settlement Trust Fund, the program will focus on substance use prevention and outreach, particularly among youth and young adults.

➤ **Elimination:** Special Programs Outreach Team (SPOT) (formerly Homeless Rental Assistance Program), \$625,000

Ending support for a housing first program operated by the Salem Housing Authority (SHA), originally the Homeless Rental Assistance Program (HRAP) and transitioned to SPOT. The program will continue in the short-term, using alternate funding options available to SHA.

➤ **Elimination:** Youth Services, \$24,050, 1.0 FTE repurposed

The Youth Development program including grants, materials and 1.0 FTE was proposed for elimination in FY 2025. The position was added back through City Council action and repurposed to the Substance Use Prevention and Outreach program through trust fund dollars. Materials and grants for the program remain eliminated.

3. Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

- Ongoing (move): Climate Action Plan, 2020 Policy Agenda and Strategic Plan Item, \$274,190, 1.0 FTE

The Climate Action Plan (CAP) for the City of Salem has been completed with a program manager having been hired in FY 2024. In 2025, the funding for the program, including materials and position will be supported in the Utility Fund.

4. Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology, and utility systems.

- New: Addressing Capital Needs, Public Works and Parks Operations Building, \$263,490 / Strategic Plan Item

The budget provides for \$263,490 of debt service expense for an internal borrowing from the Utility Fund.

This total borrowing of \$2.1M over ten years will fund the Parks Operations portion of the new Public Works building out on 22nd St. Since the facility was paid for using Utility

rates, the General Fund is obligated to pay for the portion of the building occupied by Parks Operations staff.

5. Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown.

- Ongoing: Business Retention and Recruitment, \$793,130 / Strategic Plan Item

Pursuing activities identified in the City's Strategic Plan and economic development strategy:

- Contract with the Strategic Economic Development Corporation (SEDCOR) to serve as the primary recruitment contact and enterprise zone manager for Salem;
- Support business retention and expansion and grow minority-owned businesses with targeted outreach efforts and align resources to meet their needs;
- Support and facilitate business start-up and business incubator networking activities in the community and pursuing continued and new partnerships to support this work;
- Fund assistance programs for individuals seeking to start their own business. Grow local businesses to create long-term economic sustainability, profitability, and self-sufficiency.

➤ Ongoing: Commercial Air Service Positions, \$621,000

In January 2023, the City Council approved plans to move forward with commercial air service from the Salem Municipal Airport. The Airport Fund could not support the staffing required for this effort and an ongoing General Fund subsidy is needed to maintain operations. Grants received by the Airport from Federal partners only include dollars for capital improvements, but not operations.

6. Good Governance

Manage the enterprise to be fiscally sustainable, provide quality service equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

➤ Ongoing: Sheltering Programs, \$410,000

Over the past several years, the City has provided funding toward a variety of sheltering programs. Some of these include Safe Park and funds for the Warming Network which will continue into next fiscal year. Originally these programs were supported by the General Fund and are able to continue in FY 2025 using some of the remaining State sheltering grant funding.

➤ New: Court and Legal Case management software, \$155,000

Case management software in both Court and the Legal Department have become obsolete with outdated

functionality and reporting capabilities. The new systems will improve efficiency and reduce staff time. They will be more stable, intuitive, flexible and user friendly.

III. Adopted FY 2025 Budget for Other City Funds

New and Ongoing Initiatives

1. Safe Community

Provide emergency services while proactively addressing the impact of crime, fire, natural disasters and health emergencies to residents, visitors, businesses, and property owners.

➤ New: *Capital Improvements Fund*, New Fire Station, \$5,000,000

Two fire stations were included as part of the 2022 Salem Safety and Livability Bond. One station is new and the other is a relocation of Station 8 off of the Chemeketa Community College campus. In FY 2025, \$5,000,000 will be used for development consultation, site review and land purchase of the two sites. The new fire stations will not be constructed until funds are available to support the ongoing operations of the station.

2. Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City, with a mix of quality housing for all residents with access to parks, recreation, historic and cultural resources, and the arts.

- New: *Cultural and Tourism Fund*, Transient Occupancy Tax (TOT) revenue redirect, \$70,000

TOT can be used to support Parks Operations in eligible parks. The \$70,000 will be redirected to the General Fund and will be used to maintain and beautify eligible parks such as Riverfront, Bush’s Pasture, Wallace Marine and Geer. TOT funds will allow the City to redirect other Parks Operating budget from the General Fund to be used on other non-TOT eligible parks.

- New: *Cultural and Tourism Fund*, Budget Committee Action supporting General Fund Programs with use of ARPA Revenue Replacement Funds, \$1,567,680

The Budget Committee voted to transfer money from the Cultural and Tourism Fund to the General Fund to restore certain proposed reductions, including 7.25 FTE at Salem Public Library, parks maintenance, and recreation programs. Specific restored programs include movies and concerts in the park, kid’s relays, and park splash pads. These one-time funds will continue these services for FY 2025.

- Ongoing: *Capital Improvements Fund*, Salem Park Improvement Projects, \$275,710

Funding for parks improvements through Salem Park Improvement Fund. These are improvements to parks are initiated by Neighborhood Associations and demonstrate a direct impact to the parks and parks projects identified by those in the neighborhood.

3. Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

- New: *Utility Fund*, Department Tech Support Analyst II, \$156,980, 1.0 FTE and Water Treatment Operator I, Limited Duration, \$40,440

The FY 2025 Adopted Budget includes adding one full time Department Tech Analyst II to work at Willow Lake Water Pollution Control Facility to support the plant’s distributed control system programming and operations and for projects optimizing automation and efficiency of plant processes. The limited duration will move bio-solids in the summer months.

4. Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology, and utility infrastructure.

- Ongoing: *Capital Improvements Fund and Extra Capacity Facilities Fund*, Pedestrian Safety Crossing Program, \$520,000

These projects are funded through a variety of funding sources such as the Urban Renewal Agency, State grants, federal grants, and General Obligation bonds. Pedestrian improvement projects in the FY 2025 budget include Market St NE at Aguilas Ct NE, Silverton Rd NE at Sedona Ave NE, and Macleay Rd SE.

- New: *Utility Fund*, Sanitary Sewer Dig Crew, \$1,219,730

The growing need for sewer repairs and the need to address infiltration issues requires that a new dig repair crew be added to the Sewer Repair Section of Public Works Operations. This enhancement includes 3.0 new FTE along with equipment. Currently, there is only one dig repair team in the City.

5. Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown.

- Ongoing: *Cultural and Tourism Fund*, City Tourism Promotion, \$1,311,480

Fiscal year 2025 reflects ongoing support from the Cultural and Tourism Fund for City Tourism Promotion. This funding contributes to Travel Salem with the goal of marketing the City of Salem as a destination for visitors through local culture, history, arts, food and other aspects. This contribution aids in the promotion of Salem and supports a strong and diverse economy.

6. Good Governance

Manage the enterprise to be fiscally sustainable, provide quality service equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

- New: *Capital Improvements Fund*, Civic Center Seismic Improvements, \$3,155,960

As part of the 2022 Salem Safety and Livability Bond, \$39.5M was allocated for seismic and safety improvements at the Salem Civic Center. The project will include predevelopment work, master planning, and system review of the building.

IV. Budget Overview – By the Numbers

Citywide

The Adopted FY 2025 Budget reflects an ongoing commitment to provide valued services for the community with a foundation of fiscal health and stewardship.

Total resources in FY 2025 for all City funds are estimated at \$930.9 million representing a 1.8% increase as compared to the FY 2024 budget. Expenditures total \$732.5 million, which represent a \$24.7 million decrease from the FY 2024 Budget. For more in-depth information about resources and expenditures and the factors that influence the year-over-year changes, please access the *Financial Summaries* section of this document.

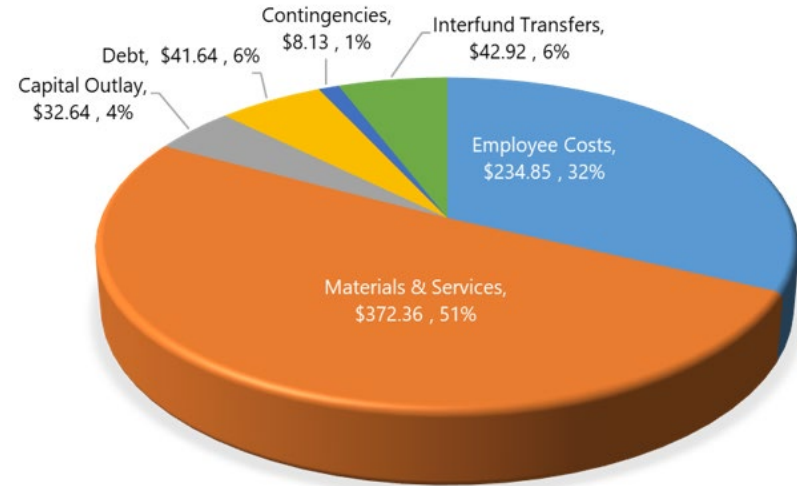

FY 2025 Resources – Citywide – \$930.9

Chart in Millions

FY 2025 Expenditures – Citywide – \$732.5

Chart in Millions

General Fund

The Adopted FY 2025 Budget for the General Fund anticipates revenues of \$176.3 million with expenditures of \$190.6 million. The numeric table below compares the FY 2024 Adopted Budget (plus any Council-approved changes during the year) with the Adopted Budget for FY 2025.

General Fund Budget Comparison (In Millions)	FY 2024 Adopted	FY 2025 Adopted	% Change
Current Revenues	\$ 167.8	\$ 176.3	4.8%
Beginning Working Capital	38.5	32.7	-17.6%
Total Budgeted Resources	\$ 206.3	\$ 209.0	1.3%
Total Budgeted Expenditures	\$ 181.5	\$ 190.6	4.7%

Aligning services with available resources is a strategic plan goal. Additional resources will be needed in future years to meet the increased demand for current programs. Even more will be required if the City plans to expand current programs or provide new services.

V. What's Next?

The Adopted FY 2025 Budget continues the City's work to align anticipated revenues and anticipated expenditures. A key focus for FY 2025, will be the prudent use of non-recurring funds and consideration of additional revenue identified by the Revenue Task Force. This additional revenue is essential to support recurring service needs in the coming years. In order to ensure fiscal sustainability and adequate service levels to meet the community's needs today and into the future, there is more work to be done.

Conversations with the community will continue, including through future budget processes, about what funding levels are right for our community across all result areas, where the funding should be prioritized, and develop a multi-year vision for Salem to guide how we grow and change within our means. Long-term alignment, over five to ten years, will involve additional updates to the City's Strategic Plan. There is much work ahead for the City Council, staff, and the community to collaboratively develop and initiate strategies to solve the ongoing fiscal challenges.

All the analysis and planning represented in this budget is a product of dedicated City staff, an engaged and involved community, and the City Council's leadership to responsively

develop, refine, and approve a continuum of plans, strategies, and policies that guide City operations and the future of Salem. Each element is essential to our success in delivering high quality services, improving Salem's infrastructure, supporting the quality of life our residents value, and managing it all within sound fiscal practices.

My thanks to the Budget Committee and City Council for their service on behalf of the community and for their work on the City's budget.

Sincerely,

Keith Stahley
City Manager

Supplement to FY 2025 Budget Message

Personal Services Cost Factors and Work Force Changes

Salem is a service organization, and services are provided by employees. Various factors have been applied in the FY 2025 Budget to accurately estimate expenses for employees.

Salary and Wage Increases

The below table provides the salary adjustments employed in the budget for each work unit. Wage increases associated with current labor agreements appear in italicized text. Outside of a current agreement, a 3.0 or 5.0 percent factor is used for the first year outside of a contract and then 3.0 percent for each subsequent year. For most work units, rate increases are effective July 1. IAFF's agreement for the fire units has escalations at six-month intervals.

Work Unit	% Increase
<i>AFSCME*</i>	5.00%
Attorneys (SCABU)	3.00%
<i>Police (SPEU)</i>	5.00%
Fire (IAFF)**	0.00% / 3.00%
Fire Battalion Chiefs (IAFF)	0.00% / 3.00%
Non-represented	3.00%
PCEA (9-1-1)	3.00%

*Unit currently in negotiations **Increases July 1 and January 1
Actual final negotiated COLA increases could be different than displayed in this table. Note that the Deputy Fire Marshal classification receives a COLA of 3% every 6 months.

PERS Costs and Employer Rate Increases

The PERS rates used for the FY 2025 budget are 25.07 percent for Tiers 1 and 2, 23.10 percent for Oregon Public Service Retirement Plan (OPSRP) / Fire and Police, and 18.31 percent for OPSRP / General Service.

Health Benefits

The City's rates are developed annually with the assistance of a consultant knowledgeable in the industry. The rate analysis is based on a review of national and statewide health care cost trends, legislated health care reforms, the required cash reserves to meet obligations year-over-year and the City's claims activity from previous years. The rate of increase for health benefits premium costs is 20 percent for the City's PPO plan. Dental plans and the vision plan remain unchanged.

A view of Citywide personal services costs for the FY 2025 Budget compared to the FY 2024 fiscal budget and prior year actuals appears on the next page.

Work Force Changes

The FY 2025 Budget includes a net increase of 12.50 full-time equivalent (FTE) positions as compared to the FY 2024 Fiscal Budget. Year-over-year changes are demonstrated in the adjacent table. Change for the General Fund is an increase of 5.00 positions. All other City funds add 7.5 positions.

For more information about work force changes, each department section of the six *Result Areas* contains a detailed explanation.

Detailed information on staffing and position salaries for all City departments is provided in the *Miscellaneous* section of the budget document.

<i>FY 2024 Budgeted Positions</i>	1,343.75
FY 2025 Position Changes

FY 2025 Budgeted Positions	1,356.25

All Fund Trends – Revenues, Expenditures, and Working Capital

Overall, the City is seeing an upward trend for revenues and expenditures with working capital anticipated to decrease in FY 2025. However, fiscal health varies by fund. There are also several years with some variation due to large influxes of funding, which is generally associated with General Obligation (GO) Bond issuances and the receipt of the project funding. *For specific year-over-year by impacts by resource or expenditure category see the financial summary section*

FY 2025 Budget City of Salem Overview

About City Government

Council–Manager Governance

Salem operates under the council–manager form of city government. The Mayor and the City Councilors are elected by the citizens, and they develop the policies that will direct the operation of the City. The Mayor and Council hire the City Manager to implement their policy direction and manage operations. The *City Charter* provides the authority under which the City operates and outlines the roles of the Mayor, Council, and City Manager. *Salem Revised Codes* establish rules for governance and land use regulations.

Salem’s Mayor and City Council

City Council consists of the Mayor and eight City Councilors, each representing one of the eight designated wards of the City. Registered voters in each ward elect a Councilor, who resides in the ward, to represent them on the Council. The term of office for each Councilor is four years, with half of the Councilors standing for election every two years. The Mayor stands for election in all eight wards of the City and serves a two-year term. The wards are as equal in population as possible and may be adjusted every ten years when the census data become available. Each member of Council,

including the Mayor, has one vote. The Mayor and all Council members are unpaid volunteers who give their time to serve the community.

Managing City Operations

While the City Council and Mayor set laws, policies and goals for the City of Salem, the City Manager and City departments implement them. City departments and agencies provide services in specific areas to create a livable community and business-friendly environment. The City Manager directs the day-to-day administration of the City through Department Directors, who manage City government operations based on City Council direction, state and federal law, and City ordinance.

The City Manager is also the Chief Executive Officer of three separate municipal corporations – the City of Salem, the Salem Urban Renewal Agency, and Salem Housing Authority. The lines of business are as varied as the needs of the community. Each of these corporations is governed by a board. The City Manager reports to the boards and is their only employee.

Council's Other Roles

In Salem, the City Council also serves as the governing board for Salem's Urban Renewal Agency and Salem Housing Authority and participates on the Budget Committee.

- The *Urban Renewal Agency* of the City of Salem is a separate municipal corporation responsible for governing Salem's urban renewal areas. In Salem, the Urban Renewal Agency Board is constituted by the Mayor and City Council. The City Manager serves as the Executive Director of the Urban Renewal Agency.
- The *Salem Housing Authority* is a separate municipal corporation responsible for administering housing assistance to low- and moderate-income households in Salem. The Commission approves Salem Housing

Authority actions related to matters of policy in program operation, housing development, and resident services. In Salem, the Housing Authority Commission is constituted by the City Council and resident representative. The City Manager serves as the Executive Director of the Salem Housing Authority.

- On an annual basis beginning in April, nine residents join the Mayor and City Council to form the *Budget Committee* and develop a recommendation for the City's budget. The group looks carefully at the City's estimates for revenue, and costs of services and capital projects, to develop a recommendation to City Council on the budget to cover the period from July 1 through June 30 of the next fiscal year.

Mayor and Council – Mission, Vision, and Values

The Salem Strategic Plan, adopted by City Council in March 2021, articulates the mission, vision, values, and goals of the City organization. Salem’s Strategic Plan establishes policy priorities for the next three-to-five years and defines expectations of the Council and community for the services the City should provide.

During the creation of the 2021 Strategic Plan, a culmination of extensive community input on issues, followed by discussion and vetting of actions that would advance the policy issues by Council-led work groups, the Strategic Plan identifies five broad areas the community faces today and for which the Council and community expect to see progress in the near future:

- Addressing Homelessness
- Creating Community Resilience
- Increasing Equitable Delivery of City Services
- Building Great Neighborhoods
- Taking Action on Climate Change

Role of the City and Community Partners

To achieve measurable progress in each of these areas, the City will engage others and rely on partnerships with residents and businesses in our community who volunteer their time and support to our community. In some policy issue areas of interest to Council and the community, the City relies on the expertise, capacity and resources of our local

utilities, educational institutions, and State agencies to achieve broader outcomes.

Policy Agenda

City Council’s Policy Agenda draws from the Council and community defined priorities set forth in Salem’s Strategic Plan. Through its annual Policy Agenda, City Council agrees on its specific priorities for action in the coming year and provides direction on aligning resources towards the Strategic Plan result areas through the City’s budgeting process.

The Policy Agenda is organized around result areas—the community’s and Council’s expectations of services from the City. These result areas are derived from the vision, mission, and values in the Strategic Plan and provide the framework for the presentation of the FY 2025 budget.

Annual Cycle

The Policy Agenda is part of an annual cycle of developing the budget, policy and program evaluation, financial forecasting and reporting on progress. Each year, following input from residents, neighborhood associations, advisory boards and commissions, and the community at-large, the City Council will evaluate its policy priorities and progress toward its Strategic Plan outcomes. Through the City Council Policy Agenda, City Council agrees on specific priorities for

action in the coming year and makes those priorities clear to staff and the community. The City of Salem's budget will reflect priorities in the Policy Agenda. Staff then manage programs and activities, efficiently and effectively, and the

City's financial and human resources toward those outcomes. Each fall, staff will provide an annual community report on progress.

Salem Residents Satisfaction with City Services

According to the most recent annual Residential Satisfaction Survey, the majority of Salem residents expressed satisfaction with core City services such as emergency response, water and sewer, and quality of life services like parks and recreation and the Salem Public Library.

Residents continued to voice concerns about homelessness and housing affordability. Homelessness was a concern in 2016 at 7 percent, while the most recent survey from 2022 had 57 percent of residents saying it is the most important issue for Salem. Satisfaction with the City's response to ensuring that residents of all income levels have access to affordable housing decreased from 2021 by 7 percent.

The Salem City council commissioned the Residential Satisfaction Survey to better understand residents' priorities. The insights drawn from the survey and other outreach activities helps City leaders plan for the future of Salem. Residential Satisfaction Survey results are an input into the City Council's annual work plan and direction to the organization, the City Council Policy Agenda.

Municipal Government Services

Salem is a full-service city. The City of Salem provides its residents with services protecting health, safety, and welfare. Through day-to-day operations, as a regulating agency, and as a large employer, the City impacts many facets of our community.

Day-to-day, the City provides residents, visitors and businesses with services such as police protection and emergency response, sewage collection and treatment, and safe drinking water. As a regulator, Salem provides planning and permitting to help manage growth, while simultaneously supporting job creation and development. Through franchise agreements, the City provides access to the rights-of-way for public utilities and oversight of solid waste collection. The City owns, operates, and plans for infrastructure like streets, sidewalks, bike facilities, bridges, parking facilities, parks, and water and sewer pipes to meet community needs today and in the future. Other services go beyond the basics to provide amenities that increase quality of life, including recreation, libraries and educational programs, housing and social services, public spaces, streetscaping, and public art.

This year's budget is organized around the community's and Council's expectations of services from the City. These six expectations, or result areas, are derived from the vision, mission, and values in the Strategic Plan and provide the framework for the presentation of the FY 2025 budget.

Good Governance

The enterprise is managed to be fiscally sustainable, provide quality services equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future. To achieve this outcome, Salem does the following:

- Ensures stewardship and sustainability of the City's financial, human, information, and physical assets;
- Clearly communicates responsive, accurate, and accessible information and services;
- Strengthens and encourages community and regional partnerships;
- Provides assurance of regulatory compliance to minimize and mitigate risk; and
- Maintains transparent, ethical, inclusive and accountable leadership and inclusive collaboration.

The primary services Salem provides to ensure Good Governance are as follows:

- City administration and support to the Mayor and City Council, public communications, and community partnerships to deliver services sought by the community and Council;

- Engaging and supporting Salem’s volunteer advisory boards and commissions, including facilitation of community member appointments to Salem’s Board and Commissions;
- Preparing the annual budget in collaboration with the 18-member Budget Committee and long-range planning for future capital needs and funding required to sustain the municipal corporation;
- Daily financial operations like employee payroll accounting and banking/investment services;
- Maintaining and repairing vehicles and equipment;
- Providing access to public records, supporting local elections processes, and offering legal counsel to all City departments;
- Managing all aspects of employment, including recruitment, labor relations, and employee training, development, and benefits;
- Managing, planning, operating and maintaining the technology infrastructure to support operations; and
- Maintaining and preserving City-owned facilities while providing tenants with a clean and safe work environment.

Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce impact from

the built environment and City operations on both the environment and all residents. To achieve this outcome, Salem does the following:

- Reduces the carbon footprint of the City and its operations in line with the City’s climate goals and conserves energy and natural resources;
- Protects and enhances watersheds, natural areas, and natural resources;
- Plans and designs the City's growth to achieve the City’s climate goals and minimize harmful environmental impacts;
- Provides leadership and education to the community to protect and preserve the natural environment; and
- Mitigates and abates natural and human caused threats to the environment.

To ensure its stewardship of the natural environment, Salem focuses primarily on providing the following services:

- Treating wastewater to meet water quality requirements;
- Monitoring and complying with environmental regulations;
- Supplying high quality drinking water to residents and businesses;
- Promoting and implementing environmental best practices, outreach and environmental education; and
- Constructing watershed, wetlands and fish ladder projects.

Safe and Healthy Community

Provide emergency services while proactively addressing the impact of crime, fire, natural disasters, and health emergencies to residents, visitors, businesses, and property. Salem achieves this outcome in the following manner:

- Fosters a climate of safety and inclusivity for all individuals where they live, work, and gather;
- Plans for and provides timely and effective response to emergencies and natural disasters;
- Actively engages with the community to proactively prevent crime, provide education on personal and community safety, and strengthen community preparedness;
- Encourages sustainable community redevelopment and rehabilitation practices; and
- Investigates and endeavors to solve crimes and address the needs of crime victims.

The primary services Salem provides to ensure a Safe Community include the following:

- Responding to emergencies by Police, Fire, 9-1-1 and ambulance services;
- Preparing within the community for natural and other emergencies;

- Ensuring buildings in our community are safe to occupy;
- Removal or abatement of nuisances or neglected property and graffiti abatement; and
- Administering a municipal court, prosecuting crimes, and adjudicating violations.

Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology, and utility infrastructure. Salem achieves this outcome through the following:

- Uses City property and infrastructure for the public good;
- Manages water, stormwater, and wastewater safely and responsibly;
- Supports a balanced, accessible transportation system that reflects effective land use and reduces traffic congestion;
- Designs, constructs, and maintains an interconnected and multimodal transportation network that is safe, accessible, and sustainable for all; and
- Plans, operates, and maintains infrastructure networks.

Salem ensures a Safe, Reliable and Efficient Infrastructure, by:

- Operating, maintaining, planning, and constructing improvements to a multi-modal transportation network of streets, bridges, and pathways; and
- Operating, maintaining, planning, and constructing improvements to stormwater, water, and wastewater utilities.

Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown. Salem strives to achieve this outcome through the following activities:

- Creates opportunities for development, entrepreneurship, job creation, and economic innovation;
- Invests in programs, incentives, and technology that support business attraction, growth, and retention;
- Fosters community networks to act, connect, advocate, and cross-pollinate ideas across business sectors;
- Supports housing options, educational opportunities, and amenities that attract and develop a skilled and diverse work force; and
- Fosters regional and public / private collaboration to contribute to economic stability.

The primary services Salem provides to ensure a Strong and Diverse Economy include the following:

- Permitting private, commercial, and residential development;
- Marketing and promoting Salem’s tourism, cultural activities, downtown area, and the Convention Center;
- Working with economic development partners to expand local economic opportunities and grow local companies and jobs through business growth, retention and attraction;
- Offering capital projects and grant programs to support development and redevelopment within Salem’s South Waterfront, West Salem, Riverfront Downtown, McGilchrist, Mill Creek, North Gateway Jory Apartments and Fairview urban renewal areas;
- Operating the Salem Municipal Airport; and
- Permitting parking and enforcing parking regulations to ensure spaces are available for commerce.

Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City with a mix of quality housing for all residents, access to parks, recreation, historic and cultural resources, and the arts. To achieve this outcome, Salem:

- Supports a long-term vision for future growth and development that strengthens, connects, and completes all neighborhoods within the community;
 - Promotes an inclusive and vibrant community offering diverse and affordable housing options across the City;
 - Creates and maintains parks, recreation areas, and other public spaces to offer activities that connect, benefit, and reflect our community;
 - Supports the arts, historically and culturally significant buildings and sites, and community events; and
 - Enhances access to multi-generational community enrichment and meaningful volunteer and neighborhood engagement opportunities.
- Long-range planning for future growth, reviewing development plans and land use cases,
 - Supporting eighteen neighborhood associations;
 - Offering multi-generational programming and access to physical and virtual collections at the Salem Public Library;
 - Maintaining and developing Salem's park system, coordinating community volunteers and special events, managing the City's recreation programs and Center 50+;
 - Administering projects and programs to enhance Salem's downtown and programs to support low to moderate income households;
 - Allocating federal funds granted to the City to assist low-income individuals and families with affordable housing or starting a business; and
 - Acquiring and maintaining the Salem Public Art Collection.

To ensure a Welcoming and Livable Community, Salem focuses primarily on providing the following services:

Living in Salem

Located centrally in the Willamette Valley, Salem was incorporated as a municipal corporation in 1860, just one year following Oregon's admittance into the United States. Like most towns with a working riverfront, Salem's central business core sprang up adjacent to the Willamette River with relatively small lot residential neighborhoods surrounding it.

The City encompasses 49 square miles and is located in both Marion and Polk counties. Salem is the state capital of Oregon and the county seat of Marion County. Salem's population, based on Portland State University's 2022 certified estimate, is 179,605, which establishes it as the second largest city in Oregon behind Portland.

The City government provides a full range of municipal services. As of July 2022, the municipal corporation has 1,323 full-time equivalent positions, equating to approximately 7.4 employees per 1,000 residents.

Salem is home to:

- State government and about 20,000 State employees working here;
- Willamette University, the oldest university in the West, which hosts nearly 2,300 students;
- The region's health care facility, which is Salem's top private company, employing almost 4,900; and
- Historic downtown and numerous historic and cultural attractions.

Living in Salem – Economy and Employment

Salem is home to a wide range of industries and private employers, with business-friendly taxes and fees and proven strengths in traded industry sectors. As the State's capital, the local economy is relatively stable and enjoys a wide variety of employment. In addition to agricultural production, the area is also a strong manufacturing and distribution region with a prime location on Interstate 5 between California and Washington. Stable, low-cost infrastructure and development costs characterize the area's business climate. Abundant, high quality water, stable electrical supply, and low-cost shovel-ready land are available to industrial and business customers.

The addition of high tech to the local economy has provided steady growth in manufacturing. Other industries include trade, transportation, utilities, agriculture, food and beverage processing, education, health services, and professional and business services. Major employers, in addition to government and the hospital, include Kettle Foods, Garmin, Yamasa, West Salem Machinery, Gilgamesh Brewing, T-Mobile, Walmart and Amazon.

Business tax structure is an important item for deciding where to expand or locate a business. Unlike most states, Oregon income taxes are calculated solely on relative Oregon sales, according to *Business Oregon*. And Oregon has no sales tax.

The area is within one hour of 80,000 college students from Portland to the north and Eugene to the south. Thirty-eight of the largest state agencies are based in Salem. Private sector employers and public officials collaborate on creative, industry-driven, and proactive approaches to supporting the work force development needs of the region's employers.

The City's leading private employer, Salem Hospital, offers and has been recognized for exceptional medical services. Recent awards include a ranking as a top cardiovascular hospital for the past five years, a 2021-22 Best Hospital by U.S. News and World Report, a nationally recognized provider for joint replacement care and recognition as a top workplace in Oregon.

Living in Salem – Cultural Amenities and Recreation

Salem is an exceptional community for living and working with new and well-established neighborhoods. Residents represent many cultural and religious groups resulting in a vibrant and diverse community. Many who live in the Salem area do so because of its family-friendly ambiance.

Cultural Amenities

Salem offers unique historical attractions and cultural arts including non-profit theater, music, dance, literature, art associations, historical museums, and art galleries. Salem's Riverfront Park hosts a variety of events and is home to an outdoor amphitheater which was recently updated, Salem's Riverfront Carousel, and Gilbert House Children's Museum. Salem's downtown features distinctive boutiques, restaurants, breweries, cideries, and bakeries. Salem's very successful convention center anchors a southwest corner of the downtown adjacent to the Civic Center campus.

Outdoor Recreation

Outdoor enthusiasts enjoy Salem's more than 2,300 acres of parkland and outdoor activities including golfing, cycling, fishing, and boating. Salem earned bronze Bicycle Friendly Community status and was ranked by Bicycle Magazine as one of the top 50 cities in the United States for biking. The completion of the Minto Island bicycle and pedestrian bridge in 2018 was the final link in a network connecting three of

Salem's largest parks, two bicycle and pedestrian bridges, and more than 20 miles of off-road trails.

Sports enthusiasts enjoy watching Willamette University sports, minor-league baseball at the Salem-Keizer Volcanoes Stadium, or catching the Portland Timbers U23 soccer team at McCulloch Stadium. Wallace Sports Complex hosts local, regional, and national softball and soccer competitions, bringing in over \$3.5 million to the local economy during non-pandemic years.

Salem's public parks are a source of fun, beauty, and economic benefits. Salem's reservable facilities provide the perfect option for a company picnic, group outing, family reunion, or other special event.

Living in Salem – Education

Salem has an excellent K-12 school system, including public, parochial, and private schools, educating over 41,000 students each year. Grammy Award-winning music programs and high-performing athletes make the district unique.

In addition to Willamette University, which is adjacent to the state capitol, located within an hour of Salem are several universities, colleges, and vocational schools that provide undergraduate and graduate programs as well as work force training. Salem's Career and Technology Education Center, a new and growing public / private educational partnership, links students with training in key emerging sectors.

FY 2025 Budget

Budget Process and Financial Policies

The Municipal Budget

A budget for a municipal corporation, like the City of Salem, is a legal document that provides the City the authority to spend public money in accordance with local budget law.

In addition, the budget is:

- a financial plan for the City for one fiscal year based upon estimates for resources and expenditures;
- an internal control mechanism that is referenced by City Council, the City's executive management, and City auditors;
- a policy document that reflects the plans and priorities of the City; and
- a public communication document that expresses the City's goals to our citizens.

A balanced annual budget is required by Oregon Budget Law (Chapter 294 of the Oregon Revised Statutes). The total estimated expenditures and other requirements in each fund must equal the total amount of resources in the fund for the same period.

The law establishes standard procedures for preparing, presenting, and administering the budget. The law also requires citizen involvement in preparation of the budget – the role of the Budget Committee – and public disclosure of the budget before its formal adoption.

In addition to the budget for the municipal corporation, the City of Salem also has an Urban Renewal Agency and follows the same guidelines in Oregon Budget Law for preparation and adoption of the Agency budget. The City of Salem Budget Committee also serves as the Agency committee.

Under Oregon Budget Law, a fiscal year is a 12-month period, beginning July 1 and ending June 30.

Role of the Budget Committee

Budget committees are required in Oregon's Local Budget Law, which can be found in the Oregon Revised Statutes (ORS) beginning with 294.305. The City of Salem's 18-member Budget Committee is comprised of nine elected officials and nine appointed volunteers. In Salem, there is one elected official and one appointed volunteer from each ward and two at-large members. The committee is the fiscal planning advisory board to the City Council. In its advisory role, the committee reviews quarterly financial reports and the City Manager's five-year financial forecast in the winter. Each spring, the committee receives quarterly financial reports, the City Manager's budget message and reviews and deliberates the City Manager's recommended upcoming fiscal year budget, while providing the public an opportunity to comment on it. The culmination of this work is setting the City's tax levy and recommending a budget to the City Council.

Preparing the Budget The “annual budget process” for the City of Salem, its City Council, executive management, managers, and financial analysts is continuous – a 12-month cycle that includes forecasting, preparation, adoption, implementation, monitoring, and management.

The nine steps listed on the next page have been identified by the Oregon Department of Revenue as necessary to meet the requirements in law for budget adoption. The period of budget preparation to adoption for the City is approximately 7 months.

Step 1 – Budget Officer Appointed

For Salem, this employee is the Chief Financial Officer.

Step 2 – Preparing the Proposed Budget

The Budget Officer supervises the preparation of the proposed budget in conformance with the City Council’s policy agenda and direction, and with the City Manager’s guidance and oversight and the involvement and assistance of all City departments. In advance of this period of budget preparation (generally January through March each year), the City Manager presents a five-year financial forecast for the City’s General Fund and several other funds of particular note.

Step 3 – Public Meeting Notice

Budget law prescribes the method, timing, and content of the public notice for Budget Committee meetings. The City of Salem includes in the notice the location, date, and time of the meeting for the presentation of the City Manager’s budget message, as well

as all subsequent meetings scheduled for review of the proposed budget.

Step 4 – Budget Committee Meetings

At least one meeting must be held to receive the budget message and allow the public to provide comment. During April and May each year, the City of Salem holds several meetings, the first of which includes the presentation of the budget message.

Step 5 – Committee Approves the Budget

The final meeting during the April – May period is designated for the Budget Committee to provide its recommendation to the City Council. As the City of Salem budget requires an ad valorem tax to be in balance, the Budget Committee also must approve an amount or rate of total ad valorem property taxes to be certified by the county assessor. The City’s permanent tax rate is \$5.8315 per \$1,000 of assessed valuation. In addition, the Budget Committee approves the tax levy for general obligation bonds. This amount varies annually depending on debt repayment needs.

Step 6 – Budget Summary and Notice of Budget Hearing

After the budget is approved by the Budget Committee, the City’s governing body – the City Council – must hold a public hearing. Once again, budget law prescribes the method, timing, and content of the notice for this meeting. In the City, this notice is referred to as the “legal ad,” and it comprises summary budget information at the fund level – and in some cases, the department level – for operating expenditures and non-operating

expenditures, as well as resources (beginning cash balance and anticipated new revenues).

Step 7 – Budget Public Hearing

The budget public hearing must be held by the City Council on the date specified in the public notice. The purpose of this hearing is to receive public testimony on the budget approved by the Budget Committee.

Step 8 – Budget Adopted, Taxes Declared, Appropriations Set

Following the public hearing, the City Council adopts the budget establishing appropriation authority – the amount that can be spent – in each fund and setting and categorizing the tax levy.

While the City Council can make changes to the budget approved by the Budget Committee prior to adoption, the tax levy may not be changed, and appropriations may not be increased by more than ten percent. The budget is adopted through a resolution no later than June 30.

Step 9 – Budget Filed and Certified

By July 15 of the new fiscal year, the City must submit tax levy certification to both Marion and Polk county assessors and copies of the budget resolution.

The cycle of reporting and surveying; aligning community priorities and strategic goals through the City Council’s policy agenda; and then developing and presenting the annual budget.

The Five-Year Forecast and the Budget

The Five-Year Forecast

Each year, prior to budget development, the City prepares and presents to the Budget Committee a financial forecast that anticipates the likely revenue and expenditure scenario for the ensuing five-year period.

The forecast is a complex financial model that uses external economic factors like the Consumer Price Index (CPI) as well as internal trend analyses to develop a best estimate for the City's future financial picture.

Using the results of the forecast, the City develops a proposed budget that attempts to achieve long-term financial stability.

The FY 2025 - 2029 Forecast document is available online at:

<https://www.cityofsalem.net/government/budget-finance/five-year-financial-forecast>

FY 2025 - FY 2029 Summary (in millions)						
	FY 2024 YEE	FY 2025 F	FY 2026 F	FY 2027 F	FY 2028 F	FY 2029 F
Beginning Fund Balance	\$ 36.58	\$ 32.38	\$ 23.96	\$ 14.88	\$ 2.02	\$ (13.23)
Revenues	\$ 168.82	\$ 171.90	\$ 178.25	\$ 184.57	\$ 192.01	\$ 198.96
Total Expenditures	\$ 173.02	\$ 194.87	\$ 202.57	\$ 211.68	\$ 222.45	\$ 229.87
Proposed Reductions		(5.95)	(6.45)	(6.85)	(7.54)	(7.97)
Unspent Contingency		(2.50)	(2.50)	(2.50)	(2.50)	(2.50)
Savings*		(6.10)	(6.29)	(4.90)	(5.16)	(5.34)
Net Expenditures	\$ 173.02	\$ 180.32	\$ 187.33	\$ 197.43	\$ 207.25	\$ 214.06
Ending Fund Balance	\$ 32.38	\$ 23.96	\$ 14.88	\$ 2.02	\$ (13.23)	\$ (28.32)
Fiscal Year Impact	\$ (4.19)	\$ (8.42)	\$ (9.08)	\$ (12.86)	\$ (15.25)	\$ (15.09)
Fund Balance Policy at 15% of Revenues	\$ 25.32	\$ 25.79	\$ 26.74	\$ 27.69	\$ 28.80	\$ 29.84
Council Policy Compliance	\$7.06	-\$1.82	-\$11.86	-\$25.67	-\$42.03	-\$58.17

General Fund Forecast Results

A five year forecast is developed for each fund with personnel costs. In the most recent version of the forecast, the City proposed three different scenarios for the General Fund because of uncertainty surrounding potential new revenue and service levels. At the time, the most likely scenario (displayed above) assumed Fiscal Year 2024 mid-year "Proposed Reductions" and projected revenues and expenses from there. Unlike the budget, the Five-Year Forecast assumes an "Unspent Contingency" and "Savings" that result from spending less than the total authorized budget amount. While the City budgets for emergency situations and to ensure sufficient budget authority exists in any given budget category, it is anticipated that some of the funding will go unspent. Because of this, long-term financial decisions are based on the forecast rather than the budget.

Financial Policies

City Council policies represent an official position of the Council established by a majority vote of the Council. A policy establishes direction and guidance for the City's actions and response to a specific problem, issue, or need. Salem's City Council has 16 financial policies; a brief summary appears below. The complete index of City Council financial policies is available at: <https://www.cityofsaalem.net/government/city-council-mayor/about-city-council/council-policy>

Policy C-1 – Transient Occupancy Tax (TOT) Funding

Commonly known as a hotel / motel tax or lodging tax, the TOT is a nine percent tax charged for an overnight stay. The TOT is based on the nightly rate paid by the occupant and is collected for the City by the lodging operator or the booking / hosting service. The purpose of this policy is to provide guidance to the City Manager and the Cultural and Tourism Promotion Advisory Board for recommendations to the City Council for the use of TOT funds.

Policy C-2 – Debt Management

The City of Salem's debt management policy guides issuance of the City's debt obligations, retention or improvement of the City's existing bond rating, and maintenance of the City's ability and capacity to incur debt and other long-term obligations at favorable interest rates for capital improvements, facilities and equipment beneficial to the City and necessary for essential services.

Policy C-4 – Selection of Auditors

It is essential that the City Council trust and have confidence in the City's external auditor. The City Council, in compliance with State and City public contracting rules, participates in the selection of the City's auditor.

Policy C-5 – Capitalization Level for Reporting General Fixed Assets

The capitalization level for recording general fixed assets is \$10,000.

Policy C-6 – Reimbursable Expenses for Travel, Training, Professional Development, and Other City Business

Procedures in this policy guide reimbursement to the Mayor and members of the City Council for expenses that may occur while conducting City business.

Policy C-7 – Investment Policy and Portfolio Guidelines

The Investment Policy establishes investment objectives, provides guidelines, and sets forth responsibilities and reporting procedures necessary for the prudent management and investment of City of Salem funds. This policy was recently updated to include Environmental, Social, and Governance criteria for investing.

Policy C-8 – Budget and Revenue Policies

Council Policy C-8 provides Citywide operating budget guidance, including the adoption of a structurally balanced budget where

operating revenues are equal to, or exceed, operating expenditures. Policy C-8 also includes guidance on user fees, use of one-time resources, and grants.

The 2021-2026 Salem Strategic Plan and City Council 2022 Policy Agenda identified goals and actions to achieve this structural balance and provide for sustainable service delivery.

Policy C-9 – Capital Improvement Program

One of the primary responsibilities of local governments is the creation and preservation of a community’s physical infrastructure including roads and bridges; water, wastewater and stormwater systems; public buildings; parks and open spaces; and communication and information management systems. As this infrastructure requires a significant commitment of public resources, planning for capital improvements is a matter of prudent financial management. Policy C-9 provides the general principles under which the City’s Capital Improvement Program (CIP) is developed and implemented.

Policy C-10 – Building and Safety Fund Balance / Reserve

This policy establishes the components and uses of the fund balance for the Building and Safety Fund. Sound financial management practices include establishing designated and undesignated fund balances sufficient to provide:

- resources for events and service needs that were unanticipated during budget development;
- covering cash flow needs during a fiscal year; and

- providing a source of funds to sustain services during a temporary slowing in revenue and / or a source of bridge funding to allow transition to sustainable service levels.

Policy C-11 – General Fund Balance / Reserve Policy

This policy establishes a working capital or fund balance goal for the General Fund. Consistent with Policy C-10, this policy is guided by sound financial management practices related to the purposes for establishing and maintaining designated and undesignated fund balances.

The fund balance goal for the General Fund is 15 percent of current budgeted revenues. For purposes of preparing the budget, the fund balance consists of the contingency, service stabilization reserve and unappropriated ending fund balance. Funds appropriated and available to meet unanticipated events, service needs or revenue shortfalls during a current fiscal year. The proposed fiscal year 2025 budgets \$3.0 million in contingency which satisfies the contingency and reserve requirements of the policy. The remaining portion of the fund balance is unappropriated.

Policy C-12 – Fund Balance / Reserve Policy for the Emergency Services Fund

The City’s contract with Falck Ambulance is managed in the Emergency Services Fund. A service stabilization reserve equivalent to a minimum of six months of operating expenses, a contingency appropriation, and a set aside for capital equipment are included

in this policy. The minimum operating reserve would be sufficient to cover the cost for the City to resume ambulance service as the primary provider, if necessary.

Policy C-13 – Identity Theft Prevention Program

The City’s Identity Theft Prevention Program guides compliance with the Red Flag Rule and Oregon Consumer Identity Theft Protection Act (OCITPA) through detection, prevention, and mitigation of identity theft in connection with the opening of a new covered account or with an existing covered account with the City.

Policy C-14 – Utility Fund Financial Policy

Salem provides water, wastewater, and stormwater services to all Salem residents. In addition, Salem provides water and / or wastewater services to other communities in the Willamette Valley. Meeting the funding needs for the maintenance and reinvestment in each system is critical.

This policy guides forecasting and rate proposal development for sound financial management of the fund. The policy includes the establishment of an operating reserve (equal to 120 days of operations) and debt reserve (one year of outstanding debt service) levels, a subordinate debt coverage ratio (funding to make debt payments), and capital funding strategies to support fund management.

Policy C-15 – Use of City Resources for Marijuana Based Activities

Policy concerning the use of City resources, including City property and City funds for marijuana based activities.

Policy C-16 – Employee Benefits Self Insurance Fund Balance

The City manages its own health benefits self-insurance program. Policy C-16 provides for a rate stabilization reserve equaling 12 months of budgeted operating expense plus 10 percent of budget claims; a claims reserve based on an actuarial review; and a contingency account.

Policy C-17 – Risk Self Insurance Fund Balance

The City’s self-insured Workers’ Compensation and Liability programs are combined in this fund with a rate stabilization reserve equaling the minimum of the combined deductibles for each program and two times the property deductible for catastrophic losses; a claims reserve based on an actuarial review of the program; and a contingency account.

Policy C-18 – Post-Issuance Compliance Procedures Policy

The City issues debt for various sorts of capital projects. After issuing this debt, there are requirements to ensure that funds are being handled appropriately including distribution of duties among officials, records retention and annual review of bond financed property.

City of Salem Fiscal and Accounting Structure

The City's fiscal and accounting structure begins with a fund, which is used to record estimated resources (beginning working capital and current revenues) and requirements (all expenditure types plus unappropriated ending working capital) for specific activities or to meet certain objectives for a specific regulation.

Within a fund, the financial organization begins with a department (Police, Fire, and Community Development as examples) and can be further refined: Fund → Department → Division → Section → Cost Center. In the City's vernacular, this hierarchy is simply referred to as a "cost center."

The City's General Fund expenditure budget is adopted at the department level within the designation of operating expenditures (personal services, materials and services, and capital outlay) and non-operating expenditures (debt service, transfers, contingencies). Budgets for other City funds are adopted at the fund level with the same operating / non-operating expenditure designations.

City of Salem Fund Types

Financial activities of the City are accounted for in 24 funds, which are grouped into eight fund types. The City uses a modified accrual basis for budgeting for all funds. This differs from the accounting basis for proprietary funds (enterprise and internal service) which

is full accrual. All other governmental funds use the same modified accrual.

Capital Project Fund Type

What: Records activities to build or acquire capital facilities

Most capital improvement projects of the City, including streets, parks, airport, and utility facilities and infrastructure are recorded in this type of fund. Principal sources of financing are bond proceeds, water and sewer use charges, system development charges, federal grants, and transfers from other City funds.

Debt Service Fund Type

What: Records repayment of debt

This type of fund is established to account for voter-approved, general long-term debt principal and interest payments supported by property tax. In addition, the City manages its pension obligation debt in this type of fund with the cost of the principal and interest payments covered by the nine City funds that include staff.

Enterprise Fund Type

What: Records activities for operating / maintaining a self-supporting service

This fund type is generally self-supporting with expenses covered by user charges or fees. An example of an enterprise fund is the City's Utility Fund, which accounts for the operation of the utilities with the primary revenue source of user charges.

General Fund Type

What: Records general activities of the City

This fund supports the general activities of the City with principal revenue sources of property taxes, franchise fees, state shared revenues, and charges for services to the public and other funds in the City organization.

Internal Service Fund Type

What: Records activities of centralized support services

Centralized functions like management of the City's fleet or the self-insurance program are recorded in this fund type. Principal revenue sources are rates charged to other City departments.

Reserve Fund Type

What: Accumulates funds to pay for services, projects, property, or equipment

Reserve funds are used to account for funding that is set aside for a specific purpose that supports the City's operations. The newly established Equipment Replacement Reserve Fund focuses on vehicle and equipment replacement with revenues derived from charges to other City departments.

Special Revenue Fund Type

What: Records activities supported by revenues designated for a specific purpose

Revenues for this fund type are generally considered limited in terms of the services that can be supported. Examples of designated uses of "special revenues" include state highway gas taxes supporting street maintenance, airport lease fees funding operation of McNary Field, and building permit charges covering the cost of inspections.

Trust and Agency Fund Type

What: Records funds held in trust for various groups and specific purposes

The City maintains several dozen separate funds for managing resources of various groups and / or for special purposes. The Trust and Agency fund type is also used by the City for the temporary holding of funds when the City acts as a pass-through agency. Examples of trust funds managed by the City include "Library Gifts" for receiving donations for library purposes, "K-9 Trust" for supporting the Police Department's service dog unit, and "Future Public Works Projects" for receiving funds from development to be applied to localized public improvements. For purposes of budget adoption, the City groups all of the trust and agency funds into one reporting unit. However, for accounting purposes, the funds are tracked separately.

FY 2025 Result Area *Wayfinding*

PBB Result Area Program Summary Displays

Using Priority Based Budgeting (PBB), the FY 2025 Budget displays the budget across the six distinct result areas that were previously outlined; Natural Environment Stewardship; Safe and Healthy Community; Safe, Reliable and Efficient Infrastructure; Strong and Diverse Economy; Welcoming and Livable Community; and Good Governance.

Result Area Summaries

Each result area has a summary of services and programs section that includes detailed program information. Each City program lists the FY 2024 Adopted Budget, the FY 2025 Adopted Budget, and the full time employee (FTE) count for the FY 2024 Budget and FY 2025 Adopted Budget. For each program overall alignment is also displayed. A check mark icon (✓) under a Result Area icon means that the program referenced has some level of influence on that result area. The alignment column describes the overall influence (Most, More, Less, Least) as determined by the combined program score for all result areas and basic program attributes (BPAs). It is important to note that a "Less" or "Least" alignment does not mean that a program is not important or that the City should stop providing that service. A "Less" or "Least" alignment shows that a program does not have a strong influence in multiple result areas and basic program attributes, but it may still be essential to accomplishing the goals of one or more result areas.

Good Governance Result Area

Programs included in the Good Governance result area are generally internal facing programs. Some examples of programs in this category include Accounts Payable, Employee Development, and IT Service Desk Support. For governance programs, the information display is similar to that of the other result areas. Instead of result area icons, initializations are used and are defined as follows: CC = Clearly Communicates; LC = Leadership and Collaboration; RC = Regulatory Compliance; SS = Stewardship and Sustainability; and SP = Strengthens Partnerships.

Result Areas

The Result Areas listed below are used to define and describe City priorities and goals. The matrix below is used in Priority Based Budgeting to evaluate how influential City programs are to achieving these results. Each program receives a score from 0 (no influence) to 4 (essential to result) for each set of criteria. The City Council periodically reviews and adjusts the following Result Area descriptions and definitions.

 <p>Good Governance Manage the enterprise to be fiscally sustainable, provide quality service equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.</p>	 <p>Natural Environment Stewardship Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.</p>	 <p>Safe and Healthy Community Provide emergency services while proactively addressing the impact of crime, fire, natural disasters, and health emergencies to residents, visitors, businesses, and property.</p>	 <p>Safe, Reliable, and Efficient Infrastructure An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology, and utility infrastructure.</p>	 <p>Strong and Diverse Economy A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown.</p>	 <p>Welcoming and Livable Community Develop Salem to be a safe and well-maintained City with a mix of quality housing for all residents access to parks, recreation, historic and cultural resources, and the arts.</p>
Ensures stewardship and sustainability of the City's financial, human, information, and physical assets. (Stewardship and Sustainability)	Reduces the carbon footprint of the City and its operations in line with the City's climate goals and conserves energy and natural resources.	Fosters a climate of safety and inclusivity for all individuals where they live, work, and gather.	Uses City property and infrastructure for the public good.	Creates opportunities for development, entrepreneurship, job creation, and economic innovation.	Supports a long-term vision for future growth and development that strengthen, connect and complete all neighborhoods within the community.
Clearly communicates responsive, accurate, and accessible information and services. (Clearly Communicates)	Protects and enhances watersheds, natural areas, and natural resources.	Plans for and provides timely and effective response to emergencies and natural disasters.	Manages water, stormwater, and wastewater safely and responsibly.	Invests in programs, incentives, and technology that support business attraction, growth, and retention.	Promotes an inclusive and vibrant community offering diverse and affordable housing options across the City.
Strengthens and encourages community and regional partnerships. (Strengthens Partnerships)	Plans and designs the City's growth to achieve the City's climate goals and minimize harmful environmental impacts.	Actively engages with the community to proactively prevent crime, provide education on personal and community safety, and strengthen community preparedness.	Supports a balanced, accessible transportation system that reflects efficient land use and reduces traffic congestion.	Fosters community networks to act, connect, advocate, and cross-pollinate ideas across business sectors.	Creates and maintains parks, recreation areas, and other public spaces to offer activities that connect, benefit, and reflect our community.
Provides assurance of regulatory compliance to minimize and mitigate risk. (Regulatory Compliance)	Provides leadership and education to the community to protect and preserve the natural environment.	Encourages sustainable community redevelopment and rehabilitation practices.	Designs, constructs, and maintains an interconnected and multimodal transportation network that is safe, accessible, and sustainable for all travelers.	Supports housing options, educational opportunities, and amenities that attract and develop a skilled and diverse work force.	Supports the arts, historically and culturally significant buildings and sites, and community events.
Maintains transparent, ethical, inclusive, equitable and accountable leadership and inclusive collaboration. (Leadership and Collaboration)	Mitigates and abates natural and human caused threats to the environment.	Investigates and endeavors to solve crimes and address the needs of crime victims.	Plans, operates, and maintains infrastructure networks.	Fosters regional and public / private collaboration to contribute to economic stability.	Enhances access to multi-generational community enrichment and meaningful volunteer and neighborhood engagement opportunities.

Basic Program Attributes

In addition to result areas, programs are scored against a set of basic program attributes (BPAs) that take into account program characteristics that are not explicitly addressed within the result area framework. These attributes include demand, mandate, population served, cost recovery, and reliance.

Demand: Programs that demonstrate an increase in demand or utilization receive a higher score for this attribute compared to programs that show no growth in demand for the program. Programs that demonstrate a decrease in demand or utilization receive a negative score for this attribute.

Mandate: Programs that are mandated by a higher level of government (i.e. federal, state or county) receive a higher score for this attribute compared to programs that are mandated solely by the City or have no mandate whatsoever.

Population Served: Programs that are accessible to and serve a larger segment of the City's residents, businesses and / or visitors receive a higher score for this attribute compared to programs that are accessible to and serve only a small segment of these populations. Governance programs use the City organization as its population.

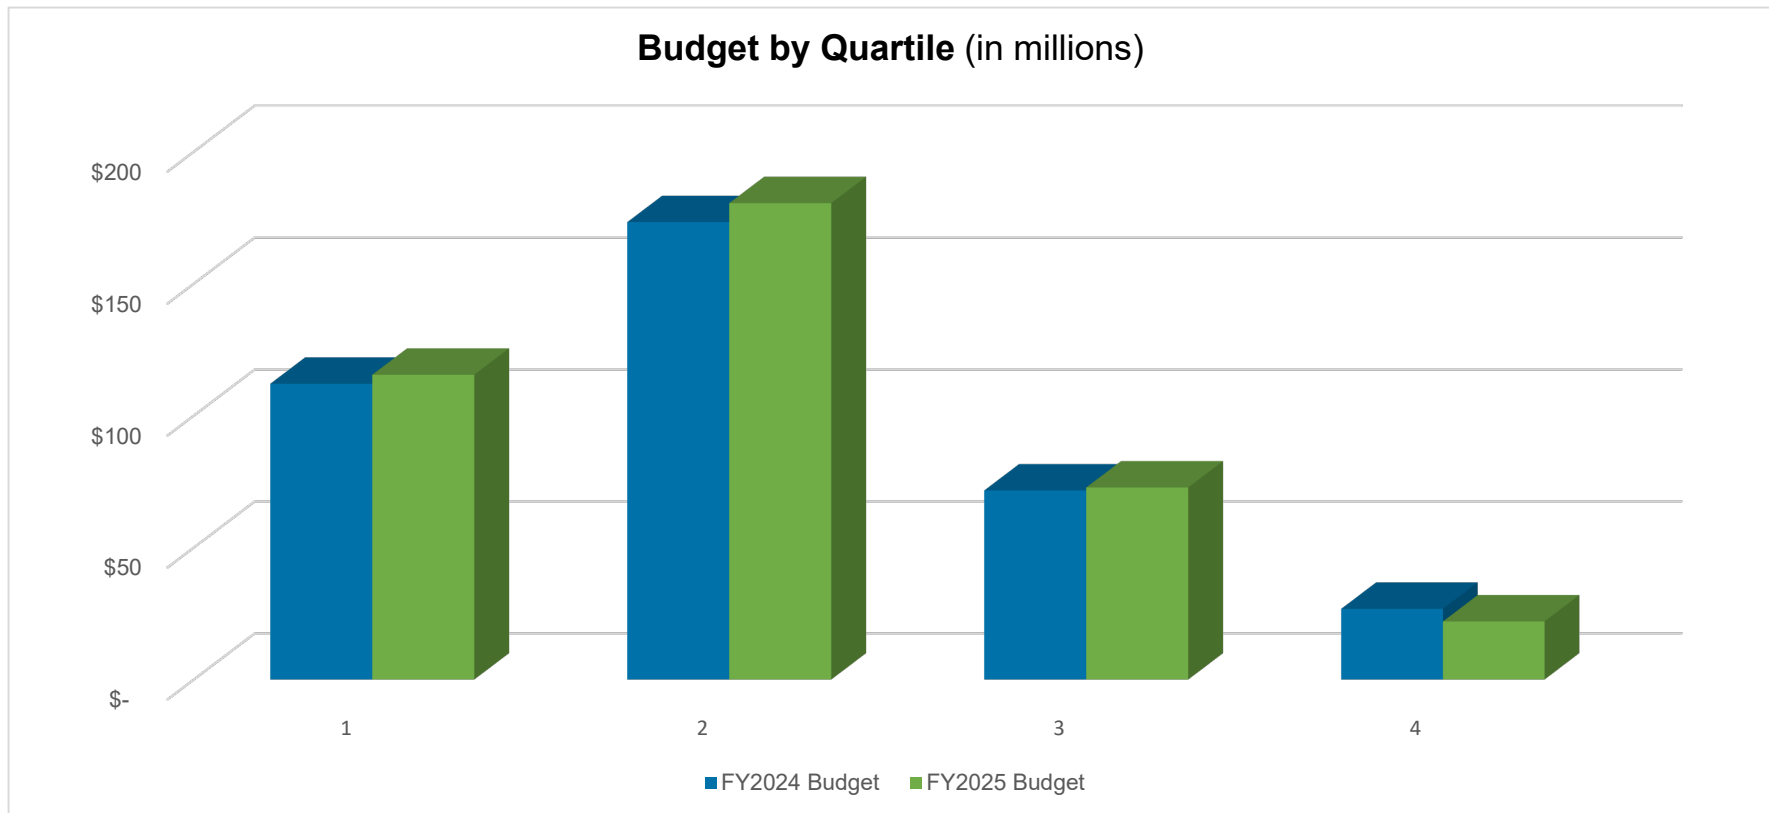

Cost Recovery: Programs that demonstrate the ability to "pay for themselves" through user fees, intergovernmental grants or other user-based charges for services receive a higher score for this attribute compared to programs that generate limited or no funding to cover their cost.

Reliance: Programs for which residents, businesses and visitors can look only to the City to obtain the service receive a higher score for this attribute compared to programs that may be similarly obtained from another intergovernmental agency or a private business.

Budget Summary by Quartile FY 2024 and FY 2025

Each year, teams from City departments recommend scores for each of their programs. The Priority Based Budgeting (PBB) peer review committee scores new and changed program scores. Following that process, program scores are totaled and calculated in quartiles where first quartile programs indicate the most influence on City result areas and fourth quartile programs indicate the least influence.

During budget development, the City attempts to prioritize funding for the most influential programs. A breakdown of the FY 2024 and FY 2025 budgets by quartile are displayed below followed by a list of programs by quartile for reference.

Community Programs by Quartile

Community programs receive one score for each of the five community result areas: Natural Environment Stewardship, Safe and Healthy Community, Safe Reliable and Efficient Infrastructure, Strong and Diverse Economy, and Welcoming and Livable Community. One score for each basic program attribute is also assigned.

Good Governance

Manage the enterprise to be fiscally sustainable, provide quality service equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

Summary of City Services

The mission of the City is to provide fiscally sustainable and quality services to enrich the lives of present and future residents, the quality of our environment and neighborhoods, and the vitality of the economy. The half-billion-dollar municipal corporation operates under the council–manager form of city government. As of July 2023, the municipal corporation has 1,375.10 full-time equivalent positions, equating to approximately 7.66 employees per 1,000 residents.

Civic Center, Downtown Salem (2021)

Good Governance

City Manager

General Fund - supports the City Manager's Office administration

Equipment Replacement

Equipment and Asset Replacement Reserve Fund - supports the purchase of new vehicles and equipment Citywide

Enterprise Services

City Services Fund, Facilities Services - maintains safe, common exterior areas for operations at the City shops complex

City Services Fund, Fleet Services - maintains and repairs City vehicles and equipment used for daily operations and operates a Citywide fueling station

General Fund, Enterprise Strategy - provides employee retention, recruitment, onboarding and engagement services to all City departments

General Fund, Human Resources - provides employee relations, labor relations, specialized training and payroll services to all City departments

General Fund, Facilities Services - performs building maintenance, repair, asset management, and custodial services at City owned and / or managed facilities

General Fund, Customer Service Center - manages the collection of payments for court, utility billing, and miscellaneous other items, issues parking permits, processes parks and recreation permits, and provides information to community members

General Fund, Information Technology - oversees the City's technical infrastructure, offers technical support to staff, implements new technologies, and maintains and procures hardware and software for City operations

Self Insurance Fund, Health Benefits - manages and coordinates employee medical, dental, vision, life, disability benefits programs and the City sponsored health clinic

Self Insurance Fund, Risk - provides risk and safety consultation services and oversees workers' compensation and liability claims for all City departments

City Services Fund, Connectivity / Telecomm - operates and maintains the City's telecommunication system; expansion of infrastructure

City Services Fund, Document Services - provides copy, mail, document production, messenger / courier, and archival services to all City departments

City Services Fund, Building Security - operates and maintains building security systems for City sites

Finance

General Fund - budget, financial reporting, accounting and purchasing services

Legal

General Fund - provides legal advice and counsel to all City departments, prosecutes a variety of misdemeanor crimes, defends the City against claims in court, manages access to public records, and administers the local elections process

Mayor and Council

General Fund - supports meetings, special events, and training for the Mayor and City Councilors, the financial audit process, and hearings officer services

Non Departmental

General Fund - expenses that provide a Citywide benefit or that are not easily allocated to a specific department

Community-focused • Inclusive • Proactive • Accountable • Respectful

Good Governance

The enterprise is managed to be fiscally sustainable, provide quality services equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

Ensures stewardship and sustainability of the City's financial, human, information, and physical assets

Clearly communicates responsive, accurate, and accessible information and services

Strengthens and encourages community and regional partnerships

Provides assurance of regulatory compliance to minimize and mitigate risk

Maintains transparent, ethical, equitable, and accountable leadership and inclusive collaboration

Good Governance

The enterprise is managed to be fiscally sustainable, provide quality services equitably across our community, proactively engage all residents, be forward thinking, and build capacity and partnerships to prepare for the future.

Ensures stewardship and sustainability of the City's financial, human, information, and physical assets

Clearly communicates responsive, accurate, and accessible information and services

Strengthens and encourages community and regional partnerships

Provides assurance of regulatory compliance to minimize and mitigate risk

Maintains transparent, ethical, equitable, and accountable leadership and inclusive collaboration

Result Area Statistics

Service Provider Department	Statistic Description	The Number	
Enterprise Services - HR	Diversity of workforce relative to diversity of City population	43%	FY 2023
Enterprise Services - HR	Percentage minority employees of total employees	18.2%	FY 2023
Legal	Public Record Requests received Citywide	13,835	CY 2023
Legal	Misdemeanor charges filed	1,320	CY 2023
Legal	Misdemeanor cases adjudicated	1,259	CY 2023

During the City's first year of implementing Priority Based Budgeting, programs in the result area of Good Governance were scored against the result area definitions noted at the top of this page along with program attributes of demand, mandate, reliance, cost recovery, and population served. The program pages of the Good Governance section of the budget document include a checkmark indicating in which of the Good Governance definitions a program was scored. The definition symbols in this section are: SS = Stewardship and Sustainability; CC = Clearly Communicates; SP = Strengthens Partnerships; RC = Regulatory Compliance; and LC = Leadership and Collaboration. Throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

Good Governance FY 2025 Fund Overview

The City's financial activity is accounted for in various funds and then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Fund, Department, and account group.

	Personal Services	Materials and Services	Capital	Interfund Transfers	Debt Service	Contingencies	Total

2. Debt Service Summary of Services and Programs

Summary of Services

In 2005, the City of Salem bonded a portion of its PERS liability which has resulted in annual cost savings related to the City's full PERS obligation. To date, the City has saved approximately \$21.2 million from issuing this debt.

The funding source for the debt repayment is calculated as part of the City's personal services costs and is paid by funds / departments with employees. The debt service for the PERS pension obligation bond in FY 2025 is \$6,433,600.

For more information about the City's debt service obligations, see the Debt Service section of the budget document.

Debt Service Fund Program

	FY 2024 Program Budget	FY 2025 Program Budget
Pension Obligation Bond	6,188,050	6,433,600
Total Debt Service Fund	\$ 6,188,050	\$ 6,433,600

3. Enterprise Services Department Summary of Services and Programs

Summary of Services

The Enterprise Services Department was formed in FY 2022-23 in support of some internal services, business continuity and Citywide strategic initiatives including: Information Technology (IT), Human Resources (HR), Payroll, Self Insurance Benefits, Employee Development and Training, Enterprise Strategy, Customer Service Center (CSC), Document Services, Fleet, Facilities and Risk services.

Department Mission: Connect and unify City services through technology solutions, employee development, strong partnerships, and exceptional customer experience with a focus on providing a safe, secure and inclusive environment for the City of Salem employees.

Department Vision: People and Technology Shaping the Future Together

The Facilities Division of the Enterprise Services Department works to maintain City properties for both staff and residents who use City facilities. This past August, the group replaced the flooring at Center 50+. By using Facilities staff during swing shift, the City was able to save about half of the cost versus contracting out for this service. (Photo above).

Customer Service Center

The Customer Service Center serves as a centralized point for community members to access a comprehensive range of services. The primary objective is to enhance the customer service experience through a streamlined approach. Guided by a mission centered on professionalism, collaboration, inclusiveness, positive culture, and innovation, staff strive to ensure excellent customer interactions. The vision for the future involves delivering positive customer experiences by maintaining consistency, operational efficiency, and resourceful service delivery.

Fleet Services

The Fleet Services division provides preventive maintenance, inspections, remedial repairs, road calls, and vehicle and equipment modifications / rebuilds. Fleet Services also provides fueling services, bidding, purchasing, and upfitting new replacement fleet inventory.

Fleet Services follows the program methodologies of asset management, strategic management, and user services. Asset management includes addressing the full life cycle of the City's fleet through cost efficiencies, preventative maintenance, inspections and remedial repairs to the City's fleet. User services includes making road calls, vehicle and equipment modifications / rebuilds and a complete fueling station. Strategic management is the long-term planning, administration, and business operations which includes procuring goods and services, contractors of record, developing policies and procedures, and creating and monitoring the annual budget.

3. Enterprise Services Department Summary of Services and Programs

Human Resources, Payroll, and Self Insurance

Human Resources provides professional administrative support to all City staff through employee relations, policy development, analyses, records management, and payroll services. Staff also coordinate and manage negotiation activities with each of the five collective bargaining groups. The Self Insurance Benefits program area manages and coordinates all employee benefit and wellness activities, including the Health Hub, PERS eligibility, and deferred compensation, and ensures compliance with state and federal laws.

Risk Services

The Risk Division oversees two general program areas: workers' compensation and liability (auto, property, general liability). Under the liability program, staff manage and coordinate claims made against the City. Liability services also include analysis of risk and exposure, recovering costs and expenses directly and through restitution, negotiating insurance contracts, and consultation with the City departments on various risk issues including insurance requirements for contractors, vendors, and business partners. The workers' compensation program includes claim oversight, early return to work programs, and safety compliance and training.

Employee Development and Enterprise Strategy

Enterprise Strategy and Employee Development focuses on fostering the strategies that emphasize relationships, partnerships, and efficiencies. The division is comprised of five program areas: business analysis and IT portfolio management office (PMO); budget, procurement, and analysis; employee talent acquisition; employee retention which includes Diversity, Equity and Inclusion (DEI) and wellness initiatives; and enterprise training.

The business analyst team and the PMO provide support for IT projects and workflow improvements for Citywide initiatives. This structure provides additional oversight and resource planning to a long list of projects initiated throughout the City to provide increased efficiencies and operating cost reductions for the delivery of services to the community. Centralized budget, procurement, and analysis across the department creates standards, increases transparency, and supports data-driven decisions. The Employee Talent Acquisition, Retention, and Training sections provide a focus on the employee experience, specifically on onboarding, hiring, skill development, career enhancement, and focused attention on diversity, equity, and inclusion. These efforts allow the division to focus on strategies that improve recruitment success, develop employees in their current role as well as assist in meeting career path objectives, and provide for succession.

<u>Talent and Acquisition Stats (Calendar Year):</u>	<u>2023</u>	<u>2022</u>
Total number of recruitments	249	320
Total number of career, seasonal, and part-time hires	419	250

3. Enterprise Services Department Summary of Services and Programs

Facilities Services

The primary function of Facilities Services is to maintain and preserve the City's assets while providing a clean and safe work environment for the City employees and departments.

Facilities Services is comprised of three primary program areas: asset management, user services, and strategic management. The asset management team focuses on addressing the full life cycle of City assets through cost efficiency and preventive maintenance. This includes design, construction, installation, and management of new and existing building operating systems, (heating, ventilation, and air-conditioning (HVAC); lighting; electrical; and plumbing systems), structures, repairs, and modifications. Staff also perform preventive maintenance and minor system repairs such as repair to concrete, roofs, overhead doors, damage/vandalism, elevators, and floor covering, among other trade disciplines.

User services performs work to keep the buildings safe, secure, and hygienic with aesthetic appeal. This includes custodial services, which provides 6-day-per-week service to clean and sanitize areas occupied by City staff and public areas utilized by the community. Requests by facility users, such as moving, reconfiguration and beautification is included in user services.

Strategic management is the long-term planning, administration, and operations of managing contracts, developing policies and procedures, and managing the annual budget.

Facilities Services provides custodial work for all of the City facilities including: the Police Station, Civic Center, Shops Complex and the new Operations Building. In order to create efficiencies, in FY 2024, Facilities stopped collecting trash from individual desks and offices, placing a centralized trash receptacle for staff use. (Photo above).

Work Force Changes

The Human Resources division added two positions mid-FY 2024, including one HR Business Partner Senior in the General Fund and a Management Analyst I in the Self Insurance Benefits Fund.

Due to impacts of Supplemental Budget 2, the Human Resources division eliminated four positions including two HR Business Partner Seniors, one Program Manager III, and a Human Resources Specialist.

In the Facilities division, one Security Officer position was eliminated mid-year as a result of Supplemental Budget 2.

3. Enterprise Services Department Summary of Services and Programs

Summary of Services

Information Technology

The Information Technology (IT) Division is dedicated to keeping existing technology infrastructure operational and functional, maintaining a secure and malware free network environment, applying best practices and standards for application development and support, and providing devices and systems to allow City staff to conduct daily business and deliver high quality services to the Salem community. The IT Division focuses on delivering innovative, creative, and effective solutions to meet the needs and requirements of City departments, partnering with customers to meet their operational goals and strategic objectives, and being good stewards of City funds through active contract management, vendor negotiations, and proactive management and oversight of equipment, infrastructure, software, and application lifecycles.

The FY 2025 budget supports the IT Division's current portfolio of applications, infrastructure, and services. The strategic emphasis of this fiscal year's budget is automating business processes, implementing operational efficiencies, increasing and streamlining digital service delivery to the community, continuing application modernization and consolidation, improving security infrastructure and standards, and providing a consistent, professional service delivery to internal and external customers.

As an industry, annual costs for software licensing, hardware, and technology services continue to increase at higher levels than previous years. To mitigate the impact, the IT Division continues to modernize and enhance the City's portfolio of software solutions and expand functionality to meet internal and community needs. This is done through strategic infrastructure management, life cycle extensions, system and solution consolidations, and process improvements and efficiencies. This strategy has allowed the IT Division to increase technology efficiencies through the modernization of legacy systems, adopting an enterprise first approach, reducing redundant solutions, managing licensing structures, negotiating contracts, and updating and streamlining procedures.

Work Force Changes

As part of the Supplemental Budget 2, in February 2024, three positions were eliminated from the Information Technology Division including two Administrative Analyst Is and a Supervisor II.

In addition, as a result of Enterprise Services Department's workload evaluation, one Management Analyst II (reclassified from Program Coordinator) was moved from the Fleet Services Division in the City Services Fund to the Information Technology Division of the General Fund for FY 2025.

3. Enterprise Services Department Summary of Services and Programs

Document Services

Document Services provides copy, mail, print production, graphic design, messenger / courier, and image / archive services to all City departments. This City service helps to reduce overall costs, control timelines, and provide high-quality services with little lead time

The Citywide fleet of multi-function devices are contracted and managed centrally in Document Services. Several imaging and record archiving projects have been completed to support departments as they move from paper to digital records and processes. Document Services continues to support this work as more departments are transitioning to a paperless record storage environment.

Budget Fun Fact!

If you are holding a physical copy of the 2025 Budget Book in your hands, you have just one example of the work that the Document Services staff produce! While City financial reports are posted online, physical budget and reporting books are still in demand by both City staff and community members. Document Services provide timely and exacting printing and binding services that are relied on by many. (Photo at right - binding machine, photo below - multi functioning printer).

4. Equipment Replacement Reserve Summary of Services and Programs

Summary of Services

Considered a financial best practice, a reserve is the set aside of funding designated for a specific purpose to support City operations. To fund the Equipment Replacement Reserve, City departments are assessed charges to cover the cost of vehicle replacement. For more information about vehicles and equipment scheduled for replacement in fiscal year 2025, see the equipment replacement list in the Equipment Replacement Reserve Fund pages of the Financial Summaries section.

Long-term forecasting for vehicle replacement is employed in this fund to help plan for future expenses and balance those costs in department operational budgets against the goal of maintaining adequate reserves for the future.

Replacement Reserve Program

	FY 2024 Program Budget	FY 2025 Program Budget
Equipment Replacement Reserve	5,408,000	3,033,000
Reserve - Fleet	6,843,940	7,055,280
Total Equipment Replacement Reserve Fund	\$ 12,251,940	\$ 10,088,280

5. Finance Department Summary of Services and Programs

Summary of Services

The Budget, Finance, and Purchasing divisions collectively make up the Finance Department. In FY 2021, the Municipal Court was added to the Department as a separate functional division. The Department maintains the City's financial operations, efficiently manages public funds, budgets for the City and URA, and provides transparent financial reporting information. To accomplish these goals, staff ensures there is an annual spending plan, produces financial forecasts, manages citywide purchasing activities, and creates long-term strategies for the financial health of the organization. Daily financial operations of the City include banking and payment reconciliations, financial analysis, managing investment portfolios, and assistance with purchasing requirements. Services also include creation of financial statements and monthly reports, issuance of payment to the City's vendors and suppliers, financial audits, annual contracting, and issuing bond debt.

Work Force Changes

As a result of Supplemental Budget 2, the Finance Department had one Management Analyst II that would have functioned as a Citywide grants administrator eliminated mid-year in FY 2024.

6. Legal Department Summary of Services and Programs

Summary of Services

The Legal Department supports the City Council and City departments in achieving policy goals, while ensuring compliance with the law, through providing excellent and timely legal advice and representation. Attorneys collaborate with departments to draft ordinances, administrative rules, real estate documents, policies and agreements. The City's attorneys also prosecute crimes in the Salem Municipal Court, represent and defend the City in civil rights actions, and property and personal injury claims. The City Recorder supports City Council, the Urban Renewal Agency and Salem Housing Authority meetings, manages the public record request process, acts as the custodian for all City records and serves as the City elections officer.

What's New in This Budget

The Legal Department will be replacing the file maintenance system that supports Litigation and General Counsel. The implementation process will begin in early FY 2025 with a "go-live" date of mid-year FY 2025.

Work Force Changes

As a result of Supplemental Budget 2, one Assistant City Attorney II was eliminated mid-year in FY 2024.

7. Mayor and Council Summary of Services and Programs

Summary of Services

The Mayor and Council budget supports community activities, partnerships, meetings, and training for the City Council. It also funds a Citywide financial audit and hearings officer services. Comprised of the Mayor and eight City Councilors elected by residents, the City Council develops and decides on policies that affect the City government and Salem. All members of Council are unpaid volunteers who give their time to serve the community.

The FY 2025 Mayor and Council budget includes new funding of \$16,970 for City of Salem membership in the US Conference of Mayors and travel to the annual meeting. The goal of this funding is to enhance the City's existing federal lobbying effort.

8. Non Departmental Summary of Services and Programs

Summary of Services

Non Departmental expenses are not easily attributable to specific departments within the City. Several expenses in the Non Departmental budget are distributed among other result areas. As an example, the City's support for the Salem Housing Authority's Special Programs Outreach Team (SPOT) and the continuum of care homeless initiative are included in the result area, Welcoming and Livable Community.

The balance of expenses in Non Departmental which are not distributed to other result areas are noted below, and contribute to the outcome of Good Governance. Some expenses include: \$410,000 for unsheltered program programs like Safe Park and the Warming Network, \$10,000 for Independence Day fireworks, \$405,000 for security services in downtown parkades, and \$45,000 for community surveying. Also included in Non Departmental is the annual allocation to support cable television public access channels, a total of \$700,000.

The Non Departmental budget includes the General Fund's debt service payment of \$668,140 for the internal loan from the Utility Fund for Civic Center Campus capital needs including replacement of two transformers, security upgrades, renovation of the Civic Center first floor, elevator modernization at both the Salem Public Library and Civic Center, and lower parking lot lighting upgrades at Civic Center. Also included in this figure is the addition of the new internal loan for the Parks Operations portion of the new Public Works building.

Good Governance *At Your Service*

Human Resources - Three Contracts Done, Two to Go

The Human Resources Division in the past year negotiated contracts with three of the City's five labor unions. These three unions included the Salem City Attorney's Bargaining Unit, the International Association of Fire Fighters and the 911 Professional Communications Employees' Association. As of this writing, the Human Resources Division is negotiating the Salem Police Employees Union and the American Federation of State, County and Municipal Employees (general unit).

Document Services - Centralized Services

In the spring of 2024, Document Services is moving locations from City Hall to City Shops Complex on 22nd St. The move will place three Enterprise Services work groups (Fleet, Facilities and Document Services) together and will consolidate from two work place sites to one.

Facilities Services - Caring for the Environment

Facilities Services has developed a five-year plan to phase out all remaining Heating, Ventilation, and Air Conditioning (HVAC) units in City buildings that use R22 refrigerant. R22 refrigerant, also known as R22 freon and HCFC-22 freon, is a chemical used in both air conditioners and heat pumps. On January 1, 2020, the United States Environmental Protection Agency (EPA) banned the production and import of R22 because of its particularly harmful impact on the ozone layer when released into the air. In the last five years, the cost of R22 has risen by 843% and is only available for service with limited distribution. By 2030, R22 will be completely banned in the U.S. The 5-year plan affects City offices, shops buildings, fire stations, and Center 50+.

Technology Updates and Services

In 2023, the Information Technology (IT) division of the Enterprise Services Department embarked on a series of transformative initiatives aimed at modernizing and enhancing various systems and services across different departments. The Division continues to focus on initiatives that strengthen the City's ability to make data-driven decisions by creating system to system integrations, improving data quality, enhancing the City's security posture, and providing business intelligence and reporting solutions. Here's an overview of the Division's major accomplishments and highlights for the year:

1. System Replacements and Upgrades:

- The initial phase of the CityWorks Asset Management implementation for Public Works was completed. This work focused on streamlining asset tracking, work order tasking, and management processes. The next phase will start in 2024, finishing in 2025.
- The implementation of a modern Computer Aided Dispatch (CAD) solution for the regional 911 Center was completed. This work replaced and enhanced emergency response capabilities.
- The City's intranet platform was upgraded to a Microsoft O365 hosted solution that fosters collaboration and communication within the organization.
- Planned upgrades to the City's financial system were completed to ensure continued support, as well as provide enhanced stability, security, and long-term cost savings.

2. Enterprise Solutions and Enhancements:

- IT assisted Finance in selecting an enterprise payment processor to facilitate smoother and more efficient payment processing. This system will replace payment processing functions in systems going forward.
- The Police Department's Body Worn Camera solution was implemented to add enhanced transparency, safety, and accountability in law enforcement.
- An enterprise electronic forms solution was completed to digitize numerous paper forms and manual workflows for increased efficiency and productivity.
- Several enhancements to the public-facing permitting solution are now operational to improve accessibility and user experiences for commercial, residential, and lane closure applications.

3. Infrastructure and Security Enhancements:

- Interfaces for Police License Plate Reader solutions were completed that provide enhanced law enforcement system capabilities.
- Electronic services and payment solutions were migrated to a new, more secure web server, ensuring data integrity and protection.
- IT service delivery and asset tracking was improved with an upgrade to IT's Service and Asset Management Application.
- IT provided technical solutions and support for key infrastructure projects including the Library Building Upgrade, new Operations Building, and Customer Service Center implementation.
- Enhancements and modernization efforts were completed on the City's security infrastructure to reinforcing servers, firewalls, and authentication solutions to mitigate cybersecurity threats.

Good Governance *At Your Service*

Nothing boring about these Boards and Commissions!

During fiscal years 2023 and 2024, the Finance Department began providing staff support to the newly formed Solid Waste Committee. The Finance Department includes franchise administration as an aspect of its functions, which solid waste falls under. The Committee meets monthly and works on issues surrounding solid waste including rate setting, policy creation, and learning about Salem's solid waste system. The Finance Department created a new webpage to communicate about franchising and solid waste within Salem. (Screenshot at right).

Additionally, this past year the Finance Department provided administrative support for the Bond Oversight Committee as well as both administrative and analytical support for the Revenue Task Force. (Photo at right).

Budget Team Outreach

The Budget Office is comprised of five full-time staff who work with departments and the City Manager on the creation of the annual City and URA budgets, perform ongoing monitoring for spending Citywide, and provide special project management / research. This team also works to ensure the City maintains compliance with Oregon budget law. In the past several years, the Budget Office has gone to several community events such as the Civic Center 50th Anniversary event, Spanish Resource Night at Center 50+, and the Salem Cloth Project to share news and information about the budget and how community members can get involved. The team looks forward to more events in the next year. (Photo at left).

Good Governance *At Your Service*

Human Resource Operations Accomplishments

The Operations section in the past year made several changes to ensure the City remains a competitive and desirable workplace as well as to improve employee culture. Some of these accomplishments include:

Attended recruitment and outreach events such as National Night Out, Viva Salem, CARE Corps Resume and Job Application Workshop, Boys and Girls Club Athletics Teen Jobs Program,

Enhanced health care with expanded mental health, Employee Assistance Program (EAP), and provider networks,

Managed the Project SEARCH Intern Program that successfully placed several individuals with disabilities in positions to learn job skills,

Revamped the recruitment process to reduce the number of days to hire,

Offered more frequent performance evaluations with personalized feedback to probationary employees to encourage successful completion,

Expanded developmental opportunities to be more inclusive and provided more career development for staff to promote internal professional growth, and

Developed a Citywide training program to invest in the City's next leaders.

Did you know?

The City of Salem's average 'time to hire' is 61 days. Why is that important? If an applicant doesn't receive a timely job offer, they're likely to accept a position with a different organization. Shortening the 'time to hire' (from when an application is submitted to when a job offer is made) helps attract and retain top quality talent. The average time to hire by our peers using City recruitment software is 72 days.

NAFA Best Fleet Recognition

Fleet Services Division was recognized by the National Association of Fleet Administrators, Inc. (NAFA) Fleet Management Association as one of the NAFA 100 Best Fleets. The division has ranked in the top 20 for the 3rd year in a row.

Excavating to reach the broken line at City Hall, Peace Plaza side. (Photo at right).

Removing broken pipe encased in concrete at Chemeketa Parkade. (Photo at left).

Partnering for the Future and Sustainability

Together, Fleet and Facilities added electric vehicle (EV) infrastructure to the Central Library parking structure and the east yard of the City shops complex. Both were completed in partnership with Portland General Electric (PGE). (Photo at left)

Several City work locations were relocated once the construction of the Public Works Administration building was completed. Facilities staff have collected modular furniture from several vacated offices, storing it to be reused for future needs. Water bottle filler stations from Shops building 2 were also reused; they were removed and reinstalled in other Shops locations to continue sustainability efforts.

Can Facilities fix it? Yes, they can!

Fixing a leaky pipe is one thing, but Facilities experienced two major pipe failures in this past fiscal year. In summer 2023, a 6-inch water line at Chemeketa Parkade ruptured, and a few months later a below-grade leak was discovered in the 8-inch main fire sprinkler feed at City Hall. Both were emergent and extensive repairs. The repair of the City Hall water line required a contingency transfer of \$30,000 in the General Fund and is an example of the importance of having adequate fund balance and contingency to plan for the unexpected.

Good Governance *At Your Service*

Another year, another financial reporting award

In the fall of 2023, the City's Finance Department was notified by the Government Financial Officers Association that they were the recipient of the Certificate of Achievement for Excellence in Financial Reporting for the 25th time for their work on the fiscal year 2022 audit. This award is the highest honor for government accounting and demonstrates the thoroughness, accuracy and diligence in Finance accounting staff to maintain the City's finances. The City has applied for this award again for their work on the fiscal year 2023 audit and expects to receive a response on this application in the fall of 2024.

Government Finance Officers Association

Certificate of
Achievement
for Excellence

**City of Salem
Oregon**

Budget Fun Fact!

Did you know that Fleet Services sells used fleet and equipment through surplus? In 2023, \$208,106 in revenue was gained through the sale of aged equipment. These funds are used to replace the sold equipment with new and more efficient equipment.

Legal Accomplishments

The City's prosecutors successfully developed a Driving Under the Influence of Intoxicants (DUII) warrant program in response to State court decisions limiting the City's ability to enforce and prosecute DUII offenses. City prosecutors are on-call evenings and weekends to work with Salem police officers to draft and review warrants that are needed to fully investigate and document DUII (Driving Under the Influence of Intoxicants) crimes.

CITY OF *Salem*
AT YOUR SERVICE

Natural Environment Stewardship

Supporting City Departments

Public Works

Community Planning and Development

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

Summary of City Services

Cities impact the environment and natural resources directly through operations, services, and infrastructure (such as transportation, pathways, urban nature, and walkable neighborhoods), through development, and resident and business use of water, energy and waste systems. Many Salem activities protecting our environment, drinking water, flooding, stormwater, and wastewater treatment are the subject of state or federal laws to which the City must comply and may incorporate into local regulations. Salem also prepares and works to reduce flooding; supports an education program to keep streams clean; invests in parks, open spaces, and the urban tree canopy; balances land use needs today and into the future; plans for infrastructure needs as the community grows and changes; encourages Brownfield clean up and development; invests in energy efficient operations; and plans for resiliency of services to our community.

Bush's Pasture Park

Water testing (2018)

Pringle Creek restoration (2019)

Natural Environment Stewardship

General Fund

General Fund - Climate Action Plan and activities, promotes and implements environmental best practices

Public Works

Utility Fund - operates and maintains the wastewater treatment processes at Willow Lake Water Pollution Control Facility, samples and tests water quality, manages stormwater to reduce pollutants entering local waters, monitors the flood warning system, and provides environmental education

Trust Fund - donations to offset the cost of environmental programs such as watershed, wetlands, and fish ladder projects; outreach; and education

Community-focused • Inclusive • Proactive • Accountable • Respectful

Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

Reduces the carbon footprint of City operations in line with the City's climate goals and conserves energy and natural resources

Protects and enhances watersheds, natural areas, and natural resources

Plans and designs the City's growth to achieve the City's climate goals and minimize harmful environmental impacts

Provides leadership and education to the community to protect and preserve the natural environment

Mitigates and abates natural and human caused threats to the environment

Result Area Statistics

Service Provider Department	Statistic Description	The Number	
Public Works	Curb miles swept	19,568	FY 2023
Public Works	Miles of creeks cleaned and inspected	68	FY 2023
Public Works	Number of corrective maintenance work orders completed at Willow Lake	598	FY 2023
Public Works	Number of preventative maintenance work orders completed at Willow Lake	6,325	FY 2023
Public Works	Number of lab analyses conducted annually	41,134	FY 2023
Public Works	Number of participants at the annual Erosion Control and Stormwater Management Summit offered by the Mid-Willamette Valley Outreach Group	179	FY 2023
Public Works	Number of sanitary sewer overflows caused by storm-related inflow and infiltration	0	FY 2023

Natural Environment Stewardship

Protect natural resources including all waterways, tree canopy, and our natural ecosystem, and reduce the impact from the built environment and City operations on both the environment and all residents.

Reduces the carbon footprint of City operations in line with the City's climate goals and conserves energy and natural resources

Protects and enhances watersheds, natural areas, and natural resources

Plans and designs the City's growth to achieve the City's climate goals and minimize harmful environmental impacts

Provides leadership and education to the community to protect and preserve the natural environment

Mitigates and abates natural and human caused threats to the environment

Result Area Statistics

Service Provider Department	Statistic Description	The Number
Public Works	Pounds of trash removed from streams	20,040 FY 2023
Public Works	Gallons of wastewater treated annually at Willow Lake	14.22B FY 2023

During the City's first year of implementing Priority Based Budgeting, programs in Natural Environment Stewardship were scored against the result area descriptions and definitions for all five community-facing result areas along with program attributes of demand, mandate, reliance, cost recovery, and population served. The Natural Environment Stewardship section has been identified as the "home" result area for the programs on the succeeding pages. Adjacent to program budgets and FTE counts is a matrix of checkmarks indicating scoring in the other four community-facing result areas. This same matrix will be featured throughout the result area sections. Also, throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

Natural Environment Stewardship FY 2025 Fund Overview

The City's financial activity is accounted for in various funds and then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Fund, Department, and account group.

	Personal Services	Materials and Services	Capital	Interfund Transfers	Total
Utility Fund					
Public Works	\$ 14,914,230	\$ 9,619,190	\$ 494,500	\$ -	\$ 25,027,920
Utility Fund Total	\$ 14,914,230	\$ 9,619,190	\$ 494,500	\$ -	\$ 25,027,920
Transportation Services Fund					
Public Works	\$ 1,027,510	\$ 806,220	\$ -	\$ -	\$ 1,833,730
Transportation Services Fund Total	\$ 1,027,510	\$ 806,220	\$ -	\$ -	\$ 1,833,730
Result Area Total	\$ 15,941,740	\$ 10,425,410	\$ 494,500	\$ -	\$ 26,861,650

Natural Environment Stewardship FY 2025 Department Overview

The City's financial activity is accounted for in various funds and are then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Department and account group.

	Personal Services	Materials and Services	Capital	Interfund Transfers	Total
1 Public Works	\$ 15,941,740	\$ 10,425,410	\$ 494,500	\$ -	\$ 26,861,650
Result Area Total	\$ 15,941,740	\$ 10,425,410	\$ 494,500	\$ -	\$ 26,861,650

Natural Environment Stewardship FY 2025 Budget Overview

The City is required to display all phases of the budget - the initial proposal from the City Manager, the recommendation of the Budget Committee, and the result adopted by the City Council. The columns in the numeric table (below) will be populated with numbers when each phase of the budget process is completed. Capital projects appear in the Capital Improvements section of the budget document.

Expenditures	Mgr Rec FY 2025	BC Rec FY 2025	Adopted FY 2025	% of Total
Result Area - All Funds				
Personal Services	\$ 15,941,740	\$ 15,941,740	\$ 15,941,740	60.6%
Materials and Services	10,069,130	10,069,130	10,425,410	38.3%
Capital Outlay	299,200	299,200	494,500	1.1%
Total Expenditures - All Funds	\$ 26,310,070	\$ 26,310,070	\$ 26,861,650	
<i>Total Number of Positions</i>	<i>105.82</i>	<i>105.82</i>	<i>105.82</i>	

Natural Environment Stewardship Result Area Expenditures by Program Grouping

1. General Fund Summary of Services and Programs

Summary of Services

Climate Action Plan. General Fund support for the Climate Action Plan will end in the FY 2025 fiscal year. Support will continue as part of the Utility Fund budget reflected in this result area.

General Fund support for City Tree Maintenance has moved to the Welcoming and Livable result area section. (Photo at right).

General Fund Programs and FTE

	FY 2024		FY 2025		Alignment					
	Program Budget	Staff	Program Budget	Staff						
City Tree Maintenance	32,490	0.32	-	0.00						
Climate Action Plan	190,000	0.00	-	0.00	Less	✓	✓	✓	✓	✓
Total General Fund	\$ 222,490	0.32	\$ -	0.00						

2. Public Works Department Summary of Services and Programs

Summary of Services

The Public Works Department is dedicated to environmental stewardship and preservation through responsible wastewater treatment, careful natural resource management, and community-wide educational outreach. To protect Salem's natural environment, Public Works staff ensures environmental compliance with state and federal permits, completes water quality monitoring, detects and eliminates illicit discharges, implements industrial pretreatment programs, and provides 24-hour incident response to support the City's Public Works, Fire, and Police departments on environmental issues.

Environmental Compliance

Wastewater Treatment Operations. The Willow Lake Water Pollution Control Facility serves an area that comprises more than 60 square miles, including the cities of Salem, Turner, Keizer, and the urbanized areas of east Salem. The Wastewater Biosolids section ensures that all residual biosolids generated by wastewater treatment processes are beneficially reused in a manner consistent with regulatory guidelines as fertilizer and soil amendments on non-food chain crops. The Willow Lake Laboratory provides laboratory analyses for operation of the wastewater plant and collection system, drinking water plant and distribution system, stormwater system, and for environmental compliance. The data generated is utilized to monitor compliance with regulatory requirements, analyze drinking water quality, identify unknown substances, complete process control, and determine wastewater rates. (Photo below).

Erosion Prevention and Sediment Control. The City's Engineering Division implements the Department of Environmental Quality (DEQ)'s 1200-C construction stormwater general permit, and oversees the application, inspection, and enforcement of erosion control requirements. This program exists to ensure that groundbreaking development does not negatively impact natural resources in the city.

Stormwater Management. The Oregon Department of Environmental Quality issues Municipal Separate Storm Sewer System (MS4) permits and the 1200-Z Industrial Stormwater permits to cities to ensure municipalities are following the federal Clean Water Act to reduce the number of pollutants entering waters of the state. The Stormwater Management section ensures that Salem remains in compliance with MS4 permit requirements throughout the City and 1200-Z Industrial Stormwater Permit requirements at the Salem Municipal Airport. Staff maintain a network of wetlands, natural areas, and green stormwater infrastructure, and conduct water quality sampling and environmental assessments. In addition, environmental monitoring personnel operate and maintain a network of rain and stream gauges as part of the early flood warning system.

2. Public Works Department Summary of Services and Programs

Environmental Compliance, continued

Bird Conservation. The City's Natural Resources Planning section is tasked with ensuring compliance with the federal Migratory Bird Treaty Act (MBTA) and protection of avian species included under the Endangered Species Act and the Bald and Golden Eagle Protection Act. Compliance is largely accomplished through implementation of the City's 2017 Bird Conservation Strategy, permits from the US Fish and Wildlife Service, and cooperative agreements with the US Department of Agriculture Animal and Plant Health Inspection Service. (Photo below).

Wetland and Waterway Conservation. City projects and maintenance of City assets sometimes occur within wetlands, waterways and waterbodies that are under the jurisdiction of various state or federal agencies such as the Oregon Department of State Lands and the US Army Corps of Engineers. The Natural Resources Planning section works closely with the City's Engineering Division to ensure that proper permits are obtained and unavoidable impacts to wetlands and waterways are minimized during implementation of City projects. (Photo above).

Environmental Monitoring

Water Quality Monitoring and Analysis. Technical Services implements technologies to monitor water quality and watershed health, particularly for harmful algal blooms, including remote monitoring, data analytics, and visualization. The section provides the Water Quality workgroup with cutting-edge tools and techniques for monitoring the community's vital resources.

Sewer Flow Monitoring Network. Responsible wastewater management is achieved through a network of real-time flow monitoring gauges within the wastewater collection system to optimize system capacity and reduce sanitary sewer overflows. This network enables collection system operators to observe and forecast potential sewer flows during rain events, which allows adjustments to the treatment process at both Willow Lake Water Pollution Control Facility and River Road Wet Weather Treatment Facility.

2. Public Works Department Summary of Services and Programs

Environmental Monitoring, continued

Stormwater Quality Monitoring. The City's environmental permits require ongoing monitoring of in-stream and in-pipe water quality. Monitoring staff collect monthly in-stream samples at multiple sites on local streams and the Willamette River, maintain a system of continuous water quality monitoring stations, and conduct storm event sampling as well as dry-weather outfall sampling.

Emerging Contaminant Monitoring. The U.S. Environmental Protection Agency (EPA) published the proposed Fifth Unregulated Contaminant Monitoring Rule (UCMR 5) in March 2021. UCMR 5 provides data that is critically needed to improve the EPA's understanding of the frequency and levels that 29 per-and polyfluoroalkyl substances (PFAS) are found in the nation's drinking water systems. The first round of PFAS testing from the City's Aquifer Storage Recovery (ASR) system yielded results that were below the EPA's minimum reporting limits. These testing results coupled with sample results of finished water leaving the Geren Island Water Treatment Facility reinforce the safe, high-quality drinking water available to the community. The next round of ASR sampling for PFAS occurs in May 2024.

Early Flood Warning System. The early flood warning system consists of rain gauges and stream gauges throughout the City and into the upper Mill Creek watershed. This network of gauges provides the City, its partners, and residents with valuable information and lead time to prepare for an anticipated flood event. This system allows staff to establish thresholds for a variety of storm intensities and associated response actions. Together, the City's early flood warning system and flood response plan contribute to a discount in the City's flood insurance program through the National Flood Insurance Program's Community Rating System.

Tree Canopy and City Tree Inventory. Salem Revised Code Chapter 808 requires the City to conduct an urban tree canopy assessment every ten years. The last tree canopy assessment was completed in 2019 and found that Salem had 24 percent tree canopy cover. The current goal is to attain 28 percent canopy by 2030, and the City has implemented a variety of tree planting programs designed to support this objective. Since 2018, the City's Urban Forestry section has been surveying street trees in Salem to gain a more detailed understanding of Salem's urban forest structure and to help ensure the long-term health of City-owned trees. (Photo below).

2. Public Works Department Summary of Services and Programs

Environmental Education

Clean Streams Initiative. The Clean Streams Initiative is the overarching program for many stormwater-related programs and projects including the Free Tree program, the riparian enhancement program, the storm drain marking program, and riparian site visits. The Outreach and Education staff are involved in many communication opportunities including in-person community outreach events, in-school education, and in-person riparian assessments. (Photos below).

Natural Resources Education. Natural Resources Planning staff develop informational resources and share information about natural resource challenges and current priorities with the public, City staff, and businesses. Current focus areas for natural resources education include coexisting with beavers, bald eagle nesting, pollinator habitat, integrated pest management, planting and caring for trees, and preparing for the arrival of the Emerald Ash Borer.

Youth Education. The City's youth environmental education programs strive to build environmental stewardship in the community through education, engagement, and action. Youth education programs also include the Adopt-A-Stream program, environmental STEM (science, technology, engineering, and math) afterschool programs, and Water World events.

Climate Action Plan. The City's Climate Action Plan Manager, as part of the Public Works Planning group, assists in administration of the Climate Action Plan which provides actions and initiatives designed to reduce greenhouse gas emissions and to increase the community's resilience to the potential adverse impacts of climate change. The person works with internal and external partners to promote Climate Action Plan goals.

Workforce Changes. The FY 2025 budget includes two new positions for the Willow Lake Water Pollution Control Facility. The Operations section includes the addition of a Department Tech Support Analyst II to support the plant's distributed control system programming and operations and to work on projects optimizing automation and efficiency of plant processes. The Biosolids section includes a half-time, limited duration Operator I position to support biosolids hauling during the spring and summer months.

2. Public Works Department Summary of Services and Programs

What's New in This Budget?

River Road Wet Weather Treatment Facility Improvements. Replacement of River Road ultraviolet Bank B array of lamps and cord / plug assemblies to improve reliability and performance of the facility. (Photo at right).

Municipal Energy Master Plan. In FY 2025, work will be initiated on a Municipal Energy Master Plan, which will work to identify and implement measures to reduce energy usage in City-owned facilities.

Pesticide Use Pilot Campaign. The City of Salem will continue to work with the Clean River Coalition (CRC) and take part in a pilot, community-based, social marketing campaign with the goal of further reducing pesticide use in the community.

GIS System Updates. Enhancements / updates planned for the City's Geographic Information Systems (GIS) beginning in FY 2025. These upgrades will include:

 **Network Conversion.** Public Works currently stores utility information in a schema / format called a geometric network which needs to be converted to supported technology. This project will migrate data from the older geometric standard to the Utility Network Standard.

 **3D GIS Enablement.** The City is gathering more imagery and Light Detection and Ranging (LiDAR) datasets of a quality that can be utilized to create a three-dimensional (3D) representation of the City - termed a "digital twin". Being able to abstract data in all three dimensions has intense value in planning, coordinating, and engineering work. Focus will be given to City owned vertical assets such as pump stations, lift stations, and treatment plants in support of the Cityworks asset management system.

Automation Programming. The City is increasing the number of complex systems it relies upon and the integrations between those systems. A large portion of technical overhead expenditures come from the cost of maintaining these system integrations. The previously widely accepted approach to integration involved primarily writing code to tie systems together. A new paradigm has emerged called "visual programming" which is a class of software that specializes in system integrations. Visual programming reduces custom coding requirements, reliance on insider knowledge, and becomes self-documenting. The Public Works Technical Services group is investigating this solution to ease the technical cost and burden in maintaining department and enterprise system integrations. (Graphic at right).

Environmental Compliance

[Willow Lake Cogeneration System](#). The Willow Lake Wastewater Pollution Facility joined the Strategic Energy Management program offered by Energy Trust of Oregon. This program will help the facility reduce energy use and save money, while also improving environmental performance. Staff also work with the Continuous Improvement Team to align energy goals with quality and productivity objectives. (Photo below).

[Lead and Copper Drinking Water Accreditation](#). Oregon Environmental Laboratory Accreditation Program (ORELAP) accredits qualified laboratories to analyze samples under the Safe Drinking Water Act (SDWA). The Willow Lake Wastewater Pollution Facility's laboratory purchased an Inductively Coupled Plasma Mass Spectrometer (ICP-MS) to analyze metals in drinking water samples and has applied for accreditation to analyze and report lead and copper results in drinking water samples as required by the Lead and Copper Rule. (Photo at right).

[PGE Drive Change Grant for Electric Compact Street Sweeper](#). In October 2023, the City of Salem was awarded a Drive Change grant from Portland General Electric (through the Department of Environmental Quality's Oregon Clean Fuels Program) for the purchase of an electric battery-powered compact street sweeper. In addition to advancing the City's climate action goal of moving to electric vehicles, the narrow width and short wheelbase of the compact sweeper will make it ideal for sweeping buffered bicycle lanes, downtown alleys, parks pathways, plazas, parking lots, and public spaces. The new sweeper is expected to go into service in summer 2024.

Natural Environment Stewardship

At Your Service

Environmental Compliance, continued

Automation Improvements. As part of Willow Lake Wastewater Pollution Facility's ongoing focus on optimizing automation and efficiency of the plant, several projects were completed in FY 2024 including:

South Secondary Clarifiers. In the past, removal of floating material captured in the four south secondary clarifiers required staff to descend into a basement, manually adjust valves, and remain present during the entire pumping process. Installation of submersible pumps, electrically actuated valves, and new control system programming has enabled automatic initiation of the pumps and eliminated the need for continuous staff oversight.

Trickling Filter Effluent Gates. Previously, the trickling filter effluent gates had to be manually adjusted to accommodate flow conditions. The addition of electric gate actuators and control system programming eliminated the need for staff to manually open and close the gates. (Photo at right).

Influent Gate Automation. Evaluation of distributed control system data showed that adjusting the position of influent gates required significant staff time during high flow conditions. Four of the seven plant influent gates were automated to maintain setpoint flows to different plant locations reducing staff workload during high demand periods. Management of influent flows is critical to permit compliance during storm events.

Aeration Basin Dissolved Oxygen Control System. Proper dissolved oxygen levels are crucial to maintaining the health of the biological treatment processes and provide substantial energy savings. Updated control system programming has resulted in dissolved oxygen level setpoints holding consistently under all loading conditions, eliminating the need for frequent monitoring and adjustments by staff.

Outfall Diffuser Modeling. Willow Lake's outfall diffuser provides mixing between the plant's treated effluent and the Willamette River. The diffuser consists of a 120-foot-long pipeline with multiple ports that distribute the effluent across a section of the river. An inspection revealed that one-quarter of the ports had been compromised or damaged - likely from debris moving down the river during high flows. An outfall diffuser modeling project is underway to determine whether the damaged diffuser is still providing adequate mixing or if repairs are required. This is vital since the amount of mixing provided by the diffuser is the basis for several of the plant's discharge permit requirements.

Natural Environment Stewardship

At Your Service

Environmental Compliance, continued

Willow Lake Work Group Successes. In 2023, all 10,837 tons of biosolids collected and treated by the Willow Lake Biosolids program were applied to 968 acres of local farmland. In addition, the DEQ authorized an additional 227 acres of land for application in 2024. Meanwhile, Operations and Maintenance continued the ongoing use of proactive preventative and predicative maintenance programs to reduce unscheduled corrective work, resulting in a nine percent decrease in corrective maintenance work orders from the previous period. Finally, the Wastewater Treatment group had a second consecutive year, 14.4 billion gallons of wastewater were treated with no water quality permit violations.

Trees and Shrubs. In 2023, through City sponsored programs, 12,270 trees were planted in street rights-of-way, parks, natural areas, residential yards / riparian areas, and along stream sides. In addition, 28,120 shrubs were planted in various locations such as natural areas and stormwater detention facilities.

Integrated Pest Management Policy. In September 2023, the City adopted a new Integrated Pest Management Policy to provide staff with clear requirements and guidance for implementing the most environmentally sound approaches for controlling pests while reducing or eliminating the volume and toxicity of chemical pest control treatments.

Lefelle Street SE Rain Garden Rehabilitation. In spring 2023, Stormwater Quality staff completed a major rehabilitation of the rain gardens in the Lefelle St SE parking lot at Bush's Pasture Park. The work included removing old, severely compacted, rocky soil; replacing inlets with deeper sumps for easier cleaning; replacing concrete and a broken sidewalk grate; repairing / replacing irrigation; and adding in all new plants. (Photos below).

Natural Environment Stewardship

At Your Service

Environmental Compliance, continued

Stream Crew. In summer 2023, the Stream Crew inspected 59.7 miles of streams and creeks; removed 119 cubic yards of green waste flood hazard debris; and removed 41,887 pounds (nearly 21 tons) of trash – the highest amount since 2007 and twice as much as the 2022 crew’s total amount. Claggett Creek had the highest amount of any single waterway, with 15,022 pounds of garbage removed. The crew removed 12,153 pounds of trash from Shelton Ditch, a 75 percent increase from 2022 and the highest amount since 2001. (Photo at left).

Streaming Sensor Pilot Project. In FY 2024, a streaming online monitoring system pilot project involving three organic consumption sensors commenced. If the pilot is successful, the goal is to create a network of these streaming online monitors in the sewer system. The data provided by the network would help to protect workers, manage the impact of wastewater on the collection system pipes, and serve as an early warning system regarding discharge of any unusual pollutants that could disrupt the wastewater treatment process. Real-time information provided by the network could also improve compliance with Department of Environmental Quality requirements.

Environmental Monitoring

Unmanned Aircraft Systems (Drone) Support. In FY 2023, Technical Services flew 115 drone missions supporting a wide range of projects and needs. The “90 Parks in 90 Days” mission involved flying every City of Salem park to gather photographic and video promotional material. Another interesting drone mission entailed flying Willow Lake’s biosolids storage area to support better estimation of biosolid production and measurement. (Photo at right).

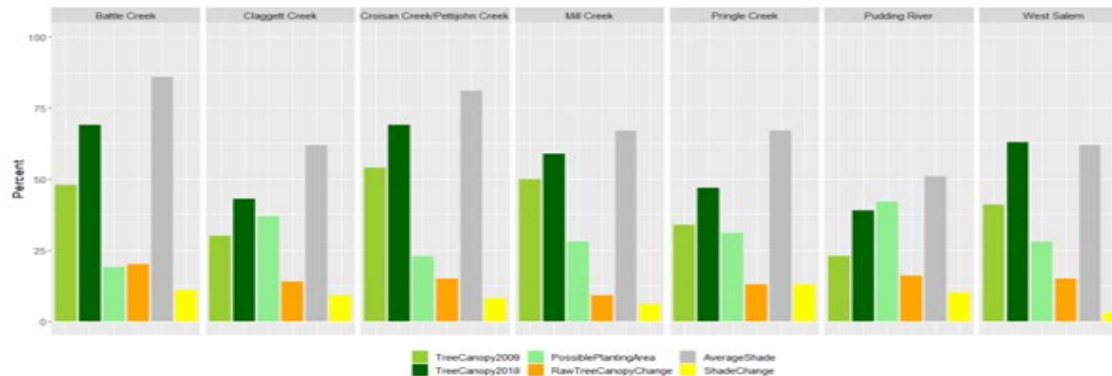

Natural Environment Stewardship

At Your Service

Environmental Monitoring, continued

Real-Time Data Management System Migration. City staff completed a large multi-server migration of the vitally important Public Works real-time data management system enabling greater redundancy and hardening for the system that monitors critical infrastructure such as pumps, flows, and treatment processes.

Image Digitizing. The Public Works Technical Services section is on the front lines of digitizing all projects into the City's GIS, and 2,308 construction plan pages were digitized in FY 2024.

Streamside Shade Inventory. In 2023, the City received its streamside shade inventory, which shows how well Salem's streams are shaded and helps determine where planting efforts should be focused. The graph above shows the Salem tree canopy (between 2009 and 2018), shade change, average shade, and possible planting areas for the Battle Creek, Claggett Creek, Mill Creek, Pringle Creek, Pudding River, and West Salem watersheds. A positive change was noted in each watershed over the course of the testing period.

Bald Eagle Nest Protection and Monitoring. The volunteer monitoring program kicked off on January 31, 2023, with more than 100 volunteers who participated in a series of field training events followed by an incredible year of monitoring. Nearly daily observation data was received from volunteers throughout the season. These volunteer observations were used to provide weekly updates on the City's Bald Eagle Watch webpage, to make decisions about events allowed in the vicinity of the nests, and to complete the annual report to the US Fish and Wildlife Service for the Minto Brown Island Park nest. Both eagle pairs successfully fledged chicks in July and August, with a total of four new bald eagles added to the local population. (Photo at right).

Natural Environment Stewardship

At Your Service

Environmental Education

Climate Action Plan Campaign. In FY 2024, students from the University of Oregon’s Sustainable City Program helped study and develop messaging to promote the City’s Climate Action Plan. Students worked with City staff to develop a campaign to help educate residents and encourage behavior change with the goal of reducing greenhouse gas emissions throughout the City.

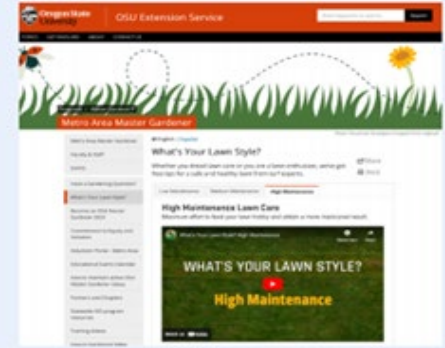

Clean Rivers Coalition Collaboration. The City participates in the statewide stormwater outreach group, Clean Rivers Coalition (CRC). Since CRC launched their Follow the Water campaign in 2022, Salem has played an integral part in creating the lawn care video series called *What’s Your Lawn Style?* in conjunction with other CRC members and lawn care experts, such as Oregon State University. (Graphic at right).

What’s Your Lawn Style? Campaign

Follow the Water created the What’s Your Lawn Style? video campaign to share sustainable lawn care information with homeowners in Oregon and Southwest Washington. The instructional videos help people manage their lawns with little to no chemicals. We also produced short video ads and a Google Ads campaign to lead viewers to the videos.

Public Works

Summary of City Services

Public safety is a critical function of local government. In Salem, our 9-1-1 call center sends Police, Fire, and emergency medical services to those in need and keeps Salem safe by protecting residents, visitors, and properties from harm in the event of a natural disaster or other emergency. In addition to responding directly, we plan and prepare our community for situations that may threaten health or safety. Salem also has a Municipal Court, responsible for protecting the rights of individuals and prosecuting crimes that impact the quality of life in Salem.

Bomb detection robot tour (2019)

Drinking water distribution (2018)

Fire Department -
"Take your Child to Work" Day (2018)

Safe and Healthy Community

Community Planning and Development

Building and Safety Fund - building permits, plans review, and construction inspection to meet State Building Codes, on-site evaluation of dangerous buildings

Equipment Replacement

Equipment and Asset Replacement Reserve Fund - supports the purchase of new vehicles and equipment Citywide

Finance/Municipal Court

General Fund - municipal court administration, judicial resources, criminal adjudication, and violations bureau

Fire

General Fund - fire administration, emergency operations, and fire and life safety

Emergency Medical Services Fund - administration, advanced life support, emergency medical transport, and EMT training

Fire Trust Fund - fire prevention / education / donations

Kingwood Water Tower used for mounting telecommunications and radio equipment

Radio Communications, City Services Fund - operation and maintenance of the City's radio communication infrastructure

Willamette Valley Communication Center (WVCC) Fund - 9-1-1 call-taking and dispatch for 29 Police, Fire, and EMS agencies

Non Departmental

Traffic Safety Fund - new fund for the expansion of photo red light enforcement and the addition of "speed on green" photo enforcement

Police

General Fund - police administration, support, investigations, and patrol

Police Trust Funds - property income for police purposes from unclaimed and abandoned property, evidence funds transferred through court order / donations received for the support of the Police Department's "K9" unit / restitution and other revenue dedicated to law enforcement use / donations to purchase materials for students participating in the Police Department's Cadet Program / donations for installation of neighborhood watch signs / proceeds from forfeited assets

Regional Records Management System Fund - automated police records field reporting and management system for 14 law enforcement agencies

During the City's first year of implementing Priority Based Budgeting, programs in Safe Community were scored against the result area descriptions and definitions for all five community-facing result areas along with program attributes of demand, mandate, reliance, cost recovery, and population served. The Safe Community section has been identified as the "home" result area for the programs on the succeeding pages. Adjacent to program budgets and FTE counts is a matrix of checkmarks indicating scoring in the other four community-facing result areas. This same matrix will be featured throughout the result area sections. Also, throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

Summary of Services

Building and Safety Division

Building codes are enacted to protect public health, safety, and general welfare related to the construction and occupancy of buildings. The Building and Safety Division works with the construction industry, other City departments, and the State Building Codes Division to ensure safe building construction.

The division administers State of Oregon building codes and City of Salem revised codes, which provide uniform standards that ensure newly constructed residential and commercial buildings are safe.

The division performs a comprehensive structural plan review for all permitted construction within Salem's city limits. Adherence to the approved plans after review is verified during all phases of construction by one of the division's certified inspectors. (Photo below).

All plans examiners and inspectors are certified in multiple disciplines, which provides efficient processing of construction projects and ensures a detailed and well-rounded review and inspection in all areas.

Additionally, the division provides specialized coordination for construction projects with valuation over \$10 million by providing clients with a single point-of-contact and coordination between other City departments and the State of Oregon. This service allows for all details of large project plan review and inspection to be routed and coordinated through one person to ensure a very high level of oversight during all phases of construction.

What's New in this Budget?

After historically high permit revenue in FY 2023 of \$7.9M, revenue in FY 2024 has slackened and projected receipts through the end of the year are \$5.2M. The FY 2025 budget continues this conservative trend by estimating permit revenue at \$4.5M. Staff continues to monitor this changing trend.

2. Equipment Replacement Reserve Summary of Services and Programs

Summary of Services

Establishing reserves for future costs is considered a financial best practice. The City maintains both a fleet reserve for replacement of vehicles and motorized equipment and a reserve for non-motorized or unique motorized equipment. Examples of reserves for non-motorized equipment include specialized software system replacements or safety equipment for police officers and firefighters.

Equipment Replacement Reserve Programs

	FY 2024 Program Budget	FY 2025 Program Budget
Fire and EMS Equipment Reserve	482,910	363,840
Mobile Data Computer Equipment Reserve	646,340	690,870

Total Equipment Replacement Reserve	\$ 13,421,120	\$ 15,734,420

3. Finance / Municipal Court Department Summary of Services and Programs

Summary of Services

As a separate arm of City government, the Municipal Court’s mission is to provide fair and accessible justice services that protect the rights of individuals, preserve a safe and livable community, and inspire public confidence. The Court's role and purposes are to do individual justice in individual cases; provide a neutral forum for the resolution of legal disputes within the scope of the Court’s limited jurisdiction; protect individuals from the arbitrary use of government power; provide a formal record of legal status; and deter criminal behavior.

The City Charter, Salem Revised Code, and the constitution of the State of Oregon establish the range of offenses heard by the court. Cases are filed with the court by the City's Legal Department, Salem police officers, code enforcement officers, and parking enforcement officers. The Municipal Judge is an elected officer of the City of Salem, who serves full time and is assisted by pro tempore judges, who preside over courtroom dockets and serve in the elected judge’s absence. The Violations Bureau also has authority granted by judicial order to adjudicate certain parking and minor traffic citations and reduce fines according to a reduction table based on an individual’s driving record or parking violation history. Court staff interact with defendants and the public in person, by telephone, email, and by mail.

4. Fire Department Summary of Services and Programs

Summary of Services

Salem Fire Department's mission of "Protecting lives, property, and the environment, placing safety and service above all" supports the result area of Safe and Healthy Community.

Work Force Changes

In order to allow for shift coverage, three new firefighters are included in this budget per the IAFF contract.

As a result of Supplemental Budget 2, a training officer position was eliminated mid-year 2024.

Finally, in mid-year 2024 (October), an additional 0.40 FTE was added in authority to the WVCC group to create a full time Administrative Analyst I.

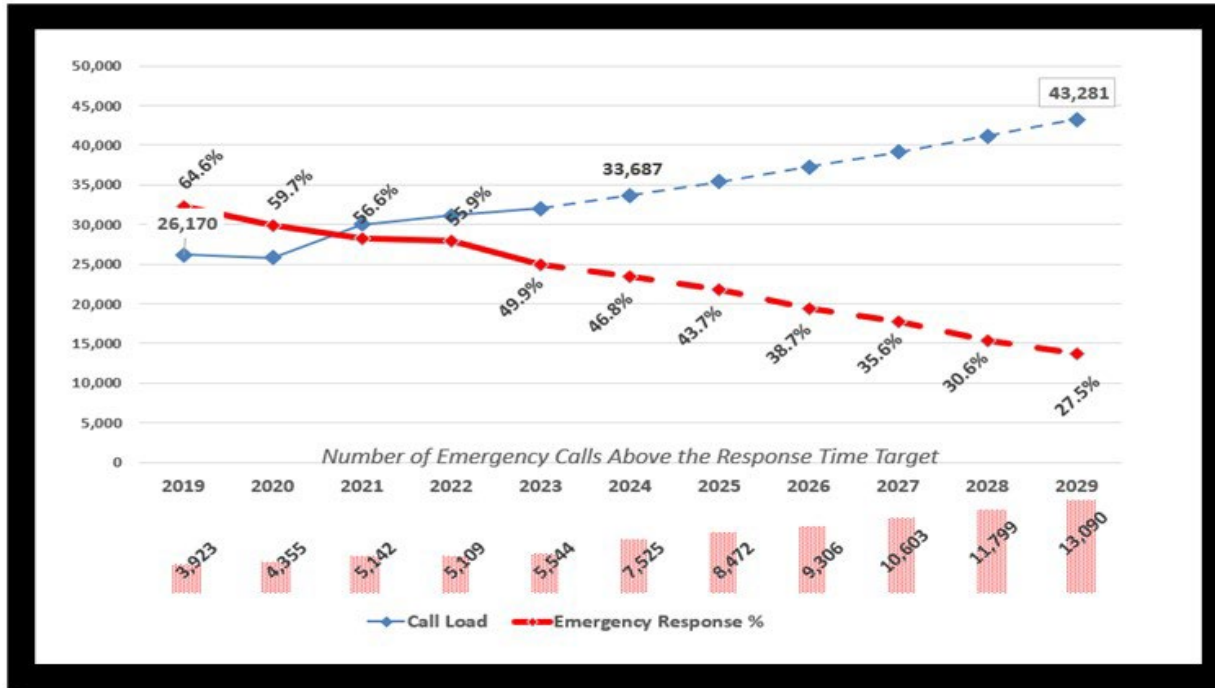

Salem Fire is an all-hazard response agency that provides continuous 24-hour fire suppression, rescue, special hazard mitigations, emergency management, and emergency medical response to situations that threaten life, property, and the environment.

The Fire Department also manages the Willamette Valley Communications Center which provides 24-hour 9-1-1 emergency and non-emergency call answering, dispatching, and technical support services for 29 law enforcement, fire, and ambulance user agencies. These services are provided to over 420,000 residents of Marion, Polk, and Lincoln counties. WVCC operations require dedicated and specially trained staff to assist with various issues daily. WVCC successfully implemented a new state-of-the-art computer-aided dispatch (CAD) system. 9-1-1 call-takers and dispatchers use the CAD system to prioritize and record incident calls, identify the status and location of responders in the field, and effectively dispatch our emergency responders.

The City Radio Shops operates and maintains the City's radio communication infrastructure and provides radio services to support departments of the City as well as technical assistance to Falck Ambulance Northwest, City of Keizer Police, City of Keizer Rural Fire Protection District and Marion County Fire District #1.

Salem Fire operates from 11 well-located fire stations strategically placed throughout the community's service area. Mutual assistance agreements with neighboring communities also increase capacity during high demand. The Fire Marshal's Office is essential in investigating fires, identifying their causes, and promoting public safety through code enforcement, education, and examining construction designs to reduce the risk of fire and other dangers. Salem Fire provides backup ambulance services and partners with Falck Ambulance for Advanced Life Support (ALS) Transport for emergency medical services. Serving as Salem's main source of emergency medical services, the department is in charge of patient care, protocol creation, and implementation, ensuring locals and visitors get the best possible medical care. To maintain the highest standards, the Emergency Medical Services and Training Division is committed to providing paramedics and emergency medical technicians with cutting-edge training that keeps them up to date on the most recent advancements in pre-hospital care and medical practices.

4. Fire Department Summary of Services and Programs

Response Time Forecast

The chart to the left shows an estimated annual call volume growth of 5.2%. The department has experienced an average yearly call growth of 5.1% since 2018 and 6.1% over the last ten years. With the department's current emergency response resources, based on estimated call growth, in 2029, the ability to meet the current Council response time standard will fall to 27.5%. This response time percentage means that over 13,090 emergency calls for services will not receive assistance within the 5.5-minute response time.

The outyears displays projected call response times assuming station closures.

What's New In This Budget

Salem Safety and Livability Bond Funds New Fleet and Fire Stations

The Fire Department is benefiting from the \$300 million Community Improvement Bond Measure. \$40 million has been allocated to the Fire Department to construct two new fire stations for \$14 million and to replace fleet and equipment, amounting to \$26 million. Potential locations for two new fire stations are being assessed as well as finalization of requirements for the equipment purchases. The Department has added a third ladder truck and fire engine to the fleet, which is being leased from Pierce, to keep Fire operationally ready while waiting for bond paid equipment. Among most recent arrivals are four new battalion vehicles, an Airport Response Firefighting (ARFF) Vehicle, a new Mass Casualty Response Van (MCI), and a new training pickup.

The remaining sixteen new Fire Engines, two Ladder Trucks, two Type 3 brush rigs, two Advanced Life Support (ALS) ambulances, one heavy rescue, and one Air Rig are currently being built.

5. Non Departmental / City Manager Department Summary of Services and Programs

Summary of Services -

The City has several cameras at key intersections across the City that capture red light and speeding violations. This program aids in improvement of the safety of roadways in a cost effective manner and encourages safe driving practices through behavior modification. Revenue from this service covers staff time to review and process citations and the photo / video system. In FY 2025, there are plans to expand the program to new intersections.

Work Force Changes

In the winter of FY 2024, City Council approved a limited duration position to work within the City Manager's Office to further the City's Diversity, Equity, and Inclusion (DEI) initiative and Community Violence Reduction Initiative (CVRI). Funding for the first full year of this position will begin in FY 2025.

6. Police Department Summary of Services and Programs

The Salem Police Department supports the City of Salem **Safe and Healthy Community** result area and comprises three divisions: Field Operations, Investigations, and Support. The department's mission statement to keep Salem safe by providing superior police service while enhancing trust is carried out by the sworn officers and professional staff who provide emergency and non-emergency services 24 hours a day, every day to keep our community safe. Specialty units such as the Community Action Unit, the Homeless Services Team, and others help to supplement the efforts of our officers in the field. Moreover, many officers perform additional duties outside their primary work assignments, such as serving as an instructor for one of the many instructional disciplines or emergency operations assignments, like crisis negotiations or Special Weapons and Tactics (SWAT).

More than 50 professional staff provide a variety of support services, such as evidence and property control, forensic technology, telephone reports, budget monitoring and development along with organizational work. For example, nonsworn staff of the records section are responsible for the management of all police records. Their around-the-clock duties also include providing records services for 14 police agencies in Marion, Polk, and Lincoln counties and after hours services for 8 agencies. Another example are the Department's Evidence and Property Technicians oversee the proper chain of custody for materials collected out in the field in order to maintain professional standards and quality evidence. Support staff make it possible for sworn staff in the field to do their jobs efficiently and safely.

Work Force Changes

A new police records technician has been added to the FY 2025 budget. The Salem Police Department's records section provides after hours LEADS (Law Enforcement Data Systems) searches for eight partnering agencies. Due to the increase in requests by these overnight agencies, a new position is being added to the budget. This position will be paid for by the partner agencies through intergovernmental agreements. Some of the Records team is shown in the far right photo of the collage at right.

Additionally, mid-year reductions from Supplemental Budget 2 in FY 2024 resulted in the elimination of five positions, including one crime analyst, two officers, one sergeant, and one lieutenant.

An additional graffiti abatement laborer position was proposed for elimination in FY 2025. This position was added back by the City Council during adoption using General Fund working capital as an offsetting revenue.

6. Police Department Summary of Services and Programs

Challenges

Staffing continues to be a challenge for the Salem Police Department. A recently completed independent staffing study released in 2021 by Hillard Heintz stated the need for new sworn officer positions (estimated 27 to 83) to maintain current service levels. Over the past ten years, Salem's population has grown from the certified estimates of 157,770 to 182,726, a 15.8% increase. The number of sworn police positions has not kept up with the rate of population increase. The mid-year reductions of four sworn positions resulted in an increased gap of officers per thousand residents from 1.19 (FY 2014) to 1.07 (thus far in FY 2024). With population growth comes increasing service demands, which require prioritization and determination of resource availability both within the department and the City's General Fund.

The rise in shootings in Salem and the longer-term upward trend of violent crime are issues that have impacted the entire city. Based on the Department's [Gun Violence Analysis](#), data revealed violence has increased 42% over the past 15 years. To evaluate the issue further, a gun violence problem analysis was conducted in July of 2023 to assess the circumstances. The analysis identified the underlying factors related to an increase in community violence, the first step toward developing effective prevention and intervention strategies. Over the five years studied, fatal and non-fatal injury shootings doubled. The study also showed shootings were concentrated within about five square miles in the northeast part of the city.

Cumulatively, the challenges the department is experiencing are multi-faceted with the reduced staffing and materials resources due to General Fund difficulties, the elimination of officer positions, increasing service demands, and the rise in violent crime all being contributing factors.

Types of Crimes
2022-2023

The graphic to the left demonstrates the various types of crimes reported in the past year between 2022 and 2023. These statistics are reported to the Federal Bureau of Investigation's National Incident Reporting System (NIBRS).

7. Trust Funds Summary

The City's trust funds are special accounts that hold donations and other revenue sources for various purposes or for the temporary holding of funds for which the City acts as a collection or escrow entity.

The trust accounts in the Safe Community result area are organized by department with the account name serving as the descriptor. More information about the City's trust accounts can be found in the Financial Summaries section of the budget document.

Safe and Healthy Community *At Your Service*

Liberty Road Fire

On August 23, 2023, a fire on Liberty Road in South Salem was reported in the afternoon hours. Several local and state resources were called to respond to the initial fire, with City resources being involved including the Willamette Valley Communications Center (WVCC), Salem Fire Department, Salem Police Department, and Public Works. Over 20 agencies responded with assistance, including firefighting assets (trucks and personnel), equipment, livestock storage, transportation, evacuation assistance, and more. During the course of three days, fire crews from the Oregon Department of Forestry and Salem Fire Department contained another large wildland fire where no lives were lost, and no injuries were reported. This coordinated effort was a great demonstration of the partnerships the Fire Department has with other agencies in the community.

St. Joseph's Parish Fire

A little more than a week after the Liberty Road Fire, on August 31, 2023, a four-alarm fire broke out at St. Joseph's Parish in Downtown Salem. Thanks to the quick response by Salem Fire, the fire was stopped from spreading beyond the sanctuary, which suffered significant damage. The damage to the historic site in Salem had a heavy impact on the community and its parishioners, but the support the Parish has received from the community is beyond remarkable.

Fire Department Medic Service (Medic 16)

Over the last two years, the Fire Department has had to staff Medic Unit 16 with Firefighter / Paramedics on a 24/7 basis. This staffing is continually above and beyond the City's minimum standard, requiring Fire Department crews to step up and fill these spots outside of normal day-to-day operations. The City of Salem needs a minimum number of ambulances during peak times to accommodate the needs of the emergency 911 system for medical calls.

WVCC Financial Policies

In partnership with the Finance Department, the WVCC management has presented to the Finance Committee two new financial policies - one for WVCC and another for Radio communications. These two policies have been forwarded to City Council and are expected to be reviewed in the summer of 2024.

Contract Negotiations

In partnership with the Enterprise Services and Finance Departments, the City completed another negotiation cycle for the International Association of Firefighters (IAFF), Local 314 and the 911 Professional Communications Employees Association (PCEA) with contracts through June 30, 2026.

City of Salem
FIRE DEPARTMENT
Salem, OR

February 2024

**Emergency Medical Services
Valuation &
Optimization Study**

AP TRITON
VISION · INNOVATION · SOLUTIONS

Emergency Medical Services Study

AP Triton, an independent consultant, conducted an Emergency Medical Services (EMS) Valuation & Optimization Study for the Salem Fire Department, which completed a comprehensive analysis to establish actionable benchmarks and propose tailored recommendations for sustainable ambulance transport within the City of Salem. The study recommended option 2, the Ambulance Operator Model, which capitalizes on the specialized skills of single-role paramedics and EMT basics to enhance efficiency and effectiveness in emergency management operations, projecting sustainable net revenue over expenses. This model is projected to facilitate further investments into the Emergency Medical Service (EMS) infrastructure, ultimately serving the best interests of Salem's residents and the City's fiscal health. The recommended model's implementation and operation require close oversight and coordination by the Fire Department to ensure the successful deployment and delivery of emergency medical services to the community. (Photo at left).

Body Worn Cameras

The body-worn and in-car camera program was fully implemented this past year. The program has proved invaluable for criminal investigations, transparency, and mutual accountability.

With the program upstart funded by State grant, there were months of planning, bidding, and testing phases for the project. The program was officially launched in February 2023 as all officers and detectives were equipped with the devices. The focus for the remainder of 2023 was to ensure that the entire field operations fleet was equipped with in-cabin technology, and the goal was met.

The grant has been fully expended and on-going expenses including administration, record keeping and equipment are now expenses of the City's General Fund. (Photo at right).

Safe and Healthy Community *At Your Service*

Police Department: Safety, Legitimacy and Excellence

With Safety, Legitimacy, and Excellence as the overarching priorities, Salem Police Department has continued to make progress in year two of the three-year strategic plan. In March 2024, Mayor Hoy kicked off the Community Violence Reduction Initiative which was the first of four conversations with residents and stakeholders on the topic of gun violence in our city. Chief Womack and Strategic Initiatives Manager Angela Hedrick participated in the discussion. In mid-year 2024, as part of Supplemental Budget 2, a limited duration position to work on the initiative as well as continue work on Diversity, Equity and Inclusion initiatives.

Community Outreach and Partnership

Expanding on the internal implementation of procedural justice training last year, the Police Department invited the community to be part of the training. Recently, several members of the City of Salem's Community Police Review Board joined new recruits in their procedural justice class. The evidence-based training emphasizes the importance of building and maintaining public trust and confidence in police, which improves both public and officer safety. The course provides practical tools for trust building and facilitates direct conversations between participants. A major goal of the training is to have community members and police officers walk away having formed new relationships and increased understanding of one another's perspectives and lived experiences. (Photo at left).

Safe and Healthy Community

At Your Service

Building and Safety

-  Salem's Building and Safety division provides exceptional customer service to the community and works to promote a positive business climate within the City and the State. In a recent audit by the International Accreditation Services, BAS stakeholders described the division as: *service oriented, positive in their approach to issues, flexible without compromising code requirements, and problem solvers.*
-  Salem's Building and Safety Division remains the only building department in Oregon to be accredited by the International Accreditation Services. This accreditation signifies that the division operates in full conformance with recognized best practices in building departments.
-  Building and Safety established plan review service goals in collaboration with industry partners and stakeholders and met the goals at a rate of 100 percent for residential projects and 99 percent for commercial projects in FY 2023.
-  City of Salem maintains an Insurance Services Organization (ISO) rating of 2 for both residential and commercial property code enforcement.

Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology, and utility infrastructure.

Supporting City Departments

- Community Planning and Development
- Enterprise Services
- Public Works

Summary of City Services

Salem owns and operates a valuable network of infrastructure including buildings, streets, pipes, dams, properties, parking garages, recreation facilities, airport runways and taxiways, and equipment. The Capital Improvement Plan identifies \$490.7 million in infrastructure construction projects, with 75.8 percent of the project funding dedicated to the City's utility and transportation system. A large number of critical infrastructure projects are known—most are listed in the City's infrastructure master plans—but are not yet funded. In addition to the needs of existing infrastructure, the City needs to provide for new residents as the community grows and changes.

Gerry Frank | Salem Rotary Amphitheater under construction (2021)

Safe, Reliable, and Efficient Infrastructure

Non Departmental

Debt Service Fund - debt service payments for infrastructure projects funded by tax-supported general obligation bonds

General Fund - transfers from the General Fund supporting Information Technology and Facilities Services infrastructure projects.

Public Works

Streetlight Fund - operation, maintenance, modernization, and expansion of the City's streetlight system

Transportation Services Fund - operation and maintenance of the City's transportation infrastructure

Utility Fund - operation and maintenance of the City's stormwater, water, and wastewater utility; management of infrastructure projects

Trust Funds - for donations and funds held in trust for localized public improvements, reservoirs, and the Mill Creek Corporate Center

Community-focused • Inclusive • Proactive • Accountable • Respectful

Safe, Reliable, and Efficient Infrastructure

An integrated municipal asset system of streets, bridges, bike paths, sidewalks, civic buildings, technology and utility infrastructure.

Uses City property and infrastructure for the public good

Manages water, stormwater, and wastewater safely and responsibly

Supports a balanced, accessible transportation system that reflects effective land use and reduces traffic congestion

Designs, constructs, and maintains an interconnected and multimodal transportation network that is safe, accessible, and sustainable for all travelers

Plans, operates, and maintains infrastructure networks

Result Area Statistics

During the City's first year of implementing Priority Based Budgeting, programs in Safe, Reliable, and Efficient Infrastructure were scored against the result area descriptions and definitions for all five community-facing result areas along with program attributes of demand, mandate, reliance, cost recovery, and population served. The Safe, Reliable, and Efficient Infrastructure section has been identified as the "home" result area for the programs on the succeeding pages. Adjacent to program budgets and FTE counts is a matrix of checkmarks indicating scoring in the other four community-facing result areas. This same matrix will be featured throughout the result area sections. Also, throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

Safe, Reliable, and Efficient Infrastructure FY 2025 Fund Overview

The City's financial activity is accounted for in various funds and then grouped by the type of expenditure. The below table summarizes the result area expenditure budget by Fund, Department, and account group.

Safe, Reliable, and Efficient Infrastructure FY 2025 Budget Overview

The City is required to display all phases of the budget - the initial proposal from the City Manager, the recommendation of the Budget Committee, and the result adopted by the City Council. The columns in the numeric table (below) will be populated with numbers when each phase of the budget process is completed. Capital projects appear in the Capital Improvements section of the budget document.

Expenditures	Mgr Rec FY 2025	BC Rec FY 2025	Adopted FY 2025	% of Total
Service Area - All Funds				
Personal Services	\$ 42,445,340	\$ 42,445,340	\$ 42,445,340	25.5%

Safe, Reliable, and Efficient Infrastructure Result Area Expenditures by Program / Type

1. Other Departments Summary of Services and Programs

Summary of Services

Payment of debt in this result area accounts for general obligation (GO) bonds, which must be approved by voters. The bonds are repaid with property tax levies, which cover annual debt service payments. Infrastructure projects funded through GO bonds include multi-year streets and bridges improvement projects, construction of the new police station, and seismic upgrades and other improvements to the Salem Public Library. The 2022 Salem Safety and Livability Bond payments are also included in this expenditure group.

The transfers noted in the General Fund support engineering services provided by Public Works for projects with a General Fund nexus. An example of the type of project work from the recent past would be the initial planning for the seismic work at the Salem Public Library. Also included are transfers for information technology and facilities capital improvement projects.

Infrastructure planning is found in the Utility and Transportation program budgets for FY 2025. Storm sewer pipe cleaning is now in the Utility program budgets for FY 2025.

2. Public Works Department Summary of Services and Programs

Summary of Services

The Public Works Department through the Transportation Services and Streetlight Funds provides safe, reliable, and efficient infrastructure to Salem residents through operation, maintenance, and improvement of the transportation and streetlight systems.

Transportation – Traffic Engineering and Signal Operations

The Traffic Engineering section provides transportation planning and engineering services and performs analysis of traffic flow for development and land use proposals. The section operates and maintains the regional traffic control center, traffic signals, school speed zone flashers, and streetlights to ensure safety of all users of the City's transportation systems. The budget includes transfers of State Highway Revenue for transportation system improvement projects and reimbursements to the General Fund and Utility Fund for services provided.

Transportation – Street Operations & Maintenance

The Streets section maintains the signage, striping, markings, pavements, shoulders, streets, alleys, curbs and sidewalks in the City. Thousands of pounds of leaves are removed annually from the street system. In addition, the section responds to weather events, right-of-way mowing services, and coordinates the Adopt-A-Street litter collection program. (Photo at right).

Streetlight Operations & Maintenance

The Traffic Engineering Section works in conjunction with Portland General Electric (PGE) and Salem Electric to operate, maintain, modernize, and expand the streetlight system. Lower electricity expenses resulting from conversion to light emitting diode (LED) lamps allow funding to be directed toward the installation of new streetlights in under lit areas of the City.

What's New in this Budget

Safe Streets for All Grant: Salem has been awarded a \$2.8 million Safe Streets for All grant from the U.S. Department of Transportation for the Vision Zero and 20-is-Plenty programs. This funding will provide for the Salem Vision Zero Plan, installation of 20-mph speed limit signs in residential neighborhoods, procurement of speed radar devices and trailers, and a public education campaign to educate the community on road safety behaviors and responsible driving, walking and biking practices.

Transportation projects planned for FY 2025 include:

- ✦ Intersection improvements and a new traffic signal at the intersection of Liberty Road S and Davis Street S
- ✦ An overcrossing planning study for a pedestrian crossing over Oregon Highway 22 between Lancaster Drive SE and Cordon Road SE
- ✦ Design and construction of slurry seal asphalt resurfacing on various City collector and residential streets.

3. Public Works Department Summary of Services and Programs

Summary of Services

Summary of Services

The Public Works Department through the Utility Fund provides safe, reliable, and efficient infrastructure to Salem residents through operation, maintenance, and improvement of the water, wastewater, and stormwater systems.

Administration

The Administration Division includes the Office of the Director that provides overall direction to the department as well as code enforcement, reporting to the Director. The remainder of the division provides support services to the department through coordination of budget and financial processes, department policies, intergovernmental agreements, emergency preparedness planning, warehouse management, procurement, utility billing, Public Works dispatch services, and communications. The division budget includes expenses not directly related to a specific program in the Utility Fund such as reimbursements to the General Fund for services provided, debt service payments, transfers of utility rate funds for capital improvement projects, and contingencies.

Engineering and Project Management

The Engineering Division prepares and manages the annual construction budget, develops the five-year capital improvement program, administers design standards and construction specifications, and completes construction plan approval. Division staff perform full-service project management of all City capital improvement projects from inception to completion including design, construction management, and inspection.

Infrastructure Planning

The Infrastructure Planning section is responsible for developing and updating master plans for the City's water, wastewater, stormwater, and transportation systems. The section is also responsible for policies, procedures, municipal codes, and administrative rules associated with the City's utility and transportation systems. The section provides support to the City's capital construction projects with subject matter expertise in state and federal environmental permitting and is the lead Public Works section responsible for applying for funding through regional, state and nationally competitive grant programs. Members in this section are responsible for implementing the Salem Climate Action Plan, the Neighborhood Traffic Management Plan, and the Minto-Brown Conservation Area program, among others. (Photo below).

3. Public Works Department Summary of Services and Programs

Summary of Services

Workforce Changes

FY 2024 Reorganization: A midyear FY 2024 reorganization moved development services staff (10.0 FTE) and survey services staff (9.0 FTE) from the Public Works Engineering and Planning and Development Divisions to the Community Planning and Development Department. The purpose of this change is for all functions related to private development, affordable housing development, and economic development to be contained in one department improving opportunities for collaboration and process streamlining. The Traffic Engineering group and staff completing planning functions for utilities, transportation, climate action, and environment remain part of the Public Works Department.

Engineering Division: The FY 2025 budget includes the addition of one full-time program coordinator to assist with project reporting, procurement, and project management support.

Stormwater Planning: Mid-year FY 2024, a management analyst position was moved from the Administration Division to support stormwater master planning.

Administration: The Utility Customer Services section has added a utility field representative and a senior account representative to enhance customer service and handle increased workload due to development and expansion of service population. A half-time communications dispatcher has been added to assist with increased call load and shift coverage in the Public Works Dispatch Center.

What's New in this Budget

Wastewater Collection System Master Plan: In FY 2025, the Wastewater Collection System Master Plan, initiated in February 2022, will be completed. The plan is a crucial undertaking that will shape the future of Salem's wastewater infrastructure. Its key objectives are:

- ★ *Systematic Growth Planning:* The master plan will provide a roadmap for the systematic expansion of Salem's wastewater collection network. By anticipating population growth, urban development, and industrial needs, the plan ensures that the system can accommodate increased demand efficiently.
- ★ *Best Practices for Operation and Maintenance:* Implementing industry best practices is essential for the smooth functioning of the collection system. The master plan will outline guidelines for routine maintenance, emergency response, and sustainable operation. This ensures that the system remains reliable.
- ★ *20-Year Capital Improvement Priorities:* The plan will prioritize capital improvement projects (CIP) over a 20-year horizon. These projects may include infrastructure upgrades, rehabilitation efforts, and technological advancements. By strategically allocating resources, the City can enhance system performance and resilience.

3. Public Works Department Summary of Services and Programs

What's New in this Budget (continued)

Stormwater Master Planning and Code Revision: FY 2025 Stormwater master planning projects for the Infrastructure Planning section include amending Salem Revised Code (SRC) Chapter 71 (Stormwater) in conformance with the City's municipal stormwater permit that was issued by the Oregon Department of Environmental Quality; revising the Public Works Design Standards for design and construction of stormwater facilities to accompany amendments to SRC 71, and amending Salem's Stormwater Master Plan with new basin plans for the Glenn-Gibson, Upper Claggett, and West Bank watersheds.

Water Master Planning: In FY 2025, the Infrastructure Planning group will begin work on an update to the City's agreement with the Santiam Water Control District regarding how the two agencies work together in close collaboration for the operation and maintenance of Upper Bennett Dam, Lower Bennett Dam, and other key infrastructure at the City's Geren Island Water Treatment Facility. (Photo at right).

3. Public Works Department Summary of Services and Programs

Summary of Services

Utility Operations

The Water, Wastewater, and Stormwater Utility Operations group constructs, repairs, operates, and maintains all of the water, wastewater, and stormwater infrastructure within the City. Water Services treats and delivers safe drinking water from the Geren Island Treatment Facility to customers in the City of Salem, City of Turner, Suburban East Salem Water District, and Orchard Heights Water District. Water staff also maintains water transmission mains, distribution lines, water meters, fire hydrants, and pump stations. Wastewater Services operates and maintains wastewater collection lines and pump stations throughout the metropolitan area. Stormwater Services manages City stormwater pipelines, manholes, catch basins, drainage ditches, streams, and local and regional detention facilities.

Workforce Changes

Three new full-time positions, a crew leader and two maintenance operators, are added to the Sewer Repair section for the creation of a second dig crew to assist with resolving a large backlog of maintenance projects in the wastewater collections system and to increase efforts to reduce inflow and infiltration into the system. (Photo at right).

Additionally, to help with increased volume in customer service, a part-time communications dispatcher and full time account specialist and utility field representative was added in this budget. A full time program coordinator was added in engineering to help with project reporting and procurement. Finally, a full time IT programmer analyst has been added in the support services section to explore technological advancements that will improve business needs like artificial intelligence.

What's New in this Budget

Water Projects

Replacement of waterlines in several locations throughout the City along:

- ★ Portland Road NE between Beach Avenue NE and Wayside Terrace NE
- ★ Commercial Street SE between Welcome Way SE and Lansford Drive SE and between Hilfiker Lane SE and Keglers Lane SE
- ★ State Street between 12th Street SE and 17th Street SE

Relocation of City waterline out of the way of proposed locations for Center Street Bridge footings that are part of ODOT's Center Street Bridge seismic retrofit project.

3. Public Works Department Summary of Services and Programs

What's New in This Budget

Large Diameter Sewer Pipe Closed Circuit TV and Sonar Inspection Pilot Project

The City's sewer system includes over 108,000 feet of sewer pipe over 42 inches in diameter, which is beyond the inspection capacity of Public Works' Closed-Circuit TV (CCTV) equipment. Except for limited inspections over the years, most pipes have never been inspected. This project will entail inspecting approximately 10,000 feet of pipe using new technology, including CCTV imaging and sonar, which can provide details of the pipe below the water level. Data from the pilot project will be used to develop the scope and project to inspect and clean all pipes larger than 42 inches.

Pump Station Generator Improvements

In FY 2025, fixed emergency generators with automatic transfer switches will be installed at the Joplin and Rivercrest Sewer Lift Stations. This is part of a multi-year project with the goal of installing fixed emergency generators at all water and wastewater pump stations where feasible. Currently, portable generators power these two stations during power loss events, which is logistically challenging during emergencies. (Photo below),

Wastewater Projects

- ★ Rehabilitation and replacement of failing 8-inch backyard sanitary sewer pipe on Manzanita Way SE to eliminate flow constraints during heavy rain events
- ★ Rehabilitation of the Ferry Street Pump Station and relocation to a safer area outside of the Oregon Department of Transportation right-of-way
- ★ Replacement of the radio antenna tower used for monitoring and control of the City's pump stations and other utility systems

Stormwater Projects

- ★ Replacement of a failing culvert under Deerhaven Drive NE

4. Trust Funds Summary

The City's trust funds are special accounts that hold donations and other revenue sources for various purposes or for the temporary holding of funds for which the City acts as a collection, escrow, or custodial entity.

The trust accounts in the Safe, Reliable, and Efficient Infrastructure service area are organized by department with the account name serving as the descriptor. More information about the City's trust accounts can be found in the Financial Summaries section of the budget document.

Safe, Reliable, and Efficient Infrastructure *At Your Service*

Citywide Traffic Signal Enhancements

Several traffic signal projects throughout Salem included removal and installation of signal heads, traffic signal signage modifications, installation of new arms and fixtures on new and existing Portland General Electric wood poles, and new fiberglass / aluminum poles. Work also included conduit, wiring, junction boxes, and bicycle markings. (Photos at left).

GIS Transportation Data Collection

Light Detection and Ranging (LiDAR) and 360-degree imagery data has been used to populate transportation assets in the Geographic Information System (GIS) for sidewalks, signs, striping, ADA ramps, and pavement condition to support the management of work orders, service requests and inspections in Cityworks, the new asset management system. To manage all the new transportation GIS data, GIS staff are implementing Esri's Roads and Highways system which utilizes a catalogue of record and a linear referencing system for transportation assets. This schema and set of tools enable more accurate management and reporting of data on transportation assets. (Photo at right).

Neighborhood Traffic Management Plan and Safer Streets Webpage

On June 26, 2023, City Council approved a significant update to the Neighborhood Traffic Management Plan for the first time in over 20 years. The updated plan outlines how traffic speed and volume concerns in residential areas are examined, prioritized, and addressed by the City. This new plan also includes the addition of a Neighborhood Stop Sign Plan, which the City uses to evaluate the need for stop signs on local streets. Following the adoption of the Neighborhood Traffic Management Plan, the City launched a Safer Streets web page. This new web page provides residents two ways to propose traffic and pedestrian safety measures. Since launching the web page in September 2023, more than 350 requests have been submitted for neighborhood traffic calming and stop signs.

Public Works Administration

Utility Assistance Program Funding: The City of Salem offers crucial assistance through its Utility Rate Relief and Emergency Utility Assistance Programs for residents experiencing financial difficulties paying their utility bills. In 2023, the Utility Rate Relief program aided 886 seniors or those with disabled household members with monthly discounts on their City of Salem utility and garbage bills. This includes 711 City of Salem residents and 175 customers who live outside the City limits. Additionally in 2023, the Emergency Utility Assistance Program provided \$314,069 in assistance to 1,876 utility accounts. The Emergency Utility Assistance Program provides up to \$500 annually to address short-term needs for single-family residential utility bills. Over the life of the program, Salem has assisted more than 8,529 accounts with more than \$1,080,326 in relief to help alleviate financial pressure and ensure the continuation of essential services for residents in need.

Asset Management System: Cityworks, an asset management system, enhances the utilization of mobile devices for managing work orders, service requests, and inspections across all asset groups in the GIS, such as water, wastewater, stormwater, transportation, and parks. It went live in the fall of 2023. Before configuring the phase two group, which consists of transportation and streetlights, we are preparing for a system upgrade that will introduce new report features.

Haysville Pump Station

The new Haysville Pump Station project was completed in early 2024 replacing the former wastewater pump station that was located in a subsurface vault within the right-of-way of Haysville Road. The old location created access challenges that required confined space entry and traffic control on Haysville Road NE. The new station, located on adjacent property, is constructed to current standards, and provides safer access for routine operations and maintenance at the facility. (Photo below).

Safe, Reliable, and Efficient Infrastructure *At Your Service*

New Operations Building

The \$39 million City of Salem Operations Building project, funded largely through the Utility Fund, began construction in the winter of 2022 and was successfully completed on time and under budget in September of 2023. The 50,000 square foot, 2-story building consolidated functions from the former Public Works Operations building, Parks Operations building, Salmon Run offices, and a portion of Civic Room 325 offices. The new space houses utility, transportation, and parks operations as well as engineering, technical, financial, and support services. (Photo at right and below).

Electric Vehicle Pole Charging Stations

In October 2023, City Council approved an agreement with Portland General Electric (PGE) to install electric vehicle charging stations on PGE-owned poles located in the public right-of-way at various locations in Salem. Installation of these Level 2 EV chargers began in late 2023 and will continue into 2024 with locations focused in underserved areas and at locations near multifamily housing and rental residential properties. PGE will be responsible for costs related to delivery, installation, operation, maintenance, and repair of the EV chargers.

Planning and Development

Lead and Copper Service Line Inventory

The Environmental Protection Agency, as part of the new Lead and Copper Rule Revisions, has mandated that community water systems must submit an inventory of all public and private side service lines by October 2024. To meet this mandate, the City is completing physical verification of 383 randomly selected service lines (per Oregon Health Authority (OHA) statistical sample requirements for a water utility as large as the City of Salem). In addition, each of the sample service lines will be tested for pipe material type and reported to OHA. The project also includes creating educational materials and communication for customers and the City website regarding the inventory requirement.

Rivercrest and Mahrt Sewer Lift Stations Fixed Emergency Generators

Fixed emergency generators with automatic transfer switches were installed at the Rivercrest and Mahrt Sewer Pump Stations. This project was the first of a multi-year effort to install fixed emergency generators at all water and wastewater pump stations where feasible.

Salem Heights Avenue S Street Refinement Plan

City Council approved the Salem Heights Avenue S Street Refinement Plan in July 2023. This refinement plan identifies a street design that will improve safety and utility for all users, while continuing to reflect the existing character of the neighborhood.

Salem in Motion: Connecting People and Places

The City launched the update to the Transportation System Plan with a study of walkable, mixed-use areas and parking reforms. In June 2023, the City's work plan for Regional Scenario Planning was submitted to the State of Oregon. This work plan charts the City's work efforts for transportation planning through the end of 2026.

Downtown Streetscapes

More than \$5.5 million in streetscape improvements have been completed in the downtown area over the past four years. The most recent improvements are located on Commercial Street NE between Court Street NE and Chemeketa Street NE.

(Photos at right).

Safe, Reliable, and Efficient Infrastructure *At Your Service*

Union Street Bikeway

Design and construction of a portion the Union Street Bikeway from Commercial Street NE to 12th Street NE has been completed. Upcoming phases of the Union Street Bikeway project are largely funded by the 2022 Salem Safety and Livability Bond. When all phases are complete, the Union Street Bikeway will connect Riverfront Park and Marion Square Park on the west to the North Capitol Mall and the 12th Street Pedestrian Promenade. (Photos at right).

Geren Island Roughing Filter Rehabilitation

Reconstruction of the No. 2 roughing filter at the Geren Island Water Treatment Facility was completed in early 2024. Work on the filter, used to remove suspended solids to prevent clogging of the slow sand filtration system, included reconstruction of the influent and effluent structures, construction of new walls to split the filter into two cells for greater operational flexibility, lining the filter to prevent seepage to groundwater, new underdrain piping, and new filter media. A \$20 million grant from the State of Oregon provided partial funding for this project. (Photo below).

Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown.

Supporting City Departments

- Community Planning
and Development
- Public Works
- Urban Renewal Agency

Summary of City Services

Salem is home to a wide range of industries and private employers. As the state's capital, the local economy is relatively stable with strong agricultural production, manufacturing, and distribution. The addition of high tech to the local economy has provided steady growth. Major employers, in addition to government and Salem Health, include Kettle Foods, Garmin, Yamasa, West Salem Machinery, Gilgamesh Brewing, and Amazon. In economic development and job creation, our role is to provide infrastructure and development services, support the area's business climate, and promote programs, services, and economic incentives offered by the City of Salem and Urban Renewal Agency. We leverage these funds and work with economic development partners and the development community to actively promote investment in our community.

Garmin

La Familia Cider Company

Strong and Diverse Economy

Community Planning and Development

Building and Safety Fund - process permit applications for parking and issue business or vocational licenses

General Fund - overall department administration, department-wide program coordination and support, and parking services

Downtown Parking Fund - economic promotion and public parking in downtown Salem

Leasehold Fund - management of tenant lease spaces in two City leasehold buildings

Equipment Replacement Fund - reserve for parking meter equipment

Parking Structures Capital Fund - reserve for major repairs and improvements to Chemeketa, Liberty, Marion and Pringle Parkades

Public Works

Airport Fund - operation of the Salem Municipal Airport

Community-focused • Inclusive • Proactive • Accountable • Respectful

Strong and Diverse Economy

A diverse economic base, robust job growth, business retention and recruitment, and a thriving, resilient downtown.

Creates opportunities for development, entrepreneurship, job development and economic innovation

Invests in programs, incentives, and technology that support business attraction, growth, and retention

Fosters community networks to act, connect, advocate, and cross-pollinate ideas across business sectors

Supports housing options, educational opportunities, and amenities that attract and develop a skilled and diverse work force

Fosters regional and public / private collaboration to contribute to economic stability

Result Area Statistics

Service Provider Department	Statistic Description	The Number	
Community Planning & Development	Satisfaction with parking structures and on-street parking near local businesses	57%	FY 2023
Community Planning & Development	Satisfaction with growing job opportunities in the local economy	39%	FY 2023
Community Planning & Development	Ease of operating a business	16%	FY 2023
Community Planning & Development	Grant funds committed to help businesses relocate and expand	\$953,717	FY 2023
Community Planning & Development	Business retention and technical assistance visits completed to existing Salem businesses	32	FY 2023
Community Services	Change in transient occupancy tax collections	8.00%	FY 2023
Community Services	Transient Occupancy Tax supported events and festivals	5	FY 2023

During the City's first year of implementing Priority Based Budgeting, programs in Strong and Diverse Economy were scored against the result area descriptions and definitions for all five community-facing result areas along with program attributes of demand, mandate, reliance, cost recovery, and population served. The Strong and Diverse Economy section has been identified as the "home" result area for the programs on the succeeding pages. Adjacent to program budgets and FTE counts is a matrix of checkmarks indicating scoring in the other four community-facing result areas. This same matrix will be featured throughout the result area sections. Also, throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

1. Community Services Summary of Services and Programs

Summary of Services

Salem has maintained a lodging tax since 1974. The tax, which is currently nine percent, is charged on overnight rental accommodations in the City. Salem Revised Code Chapter 37 governs the management of the tax collection. The City receives the tax from lodging operators and accounts for it in the Cultural and Tourism Fund. The tax revenues, which the City refers to with the acronym, TOT (for transient occupancy tax), support cultural activities, City-owned historic properties, Convention Center marketing, the promotion of tourism in Salem, and landscape maintenance at significant City parks like Bush's Pasture Park and Riverfront Park.

The Salem Cultural and Tourism Promotion Advisory Board, an advisory board to the City Council, encourages development of a unified approach to promoting Salem for tourism, recommends an annual budget in the Cultural and Tourism Fund to implement tourism activities, and reviews the performance of facility and special event operators funded by TOT collected from overnight stays.

2. Community Planning and Development Department Services and Programs Summary of Services

The Department administers and oversees a variety of programs and services aimed at strengthening Salem's economy including Salem's eight urban renewal areas. These programs are managed within multiple City and Urban Renewal Agency funds.

In addition, the department contracts with SEDCOR to facilitate economic opportunities, individual prosperity and small business growth; issues grants; performs real property management, acquisition, sales and leasing services for the City; manages downtown parkade garages and revitalization; and functions as the liaison to community organizations, businesses, and City Council and Agency appointed advisory boards.

The Urban Development Division helps to achieve the outcome of a Strong and Diverse Economy by:

Contracting with the Strategic Economic Development Corporation (SEDCOR) to assist local businesses to grow and for new businesses to locate within the community to strengthen the economy and provide jobs for local residents. SEDCOR's Strategic Plan aligns with the City's and includes Expansion and Retention of Traded Sector Businesses, Innovation and Entrepreneurship, Workforce Development, Mid-Valley Identity and stakeholder engagement;

Operating urban renewal programs including the North Gateway Urban Renewal Area, the Riverfront-Downtown Urban Renewal Area, the West Salem Urban Renewal Area and Mill Creek Industrial Park Urban Renewal Area, all with the common objective of encouraging businesses to create jobs by locating or expanding within each area; and

Continuing business start-up support and incubator networking activities.

Work Force Changes

The Community Planning and Development Department is newly named after previously being known as Community and Urban Development. The newly named department also merged the Development Services section from the Public Works Department in order to better align with customer service needs.

An Administrative Analyst II position was eliminated mid-year 2024 as a result of a supplemental budget.

3. Community Planning and Development Department Services and Programs Summary of Services

Downtown Parking Fund

The Downtown Parking Fund is funded with parking district tax revenue paid by downtown businesses and parking garage permit fees. This revenue supports maintenance and operation of three City-owned parking garages within the Downtown Parking District. Currently, there is a lack of revenues needed to operate the activities of the Downtown Parking Fund or to expend on needed capital improvements. When the Downtown Parking District was established, the tax paid by businesses benefiting from the district is capped at 2% annual growth. In 2020, 2021 and 2022 the Downtown Advisory Board's Parking Fund budget recommendation to transition to paid on-street parking.

In 2023, the City Council directed staff to plan to create paid on-street parking in the Downtown Parking District. One of the benefits of this transition will be additional revenues to help better support the operational and capital needs of the fund into the future. (Photo top right).

Leasehold Fund

The City manages tenant lease spaces on the ground floor of the Chemeketa and Liberty parking garages. Revenues in the fund are derived from tenant lease payments and payment for shared expenses - electricity, utility fees, taxes, and janitorial services. In addition to the general management of leased space, the budget also assumes expenses for tenant improvements as occupancy changes in the two buildings. (Photo bottom right).

4. Public Works Department Summary of Services and Programs

Summary of Services

Salem's Municipal Airport - McNary Field - is owned and operated by the City of Salem and supports more than 45,000 airport operations annually. The 751-acre airport has more than 130 aircraft hangars, several businesses, and the Oregon National Guard's Army Aviation Support Facility.

In FY 2024, the Airport was moved under the Public Works Department in part due to the reorganization and merger of the then called Community and Urban Development Department.

What's New in this Budget

Avelo Airlines began operating commercial flights from Salem to Las Vegas, NV and Los Angeles, CA (Burbank) on October 5, 2023. In May 2024, Avelo Airlines will begin passenger air service between Salem, Oregon, and Santa Rosa / Sonoma County, California. (Photo above).

The City continues development and activity at the Airport, guided in part by the business plan. Projects planned in FY 2025 include:

- Taxiway A North rehabilitation and realignment
- Security improvements around the commercial terminal ramp
- Conceptual design and programming for future renovation of the former Hertz property purchased by the Airport in 2023 via an internal loan with the Utility Fund.

Strong and Diverse Economy *At Your Service*

Grant Funding for Salem Airport

In early 2024, the Airport received nearly a half million dollars in grants and funding for airport improvements and a natural disaster resiliency study including:

- \$294,000 in federal aviation capital funding from the Bipartisan Infrastructure Law (BIL). This funding is designated to construct a concrete hard parking area for jets on the ramp by the terminal gate. This concrete parking area will be better suited to support the weight of commercial jet airliners and will help maintain the integrity of the surrounding asphalt pavement.
- Two Critical Oregon Aviation Relief (COAR) grants totaling \$172,500 to help the City match two federally funded airport capital construction projects and for a resiliency study for the airport to improve its ability to survive natural disasters and serve as a relief airport during recovery operations.

Strong and Diverse Economy

At Your Service

Economic Development Progress

- ① Memorialized through a Memorandum of Understanding a team was selected for redevelopment of the former Union Gospel Mission, Saffron Supply and ABC Music Building sites. There is intention to sell this site through a disposition and development agreement.
- ① Continued to fund SEDCOR services to engage local business retention and expansion with 20 visits to local businesses.
- ① Responded to one inquiry from site selectors with information about locating businesses in Salem and the region.

Downtown Redevelopment

Salem has chosen development team partners Edlen & Co. and deChase Miksis for the redevelopment of a premier property located in downtown Salem. The site, named Block 50, is one of the largest remaining undeveloped properties in downtown. The redevelopment concept will take multiple years to achieve the mixed-use development vision. Upon completion, Block 50 will serve as a legacy project with housing, retail, connecting downtown to the river, and creating an active place for the entire community. (Photo at right.)

The Riverfront Urban Renewal Agency (URA) invested \$192,000 in tenant improvements for the recently opened Family Dollar / Dollar General. The combo neighborhood retail space is a first in Salem, providing a wide assortment of items for downtown residents and visitors. Additionally, the investment created new entry level employment opportunities.

Urban Renewal Grant Funding

Riverfront URA funds are assisting new and established businesses with the Capital Improvement Grant. The grant is designed to be flexible and meet the needs of small and large projects. Recently URA funds were used to improve a space to house downtown's first black owned coffeehouse, Kingdom City Coffeehouse, and to expand Issac's Coffeehouse, a well-established community gathering space.

Strong and Diverse Economy *At Your Service*

Promoting Salem for Tourism

Tourism Grants

Annually, the TOT fund provides grants for local cultural, historic and museum locations. Some recipients in past years have included:

- ★ Elsinore Theatre
- ★ World Beat Festival
- ★ Salem Art Fair & Festival
- ★ Deepwood Museum & Gardens
- ★ Bush House Museum
- ★ Riverfront Carousel
- ★ A.C. Gilbert's Children's Museum

The Cultural and Tourism fund has seen significant improvement, revenues have rebounded to higher than pre-pandemic levels with more than \$4.6 million in transient occupancy taxes (TOT) in the last year.

These funds support various tourism related cultural heritage facilities and events, park landscape maintenance, City owned historic building maintenance needs, and tourism promotion with Travel Salem and the Convention Center.

Strong and Diverse Economy *At Your Service*

Affordable Housing Construction

Residents started moving into Salem Housing Authority's Sequoia Crossings Apartments in January 2024. The development was assisted by \$2 million in Housing and Urban Development (HUD) grant funds and has 60 permanent supportive housing units. (Photo at right).

The City is supporting DevNW, the City's Community Housing Development Organization partner, with reconstruction of the former Evergreen Church into affordable housing units for veterans. It is slated to open in the fall of 2024. The project is assisted with \$1.7 million in HUD grant funds.

The City also granted \$950,000 in HUD funds to DevNW's Macleay Community Land Trust (CLT) development to create 24 affordable single family units and offer downpayment assistance. The City also provided financial assistance to the Mahonia development, a 184-unit project on Battle Creek Road with \$650,000 of HUD funds. Mahonia started leasing to new residents in January 2024, and Macleay CLT is under construction as of March 2024.

Social Services

Marion Polk Food Share funding helped assist 39,360 low-income individuals, purchased 188,575 pounds of emergency food for distribution, served 157,145 meals to Salem residents through pantries, meal sites and after-hour boxes, and served approximately 700 home-delivered meals. The crisis hotline assistance program with Northwest Human Services served 11,770 individuals in need of service referrals, crisis intervention, suicide assessment, and support. Saint Francis Shelter, Center for Hope and Safety, Women at the Well and Northwest Human Services used City HUD funds to assist 2,560 residents.

Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City with a mix of quality housing for all residents, access to parks, recreation, historic and cultural resources, and the arts.

Summary of City Services

To ensure Salem residents have access to parks, recreation, and historic and cultural opportunities, we're actively working with our community today to build a long-term vision for future growth and development. We also work with the private and non-profit sectors to develop a diverse range of housing options. Together, we create and maintain public spaces to offer activities that connect, benefit, and reflect our community, and support the arts, historically, and culturally significant buildings and sites, and community events.

New housing options

Neighborhood meeting (2021)

Welcoming and Livable Community

Community Planning and Development

General Fund - supports department administration, long-range planning for future growth, oversees land use cases and development plan review, property maintenance, building safety, and code compliance

Community Planning and Development Trust Funds - reserves for earthquake damage assessments and Blight to Bright projects

Library Trust Funds - donations to buy library materials and funds to upgrade and maintain the Salem Public Library

Community Renewal Fund - federal funds granted to the City to assist low-income individuals and families with affordable housing

Railroad Bridge Trust Fund - donations to support the railroad pedestrian bridge over the Willamette River

Equitable Renewable Energy Trust Fund - established in FY 2024 to receive fees-in-lieu of climate mitigation measures from development projects that will be used to fund solar/wind installations on Salem Housing Authority properties

Community Services

General Fund - plans, develops, and maintains Salem's park system, coordinates volunteers and special events, manages City recreation programs,

Center 50+, sheltering services and coordination, all the programming associated with the Salem Public Library

Library Trust Funds - donations to buy library materials and funds to upgrade and maintain the Salem Public Library

Parks and Recreation Trust Funds - donations and other funds held in reserve to support projects and improvements to existing parks and acquisition of new parks

General Fund- supports houseless residents through coordination, programs and resources

Neighborhood Enhancement Trust - donations to neighborhoods

Fire

Fire Trust Fund - donations to restore and care for historic fire vehicles

Non Departmental

Public Art Fund - acquisition of public art, and management and maintenance of the public art collection

Community-focused • Inclusive • Proactive • Accountable • Respectful

Welcoming and Livable Community

Develop Salem to be a safe and well-maintained City with a mix of quality housing for all residents, access to parks, recreation, historic and cultural resources, and the arts.

Supports a long-term vision for future growth and development that strengthen, connect and complete all neighborhoods within the community

Promotes an inclusive and vibrant community offering diverse housing options and across the City

Creates and maintains parks, recreation areas, and other public spaces to offer activities that connect, benefit, and reflect our community

Supports the arts, historically significant buildings and sites, and community events

Enhances access to multi-generational community enrichment and meaningful volunteer and neighborhood engagement opportunities

Result Area Statistics

Service Provider Department	Statistic Description	The Number	
Community Planning and Development	HOME grants spent by community partners	\$ 990,997	CY 2023
Community Planning and Development	Low-moderate income households served by Tenant Based Rental Assistance	30	CY 2023
Community Services	Number of Library visitors	344,530	FY 2023
Community Services	Number of recreation program participants	71,989	FY 2023
Community Services	Point-in-time count of people experiencing homelessness in our community	1,389	FY 2023
Community Services	Satisfaction with coordinating social services to serve needs of homeless	11%	FY 2023

During the City's first year of implementing Priority Based Budgeting, programs in Welcoming and Livable Community were scored against the result area descriptions and definitions for all five community-facing result areas along with program attributes of demand, mandate, reliance, cost recovery, and population served. The Welcoming and Livable Community section has been identified as the "home" result area for the programs on the succeeding pages. Adjacent to program budgets and FTE counts is a matrix of checkmarks indicating scoring in the other four community-facing result areas. This same matrix will be featured throughout the result area sections. Also, throughout the budget document, there are programs -- Operating and Technology Transfers, as an example -- that were not scored.

1. Community Planning and Development Department Services and Programs

Summary of Services

To accommodate the wide variety of services provided by the Community Planning and Development Department, programs are shown in multiple City funds and result areas.

General Fund

Activities in the downtown such as grants for building improvements, historic asset rehabilitation, circulation of vehicles and multimodal transportation options, and marketing of the Salem Convention Center are also supported by staff in the General Fund.

Community Development Block Grant (Community Renewal)
CDBG Federal grants support small business creation and expansion; fund social service agencies that provide services to homeless, near-homeless, and low-income families; and help stabilize affordable housing units.

HOME Investment Partnership (Community Renewal)

Federal grants provide rental assistance to low-income individuals and families, support rehabilitation of affordable housing units, and help fund local organizations to create more affordable housing. Sequoia Crossings, a Salem Housing Authority property, is an example of such a partnership. (Photo at left).

Both CDBG and HOME grants are allocated annually by the US Department of Housing and Urban Development (HUD). One time federal dollars during COVID helped support community partners delivering services to low / moderate income residents as well as subsidizing construction for affordable housing. The priority in FY 2025 is to utilize CDBG grant money to acquire land for affordable housing.

Low Income Housing Tax Exemption Program

The City grants property tax exemptions to non-profit corporations operating affordable housing developments. There are currently 15 properties representing 400 units in the program, with three properties exempted in the pre-development phase.

Work Force Changes

After first merging the Urban Development and Community Development Departments in FY 2023, the Department underwent another organizational change in FY 2024 in an effort to improve customer service. Pre-application development staff and surveying staff from Public Works Department have been merged into the department to gain efficiencies in development planning and land use actions. This move will help those seeking to develop in Salem with various requirements and processing.

The Department also assigned an existing Manager II position to facilitate housing development in response to the Governor, Oregon Legislature and City Council prioritizing housing construction.

1. Community Planning and Development Department Services and Programs

Summary of Services

The Community Development Division provides a wide range of services to keep our community moving forward and thriving. From providing code enforcement, to reviewing structural plans and inspecting buildings, these services make Salem more livable and vibrant.

Planning

City planners enhance the quality of life for residents by ensuring current development proposals align with the community's overall vision for Salem. Long-range projects help guide future growth and development. Planning staff educate and engage the community about planning projects and processes and assist applicants during the land use process. Upcoming projects include revising land use regulations to comply with new State climate rules, developing strategies to promote housing development, and helping update Salem's Transportation System Plan. (Photo at right).

Code Enforcement

With a focus on education and compliance, Code Enforcement provides, multifamily inspection, and code compliance with city codes, addressing nuisances, housing, and other property maintenance issues.

Park Ranger

The Park Ranger and associate program works within the City of Salem park system to ensure a safe and welcoming park for visitors. In 2025, the Park Ranger will be in Parks Operations under the Community Services organization.

What's New In This Budget

Work Force Changes. For the Planning section, \$21,480 has been allocated to fund planning interns. These interns will be college students and the program will provide them real world planning and urban development experience as well as enhance capacity for the Planning section.

Additionally, four code enforcement officers were eliminated mid-year as a result of supplemental budget 2. A fifth code enforcement officer (who operationally acts as the Parks Ranger) was moved from Community Planning and Development to Parks Operations in FY 2025.

2. Community Services Department Summary of Services and Programs

Summary of Services

The Community Services Department provides opportunities for people to participate in sports and outdoor activities, enjoy the beauty of nature in public green spaces, attend classes that teach arts or craftsmanship, utilize the Salem Public Library, participate in senior activities at Center 50+, and connect with others based on similar interests. Parks Operations, Recreation Services and Center 50+ all increased fees to prevent additional reductions to services. FY 2025 will include an independent consultant review of Community Services fees to seek further potential adjustments and recommendations.

Parks Operations and Planning

Salem's park system and street trees are landscaped and maintained by Parks Operations. Services also include landscaping for tourist attractions, historic properties, and cultural facilities, and set-up and clean-up for special events. Parks Operations programs are greatly enhanced through work performed by volunteers programs and supplemental labor programs. Parks Planning provides services such as developing park master plans for urban, community and neighborhood parks, engaging the public in the master planning process, writing grants, allocating funding for park development, and assisting the Engineering Division in the delivery of park improvement projects. The FY 2025 budget was reduced by \$278,000 for less event and after hours support and less repairs to broken assets.

Homeless and Sheltering Coordination

This program provides the coordination and outreach of resources for our unsheltered residents. It encourages partnerships between local agencies to increase support for sheltering and affordable housing needs in the Salem community.

Salem Public Library

Since re-opening its doors in October 2021 following a seismic retrofit and remodel, the Salem Public Library picked up on its regularly scheduled programming and added more hours in May 2023. For the first time since the pandemic closures, the Salem Public Library saw an increase of use in services and patronage. Some of the resources most used at the library is the meeting and study room spaces where community members get to use a private space for their studies, meetings, and more. The Library also welcomed a brand-new collection that would help decrease waste and help promote re-use by adding a Library of Things collection. Community members get to "try before they buy" items such as cookware, musical instruments, or even outdoor equipment to see if it is something they would enjoy.

Due staffing vacancies, on January 2, 2024, the Library reduced service hours from 52 hours a week to 38 hours at the Main branch and 25 hours to 10 hours at West Salem. These adjustments were done with the utmost consideration for minimizing disruption and maximizing the library's impact but with the reduced staffing levels.

Youth Services

Due to General Fund budget reductions, this program was eliminated in FY 2025. The associated 1.0 FTE was repurposed to work with substance use prevention and outreach and will be funded by the Opioid trust.

The goal of the Youth Services program was to engage Salem youth in civic leadership, create a positive environment for youth through community programs and partnering with providers to meet these goals. Popular programs included the ILEAD teen summit which is held annually and hosted by Youth Services.

2. Community Services Department Summary of Services and Programs

Summary of Services, Continued

Center 50+

As a nationally accredited senior center, Center 50+ provides programs and services to 13,000 patrons and thousands more throughout the Willamette Valley. Every dollar of City funding is matched with nearly three dollars in program fees, volunteer labor, in-kind contributions, and financial support from partners such as Friends of Center 50+, businesses, and residents. The FY 2025 budget includes a reduction of \$170,000 for seasonal positions as well as materials and services. (Photo below).

Salem Outreach and Livability Services

Salem's response to unsheltered homelessness is managed by an interdepartmental team. Services include outreach, information and referral, complaint resolution and debris mitigation. Known as the SOS program, this group collaborates regularly with community partners across the region to address issues.

Work Force Changes

Library

Due to General Fund budget reductions, 7.25 FTE were proposed for elimination in FY 2025. These positions were added back by the Budget Committee using Cultural and Tourism fund balance.

Parks and Recreation

A limited duration position was converted to a full time career position mid-year 2024. This position, although in the General Fund, is reimbursed by a transfer from the Cultural and Tourism Fund as the position manages the Amphitheater at Riverfront Park.

Parks Operations

Parks Operations will have the Parks Ranger in their work group after moving over from code enforcement in FY 2025.

Due to General Fund budget reductions, seasonal positions were proposed for elimination. These seasonal positions were added back by the Budget Committee using Cultural and Tourism fund balance for work in allowable parks. To avoid additional reductions, fees have been increased for Parks Operations in FY 2025.

Youth Development

Due to General Fund budget reductions, 1.0 FTE was proposed for elimination in FY 2025. This position was added back by City Council during adoption and repurposed for working on substance use prevention and outreach. This position expense will be offset by trust fund dollars.

Center 50+

Using offsetting Friends of Center 50+ Trust fund dollars, a limited duration program coordinator was added for volunteer coordination.

2. Community Services Department Summary of Services and Programs

Summary of Services, Continued

Recreation Services

The Recreation Services section manages the use of parks, athletic amenities, streets, and open spaces, and coordinates City resources to support community events in Salem. Staff directs overall operations of Salem's softball / kickball programs at the Wallace Marine Park Softball Complex and coordinates youth and family recreation programs provided by contractors and City staff including STEM classes, outdoor programs, sports camps, Junior Ranger, Summer Parks Program, STRIDE runs / walks and Owl Prowls. The FY 2025 budget includes a reduction of \$105,870 for seasonal positions as well as materials and services. (Photo above).

Neighborhood Services

Salem proudly has seventeen active neighborhood associations, each with their own governing boards, elected board members and meeting procedures. Although not governed or directed by the City, maintaining and providing resources to the neighborhood associations enriches civic involvement and engagement. Neighborhood Services programs help neighborhood associations build connections among neighbors, tailored to their ideas for action and need. This can range from coordinating meetings to hosting large annual events, such as the Civic Center 50th Anniversary event in 2022. (Graphic to left and above, photos below).

2. Community Services Department Summary of Services and Programs

What's New In This Budget

Center 50+

Age Friendly Initiative

Center 50+ Advisory Commission will be pursuing zero-budget impact options to move forward the Salem Age Friendly Initiative. Through a partnership with American Association of Retired Persons (AARP) of Oregon and the World Health Organization, an action team will identify and remove barriers for older adults living in their homes, neighborhoods, and community for their lifetime. The barriers being addressed this year include:

1. Mobility / Transportation and the creation of a volunteer operated transit buddy program and volunteer rideshare program to assist with personal errands and medical appointments.
2. Age Friendly Communication Planning in which marketing strategies and technology usage is examined.
3. Affordable and Accessible housing where housing options, room share programs, and addressing home insecurity are addressed through partner cultivation, educational opportunities, and peer-to-peer neighborhood connectors.

While all three of these concerns impact all ages, Center 50+ will approach these concerns utilizing an Age Friendly Lens, advocating for special needs of older adult members of Salem.

Parks Planning Projects

Fairview Park Phased Development

The City is currently in the process of planning and designing improvements for Fairview Park, which is a mostly undeveloped community park situated in south Salem at 2220 Strong Road SE. As an initial step, city staff are actively involving neighbors, Salem residents, individuals with disabilities, youth, older adults, and former Fairview Training Center residents in discussions to revisit and enhance the *2016 Fairview Park Master Plan*. (Graphic at right).

2. Community Services Department Summary of Services and Programs

Park Improvements

The 2022 Safety and Livability Bond provided funding for a number of park improvements with design in 2023 and construction following in FY 2024 and FY 2025.

Athletic Courts

This budget ensures the complete funding for the reconstruction of sport courts in five city parks. Specifically, it includes the renovation of tennis and pickleball courts at River Road Park and Highland Park, along with athletic sport courts at Hoover Park, Morningside Park, and Sumpter School Park. The replacement of courts at River Road Park and Sumpter School Park is slated for completion in 2024, while enhancements to the remaining three parks will be finished during the 2025 construction season.

Minto-Brown Island Park Parking Improvements

Two parking lots in Minto-Brown Island Park are getting an upgrade. The enhancements, at Parking Lots #2 (dog park) and #3 (main lot), include stormwater drainage and treatment improvements, accessibility upgrades that connect the parking lots with park trail and pathway, landscaping around the new perimeter of the lots, and bicycle parking.

McKay School Park Improvements

Planning and design for enhancements to McKay School Park are in progress. The project aims to introduce a picnic shelter, situated near the playground and basketball courts. Additionally, it involves the refurbishment of two soccer fields and adjacent warm-up areas, incorporating sub-drainage, new irrigation systems, and natural turf. Furthermore, the project entails the removal of outdated playground facilities, to be substituted with an enlarged lawn space planted with shade trees.

Geer Park Improvements

Various enhancements to Geer Park are currently in the planning and design stages. Improvements funded by the 2022 Safety and Livability Bond encompass the establishment of a new off-leash dog park, complete revitalization of two baseball fields and two soccer fields, and the construction of a picnic pavilion. Moreover, a combination of Park System Development Charges and a state grant is facilitating the creation of a state-of-the-art skate park, new paved pathways, a spectator viewing plaza, and an additional picnic pavilion.

Playground Facility Improvements

City staff are gearing up to deliver the first three out of the ten playground replacements funded by the 2022 Safety and Livability Bond. These playgrounds are located at Livingston Park, Morningside Park, and Riverfront Park. Community engagement initiatives will be conducted throughout the spring and summer of 2024 to ensure these projects are designed and executed taking into account community needs and priorities. Additionally, the City is striving to utilize a combination of Park System Development Charges and state grant funds to enlarge the Riverfront Park playground, making it more accessible and inclusive for everyone while incorporating new nature play elements.

3. Non Departmental Summary of Services and Programs

Summary of Services

Non Departmental expenses benefit all result areas or cannot be easily allocated to a particular department. The Non Departmental programs highlighted below support the result area of a Welcoming and Livable Community.

Housed in the [General Fund](#) and reimbursed by state sheltering grant the FY 2025 budget includes funding for the Police Department portion of the Salem Outreach and Livability Services team at \$599,490. Additionally, \$410,000 is budgeted for various programs to support the unsheltered including Safe Park and vehicle repair. After several years, formally called the Homeless Rental Assistance Program, the Special Programs Outreach Team grant to Salem Housing Authority is sunseting as alternate funding has been found by SHA to fund these services in the short term.

The [Public Art Fund](#) supports the public art collection and is funded by donations and grants, and through the dedication of one-half of one percent of eligible publicly funded capital improvement project costs. The Public Art Commission oversees the public art collection, approves new art acquisition, and manages, maintains, and deaccessions current pieces in the collection. The FY 2025 budget includes \$25,000 for maintenance of the City's art collection and \$10,000 staff support through a transfer from the [Cultural and Tourism Fund](#). Salem's public art collection is valuable, includes well-known local and northwest artists, and reflects a historical progression of the Salem area. Public art brings beauty and unique character to our public spaces, and positively impacts quality of life.

Grants to area non-profits for operating tourist attraction facilities, cultural facilities, or special events that attract tourists and enhance the quality of life for Salem residents are included in the result area of Welcoming and Livable Community. The grants are supported by the [Cultural and Tourism Fund](#). The fund also has programs in the result area of Strong and Diverse Economy.

4. Trust Funds Summary

The City's trust funds are special accounts that hold donations and other revenue sources for various purposes or for the temporary holding of funds for which the City acts as a collection or escrow entity.

The trust accounts in the Welcoming and Livable Community result area are organized by department with the account name serving as the descriptor. More information about the City's trust accounts can be found in the Miscellaneous section of the budget document.

Welcoming and Livable Community *At Your Service*

Additional Languages for Storytime

Monthly Russian story time as well as American Sign Language (ASL) interpretation has been added to weekly Friday preschool story times.

Pop Up Libraries

In order to reach seniors who have mobility constraints getting to the Salem Public Library, additional pop-up library locations were added. These locations circulation between 400 and 500 items to senior facilities each month. (Photo at right).

Teen Advisory Board (TAB)

In the fall of 2023, the Teen Advisory Board members were honored by being named the recipient of the Mayor's Youth Achievement Award at the annual Volunteer Recognition event. TAB is an advisory board working with Salem Public Library to assist with youth events, fundraise for the Teen Scene, give feedback on Teen Scene materials and more. (Photo at left).

Oregon Black Pioneers

The Library was honored to host Mariah Rocker, Public Programs and Exhibits Manager of the Oregon Black Pioneers who presented about Oregon's Civil Rights years in conjunction with a Salem Public Library exhibit called *Racing to Change*.

Welcoming and Livable Community *At Your Service*

Recreation Services

Softball / Kickball Leagues: Continuing the tradition of softball and kickball in Salem, 630 teams participated in softball and kickball leagues and tournaments in 2023. The weeknight leagues take place at the Wallace Marine Park Softball Complex from April through the first of October. Approximately 12,600 players and 73,100 spectators participated in the program with an economic consumer impact of \$5.6M. The City of Salem hosted 4 USA Western National Tournaments and partnered with Travel Salem and Senior Softball USA for the Jim Sherman Regional Tournament. (Photos at right).

Riverfront Park and Gerry Frank | Salem Rotary Amphitheater: In 2023, Riverfront Park hosted 122 events. Of these events, there were 13 which City of Salem recreation staff organized including five Movies in the Park, two STRIDE events, three holiday fun runs, Annual Holiday Light Celebration, three First Friday Concerts, and the inaugural Hispanic Heritage Celebration, Viva Salem. A food truck program at Riverfront Park was also developed where vendors increased from one vendor, once a week to a rotation of six vendors five days a week.

Recreation Programs: Participation in Neighborhood Recreation and Sports Programs increased 23% in 2023 while Movies in the Park has increased 75% in viewership after moving from Saturday to Friday evenings. Salem Kids Relays returned for the first time since the COVID pandemic with new races in grades 3-5. Holiday Fun Runs participation went from 171 participants and / or teams in 2022 to 651 in 2023.

Parks Developments and Construction Projects

Salem has **92** public parks and natural areas. The most recent addition to the Salem park system is a seven acre parcel of the East Parks Estate Subdivision in East Salem.

Parks Master Plans:

Fairview Park Master Plan Revisit and Refinement – Fairview Park is a mostly undeveloped community park located at the site of the former Fairview Training Center in south Salem. The City is planning improvements to be constructed in 2-3 years. As a first step, staff are engaging the Salem community to reaffirm and update a master plan completed in 2016. The project team is currently preparing multiple master plan refinement options, to be reviewed with community stakeholders in early 2024.

Fisher Road Park Master Plan – Fisher Road Park is a mostly undeveloped neighborhood park located at 4350 Fisher Road NE in the Northgate area. The City initiated a park master plan effort in 2023 with an initial focus on gathering site information.

Welcoming and Livable Community *At Your Service*

Bond Projects:

Livingston Park and Morningside Park Playground Rehabilitation – Livingston Park and Morningside Park, located within the North Lancaster and Morningside Neighborhood Associations respectively, are set for playground enhancements next summer, initiating a broader plan to upgrade ten playgrounds under the 2022 Safety and Livability Bond. City staff are currently crafting preliminary design plans for these enhancements, focusing on playground equipment replacement, and improving access routes and surrounding support amenities. City staff are concurrently planning public engagement strategies, including bilingual focus group events, aiming to involve neighboring residents and park users, particularly the Spanish-speaking community surrounding Livingston Park, historically underrepresented in city park planning engagement efforts.

Sports Courts at Highland, Hoover, Morningside, River Road, and Sumpter Parks - Park upgrades under the 2022 Safety and Livability Bond encompass the reconstruction of five sports courts across five parks: River Road, Highland, Hoover, Morningside, and Sumpter School Park. Project design and planning consultant AKS Engineering and Forestry is currently focused on completing construction documents and permits for the reconstruction of tennis courts at River Road Park and sports courts at Sumpter Park, targeting implementation in the 2024 construction season. Subsequent improvements at the remaining three parks are scheduled for the following year.

Geer Park Skate Park and Pathways - The City of Salem is moving forward with the first phase of enhancements to Geer Park, as outlined in the 2021 Geer Park Master Plan. Securing a \$500,000 grant from Oregon Department of Parks and Recreation in September 2023, the City is set to construct a new skate park and other planned improvements. After City Council approval for Design Build contracting in January 2024, Paul Brothers, Inc. and Evergreen Skateparks was selected as the contractor through a competitive process. The City is currently negotiating a contract with Paul Brothers. Construction is slated to commence in late 2025. (Photo and graphic rendering below).

Welcoming and Livable Community *At Your Service*

Parks Operations

Parks Maintenance

Staff maintain over 2,459.96 acres of park and open space areas and 29.53 miles of trails. Areas of maintenance include 7 splash pads, 50 playgrounds, 20 ballfields, 12 soccer fields, 30 multi-use courts, 17 tennis courts, and 8 restroom (36 stalls). Parks Maintenance staff are also instrumental in helping with keeping parks safe and clean for guests moving over 200 tons of refuse annually from parks. (Photo at right).

There are only 20 Parks Maintenance Operators who actively work to maintain the parks, with four who work with the SOS Team and one position that supports the Urban Forestry group.

Parks Volunteers

This past year through service opportunities in the parks, community members provided over 64,000 volunteer hours to the City, or the equivalent of 31 full-time equivalent (FTE) employees. Supplemental labor crews provided approximately 27,555 hours, or the equivalent of 13 FTE. (Photo below).

Urban Forestry

The City Urban Forestry program completed over 288 Emergency Work Orders, completed 4,096 standard Work Order requests, resolved 721 Service Requests, and planted 1,444 trees on City streets and within City parks.

In between this work, staff were able to receive their International Society of Arboriculture (ISA) arborist certifications! (Photo above).

Welcoming and Livable Community *At Your Service*

Center 50+

Connection Center and the Connection Café

The Connection Center and Connection Café provides a single point of entry for customers to register for a class or a trip, sign up to be a volunteer, reserve a computer or receive technical support from the lending library, access resources, and connect to Center 50+ Outreach Services. This year the Connection Center processed 64,870 registrations and answered 10,400 information and assistance calls. (Photo at right and below).

Expanded Outreach Programs at Center 50+

Center 50+ successfully expanded service delivery methods during the pandemic and the transition that followed by focusing on outreach services to combat senior loneliness and social isolation. With support from Salem Health, United Way of the Mid-Willamette Valley, P3 Healthcare Partners, and Home Instead Home Care, Center 50+ has gone mobile and is even more outward facing as a "Center without walls". The outreach programs reach seniors with mobility and technology barriers who were previously unable to connect with the community and their peers. Pop-Up programming and Wellness on Wheels deliver fitness, nutrition, mobility and wellness programs, activities, lifelong learning, friendly visits, and technology tutoring. Outreach services are helping older residents remain in their homes and neighborhoods as long as possible, fully connected to the village that surrounds them, further creating a City for all ages - An Age Friendly Community. This past year, the Wellness on Wheels (WOW) Van served 8,160 people, and Center 50+ had nearly 65,000 in-person visits.

Welcoming and Livable Community *At Your Service*

Wellness on Wheels

In an effort to address senior isolation and loneliness Center 50+ continued to deliver programs and services virtually and to seniors in their homes. Wellness on Wheels (WOW) and Outreach Services have delivered support programs and activities to more than 10,352 seniors thanks to volunteers and community partners (Photo at left). The two WOW vans deliver the following services:

- Food / care box emergency delivery
- Fitness and wellness programs, nutrition education, personal and mobility training, and more
- Activities such as arts and crafts, brain health and lifelong learning resources, puzzles, games, and more
- Fix-it Brigade, fall prevention, and home safety inspections
- Friendly Visitor program (front door / front porch short visits / frequent reassurance phone calls)
- Technology tutoring (front door / front porch service)
- Canine Corp - friendly dog visitor program
- Information and assistance
- Fall leaf haul and winter storm cleanup projects

The Capital Improvement Plan and the Capital Budget

Capital Improvements: From Plan to Budget

The Capital Improvement Plan

Each year, the City develops a Capital Improvement Plan (CIP) that maps out five-years of capital project funding. The CIP estimates future financial resources available for capital projects and allocates that funding based on highest priority projects determined by scoring criteria and staff expertise. The CIP only includes projects with identified funding. There are always more projects that need to be accomplished than funding and staff time available. The resulting document informs the City's current and future capital budgets but does not authorize City spending.

Fiscal Year 2025 - 2029 CIP Spending Summary by Category

	FY 2025	FY 2026	FY 2027	FY 2028	FY 2029	Total
Historic Structures	204,800	372,000	250,000	-	-	826,800

The FY 2025-2029 CIP document is available online at:

<https://www.cityofsalem.net/government/shaping-salem-s-future/capital-improvements>

The Capital Budget

Unlike the CIP, the Capital Budget, as displayed in the following pages, makes spending possible so the City can complete capital projects. The Capital budget includes not only the projects listed in the first year of the CIP (FY 2025 New Projects), but also projects that were listed in previous CIPs or budgets, or that were added by City Council action after CIP adoption (FY 2025 Carryover Projects). General and administrative projects are also included to complete the budget for multiple sections. While the full amount of funding is displayed for projects, the expense budget is based on an estimate of what will actually be spent in the fiscal year.

2022 Safety and Livability Bond

Salem residents approved the 2022 Safety and Livability Bond measure in November of 2022, which allows the City to implement a ten-year plan to increase funding for street upgrades, sidewalk construction and repair, construction of bicycle facilities, replacement of aging fire apparatus and equipment, park improvements, updating information technology and cybersecurity tools, acquiring property for future affordable housing developments, two fire stations, two branch libraries, and earthquake safety upgrades to the Civic Center.

The bond will be repaid over 30 years, and will maintain the City of Salem bonded tax rates at the current levels.

	Project No.	Budget / CIP Year	Neighborhood and Ward	Sources of Funding			Budgeted Expenditures
				GO Bond	Other Revenue	Total	
FY 2025 Building Carryover Projects							
1. Civic Center Seismic Improvements	723600	2023	Citywide / All Wards	\$ 3,155,960	\$ -	\$ 3,155,960	\$ 3,155,960
Design and construction of seismic improvements to areas most vulnerable to a seismic event; hazardous materials abatement; atrium skylight replacement; replacement of windows, roof, and generator; waterproofing and concrete repairs to the parking structure; and Peace Plaza renovations. Full funding for construction of this project will follow in future fiscal years.							
2. Affordable Housing / Library Branch Northern Site	TBD	2024	Citywide / All Wards	1,093,230	-	1,093,230	-
Planning for site acquisition for mixed-use affordable housing and a branch library in the northern part of Salem. Full funding for construction of this project will follow in future fiscal years.							
3. Affordable Housing / Library Branch Southern Site	TBD	2024	Citywide / All Wards	1,000,000	-	1,000,000	-
Site acquisition for mixed-use affordable housing and a branch library in the southern part of Salem. Full funding for construction of this project will follow in future fiscal years.							
4. New Fire Station - Northeastern Site	723602	2024	Citywide / All Wards	4,000,000	-	4,000,000	4,000,000
Site acquisition for a new fire station in northeast Salem to replace existing Station 8. Full funding for design and construction will be included in future fiscal years.							
5. New Fire Station - South Salem	723603	2024	Citywide / All Wards	1,000,000	-	1,000,000	1,000,000
Site acquisition for a new fire station in south Salem. Full funding for design and construction will be included in future fiscal years.							
				\$ 10,249,190	\$ -	\$ 10,249,190	8,155,960

	Project No.	Budget / CIP Year	Neighborhood and Ward	GO Bond	Other Revenue	Total	Budgeted Expenditures	
FY 2025 Information Technology Carryover Projects								
6.	Enterprise Resource Planning (ERP) Replacement	609060	2023	Citywide / All Wards	\$ 6,300,000	\$ -	\$ 6,300,000	\$ 6,300,000
	This system will replace individual applications used to manage the City's financial reporting and accounting functions, timekeeping, timecard management, employee benefits, performance management, and project management. The full integration of this suite of functions will allow the City to replace obsolete system operating costs, provide an uninterrupted and secure flow of information, and allow staff to capitalize on efficiencies reducing the cost of ownership. Full funding will be included in future fiscal years.							
7.	Redundant Fiber	TBD	2023	Citywide / All Wards	500,000	-	500,000	-
	Completion of a redundant fiber ring to reduce the risk of service interruption and address critical infrastructure concerns within the City's disaster recovery plan. Full funding will be included in future fiscal years.							
				\$ 6,800,000	\$ -	\$ 6,800,000	6,300,000	
FY 2025 Park Upgrade Carryover Projects								
8.	McKay School Park Improvements - Restroom Facility, Shelter, and Sports Field	722410	2023	NOLA Ward 6	\$ 2,449,530	\$ -	\$ 2,449,530	400,000
	Design of a new 4-stall restroom facility with utility connections and user access path; picnic shelter located between the new playground and basketball courts; and renovation of two soccer fields and surrounding warm-up areas with sub-drainage, new irrigation, and natural turf.							
9.	Minto-Brown Island Park - Parking Lots No. 2 and 3 Pavement	722411	2023	Citywide / All Wards	1,079,250	-	1,079,250	1,000,000
	Design and construction to fully pave both parking lots to increase parking lot sizes, improve parking efficiency, and increase the availability of spaces serving the off-leash dog area and trailhead staging for the Peter Courtney Minto Island Pedestrian Bridge path, the reservable picnic shelter, picnic tables, playground, fishing dock, and trails.							
10.	Parks System Paths and Trails	722412	2023	Citywide / All Wards	1,460,190	-	1,460,190	20,000
	Design and construction for the rehabilitation and replacement of park paths and trails throughout the system. Priority will be given to address safety issues and provide accessible routes to park facilities.							

	Project No.	Budget / CIP Year	Neighborhood and Ward	GO Bond	Other Revenue	Total	Budgeted Expenditures
11. Geer Park Improvements - Shelter, Sports Field, and Dog Park	722413	2023	Other Ward 2	1,004,150	-	1,004,150	710,000
Design of a picnic shelter located west of Baseball Field No. 2; renovation of two baseball fields and two soccer fields to extend seasonal use including sub-drainage, new irrigation, and natural turf; and development of off-leash dog areas with separated small- and large-dog sections with paved, double-gated entry with seating, a small shelter, drinking fountain, shade trees, pet waste bag dispenser, and waste receptacle. Full funding for construction of this project will follow in future fiscal years.							
12. 2022 Bond Playground Facility Improvements	723400	2024	CAN-DO, Morningside, NOLA Wards 1, 3, 5	2,353,490	-	2,353,490	1,200,000
Design for the replacement of manufactured play equipment and rehabilitation of playground facilities, including curbing, user access routes, surfacing, and drainage.							
13. Athletic Courts at Highland, Hoover, Morningside, River Road, and Sumpter Parks	723404	2024	Highland, Morningside, NESCA, South Gateway Wards 1, 3, 4, 5, 6	4,161,570	-	4,161,570	1,750,000
Design and construction of new or replacement multi-use athletic sport courts. Typically, these are L-shaped courts with a tennis court and overlapping full basketball court. Additional options may include half-court basketball, pickle ball striping, and futsal / soccer mini-pitch, new pavement, surfacing, and fencing.							
				\$ 12,508,180	\$ -	\$ 12,508,180	\$ 5,080,000
FY 2025 New Transportation Projects							
14. 2027 Pavement Rehabilitation and Replacement: Portland Road NE (Beach Avenue NE to Northgate Avenue NE) and Madrona Avenue SE (Peck Avenue SE to Commercial Street SE)	724505	2025	Morningside, Northgate Ward 3	\$ 510,000	\$ -	\$ 510,000	\$ 250,000
Design and right-of-way / easement acquisition for pavement rehabilitation including curb ramp replacements to comply with Americans with Disabilities Act requirements. Full funding for construction of this project will follow in future fiscal years.							
15. Fisher Road NE Urban Upgrades (Silverton Road NE / East-West Curve)	724506	2025	NOLA Ward 6	1,000,000	-	1,000,000	500,000
Design and right-of-way / easement acquisition for urban upgrades to collector 'A' street standards including an improved pedestrian crossing at 15th St NE, streetscape features, a new traffic signal at the 17th St NE intersection with northbound and southbound right-turn lanes on 17th St NE. Full funding for construction of this project will follow in future fiscal years.							

	Project No.	Budget / CIP Year	Neighborhood and Ward	GO Bond	Other Revenue	Total	Budgeted Expenditures
16. Liberty Road S and Davis Road S Intersection Improvements Design, right-of-way / easement acquisition, and construction of intersection improvements including a new traffic signal and interconnect on Liberty Rd S to Kuebler Blvd S. This project was created mid-year in FY 2024 and is included in the budget for the first time.	723520	2024	South Gateway, Sunnyslope Wards 4, 7	685,000	-	685,000	685,000
				\$ 2,195,000	\$ -	\$ 2,195,000	\$ 1,435,000
FY 2025 Transportation Carryover Projects							
17. McGilchrist Street SE Corridor Improvements: 12th Street SE to 25th Street SE Design of street improvements to arterial street standards, including new curb, sidewalks, multi-use path, stormwater treatment, and streetlights. Includes new traffic signals at 12th St SE, 13th St SE, and 25th St SE, upgrades to two creek crossings, and rail crossing improvements. Full funding for construction of this project will follow in future fiscal years.	722513	2023	SCAN, SESNA Ward 2	\$ 6,971,330	\$ -	\$ 6,971,330	\$ 4,000,000
18. Marine Drive NW, Phase 1: Harritt Drive NW to Taybin Road NW Design and right-of-way / easement acquisition of street improvements to collector street standards to the special Transportation System Plan cross section (two travel lanes), including new curb, a sidewalk on the westerly side, 12-foot multi-use path on the easterly side, stormwater treatment, and streetlights. Includes connector streets at Harritt Dr NW, Beckett St NW, and 5th Ave NW. Full funding for construction of this project will follow in future fiscal years.	722514	2023	West Salem Wards 1, 8	3,800,000	-	3,800,000	3,800,000
19. 2022 Safety and Livability Bond Bridge Rehabilitation Projects Design and construction of bridge improvements to strengthen the existing bridge members to remove the current load restriction.	722515	2023	CAN-DO, NEN, SESNA, SCAN Wards 1, 2	2,540,000	-	2,540,000	2,540,000
20. 2024 Pavement Repair and Rehabilitation: Liberty Street SE (Mill Street SE to Trade Street SE) Design and construction for pavement rehabilitation including curb ramp replacements to comply with ADA requirements.	722520	2023	CAN-DO Ward 2	3,200,000	-	3,200,000	3,200,000
21. Pringle Creek Path - Civic Center to Riverfront Park Design of a pedestrian bridge crossing of Pringle Creek under the Commercial St SE bridge, and a new path along Pringle Creek from Commercial St SE under the existing railroad bridge to Riverfront Park. Work also includes creek overlooks and an art wall. Full funding for construction of this project will follow in future fiscal years.	722521	2023	CAN-DO Wards 1, 2	1,160,000	-	1,160,000	750,000

	Project No.	Budget / CIP Year	Neighborhood and Ward	GO Bond	Other Revenue	Total	Budgeted Expenditures
22. Union Street NE Family Friendly Bikeway: Summer Street NE to 12th Street NE Design of roadway, pedestrian and bike improvements to connect Summer St NE to the 12th St NE Pedestrian Promenade. Full funding for construction of this project will follow in future fiscal years.	722522	2023	CAN-DO Ward 1	1,774,940	-	1,774,940	1,000,000
23. Safer Pedestrian Crossings Design and construction of new pedestrian crossings that may include median islands, lighting, Rectangular Rapid Flashing Beacons (RRFB) and Americans with Disability Act (ADA) curb ramps. Locations will be determined after a public outreach process and approval by Council.	722523	2023	Citywide All Wards	1,044,000	-	1,044,000	750,000
24. Sidewalk Infill Design, right-of-way / easement acquisition, and construction of missing sidewalks to provide pedestrian continuity. Locations will be determined after a public outreach process and approval by Council.	722524	2023	Citywide All Wards	1,778,000	-	1,778,000	750,000
25. Sidewalk Replacement Replacement of failing sidewalk panels at locations determined after a public outreach process and approval by Council.	722525	2023	Citywide All Wards	1,436,000	-	1,436,000	750,000
26. 2025 Pavement Repair and Rehabilitation: Silverton Road NE (17th Street NE to Williams Avenue NE and Beacon Street NE to Fisher Road NE) Design and construction for pavement rehabilitation including curb ramp replacements to comply with ADA requirements.	722526	2024	Northgate Ward 5	3,109,710	-	3,109,710	2,500,000
27. State Street: 13th Street NE to 17th Street NE Bicycle Lanes and Pavement Design of pavement rehabilitation and striping reconfiguration to one travel lane in each direction with a center-turn lane and bicycle lanes. Includes a pedestrian crossing at 15th St NE, streetscape features, and a new traffic signal at the 17th St NE intersection. Full funding for construction of this project will follow in future fiscal years.	723503	2024	CAN-DO, NEN, SESNA Wards 1, 2	1,920,000	-	1,920,000	1,000,000
28. 2026 Pavement Repair and Rehabilitation: Commercial Street SE (12th Street Cut-off to Boone Road SE) and Doaks Ferry Road NW (Brush College Road NW to Emerald Drive NW) Design for pavement rehabilitation including curb ramp replacements to comply with the Americans with Disabilities Act (ADA) requirements on Commercial St SE (12th St Cut-off to Boone Rd SE) and Doaks Ferry Rd NW (Brush College Dr NW to Emerald Dr NW). Full funding for construction of this project will follow in future fiscal years.	723504	2024	Morningside, West Salem Wards 3, 8	745,000	-	745,000	450,000

Parks Capital Improvements

The City of Salem operates and maintains a diverse system of parks for Salem residents and visitors that includes 92 park properties and 2,350 acres of total park land. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's public parks system. Projects are funded from Parks System Development Charges (SDC), Transient Occupancy Tax (TOT) funds, Oregon Parks and Recreation grants, Oregon Watershed Enhancement Board (OWEB) grants, Salem Parks Foundation donations, other state and local agencies, donations, or a combination of funding sources.

Parks improvement projects support the service area of Welcoming and Livable Community.

Historic City-Owned Structures Capital Improvements

The City of Salem owns and maintains several historic structures - the Bush House and Barn, Deepwood Estate, and the Gilbert, Parrish, and Rockenfield houses on the A.C. Gilbert Discovery Village campus. The primary source of funding for capital improvement projects at these sites is lodging tax revenue (known as Transient Occupancy Tax or TOT) from the Cultural and Tourism Fund.

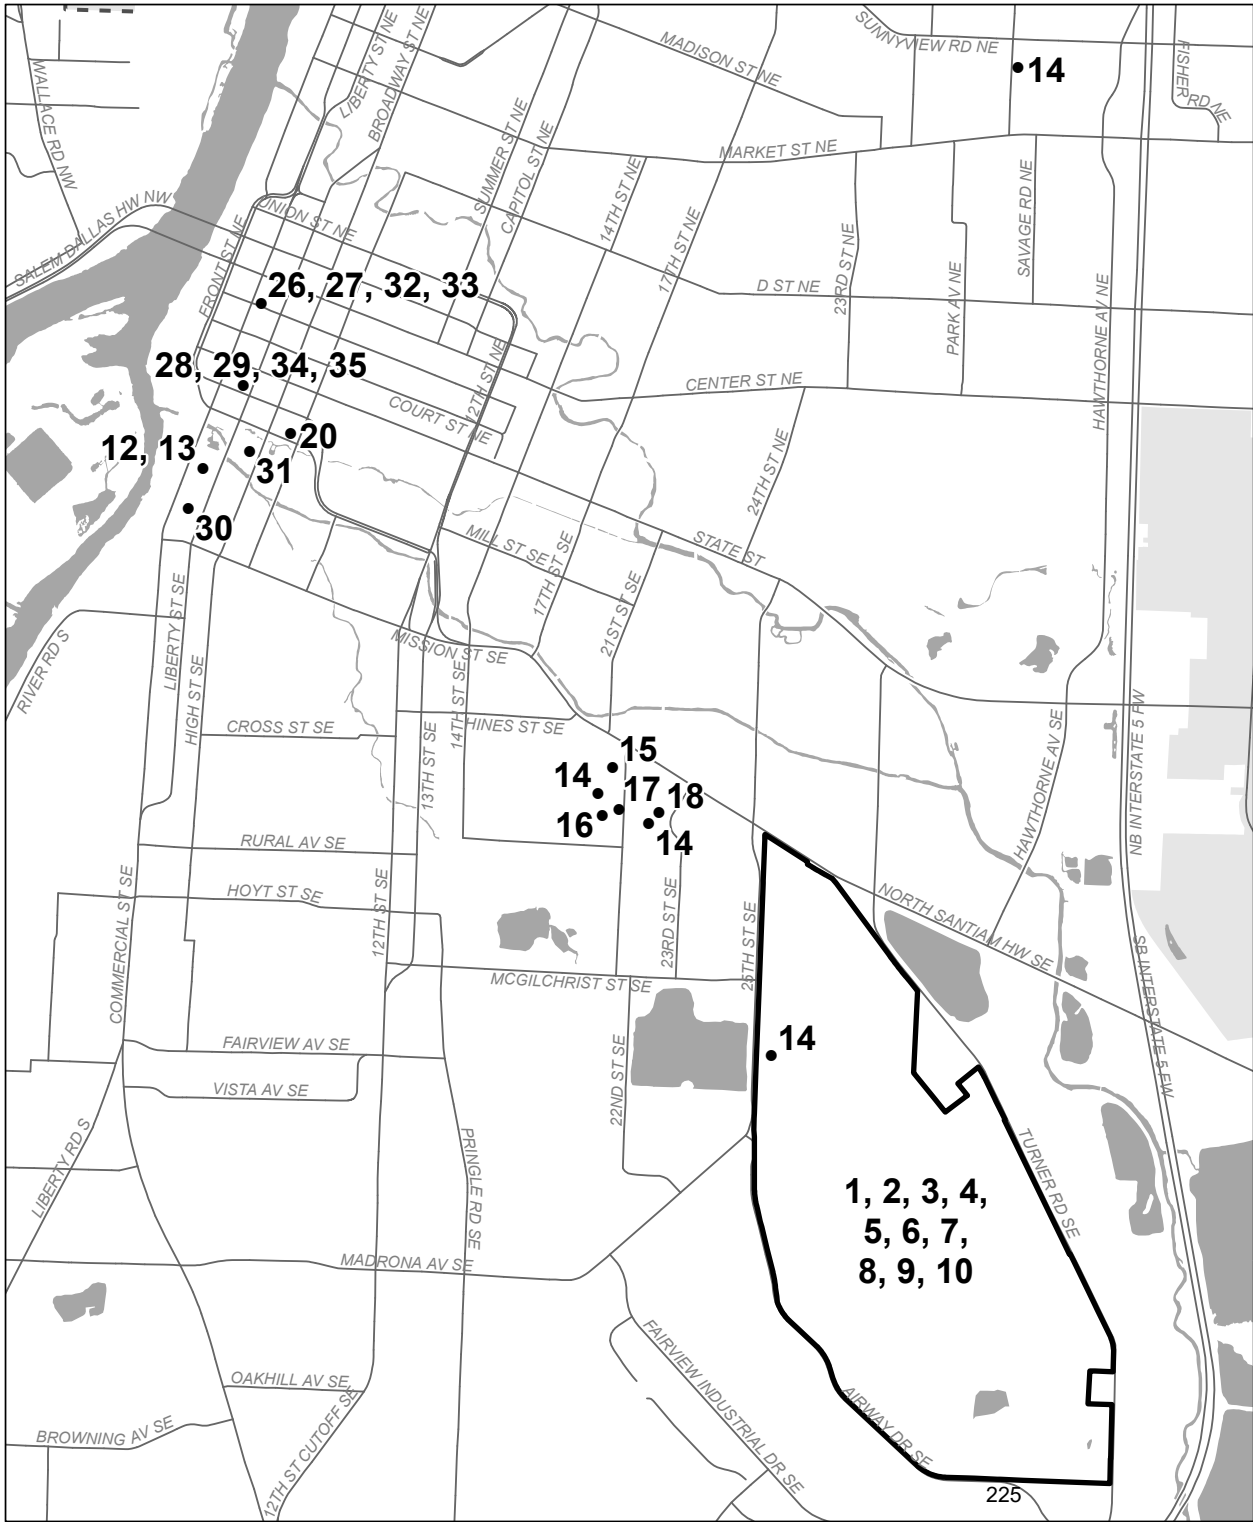

The result areas of Welcoming and Livable Community and Strong and Diverse Economy are both represented with these projects. The funding source of lodging tax and the tourism it represents is an economic driver in the community. While the historic locations are considered tourist attractions, ongoing maintenance and repair of the structures and surrounding grounds contributes to the livability of the community.

Airport Capital Improvements

Salem's municipal airport - McNary Field - is owned and operated by the City of Salem. The 751-acre airport has more than 130 aircraft hangars and businesses as well as the Oregon National Guard's Army Aviation Support Facility. The primary funding source for capital improvement projects at the airport is Federal Aviation Administration grants. Along with State of Oregon grants, the operations fund for the airport supplies the required grant match through an interfund transfer.

The result areas of Strong and Diverse Economy and Safe, Efficient, and Reliable Infrastructure are both represented with airport capital improvement projects. McNary Field is part of the City's infrastructure; however, emphasis is placed on the airport as it contributes to the local economy.

Civic Center and Other Municipal Building Capital Improvements

Salem's City Hall is one of three buildings, including the Salem Public Library and City Council Chambers, that comprise the Civic Center campus. The campus was constructed in 1972 and is the seat of the municipal government with many City services centrally located on site. Projects for other locations reflect the City's obligation for improvement and upkeep of all municipal buildings.

The result areas of Good Governance and Safe, Efficient, and Reliable Infrastructure are both represented with these projects. Municipal buildings are considered part of the City's infrastructure. The Good Governance icon acknowledges the access to government services afforded the community within these locations.

	Project No.	Fiscal / CIP Year	Neighborhood and Ward	Sources of Funding			Budgeted Expenditures
				Interfund Transfers	Working Capital	Total Funding	
FY 2025 New Projects							
12. City Hall Uninterrupted Power Supply Replacement	TBD	2025	SESNA Ward 2	\$ 58,000	\$ -	\$ 58,000	\$ 58,000
The City Hall uninterrupted power supply unit is more than 25 year old and needs to be replaced. The Building Owners and Managers Association (BOMA) rates this equipment with a 10-year life expectancy.							
13. Civic Center Temporary Relocation	TBD	2025	Citywide / All Wards	-	2,003,880	2,003,880	2,003,880
With the seismic retrofit of City Hall, staff and furniture will need to be relocated through the duration of the project. Remaining funding from the Police Facility Bond as well as General Fund funding set aside for other projects at the Civic Center will be used to accommodate costs for moving and temporary new office space.							
14. Municipal Building System Improvements	Multiple	2025	Citywide / All Wards	124,790	-	124,790	124,790
Projects to be completed include heating, ventilation, and air conditioning (HVAC) replacements at Shops Complex buildings 13 and 23, and Fire Station 6. The HVAC units at these locations use an ozone-depleting refrigerant (R22) that will be unavailable by 2030. The vehicle gate and overhead door replacement at Fire Station 3 is also planned for FY 2025.

Navigation Center Capital Improvement

A navigation center is a low-barrier shelter with intensive case management to connect houseless individuals to public benefits, health services, and permanent housing. In May 2021, the State of Oregon awarded an operating grant for a navigation center in Salem. In addition, the City received grants from Marion County, Oregon Housing and Community Services, and the State Legislature totaling \$5.9 million for tenant improvements at the building, scheduled for completion in FY 2025.

The service area symbols of Welcoming and Livable Community and Safe, Efficient, and Reliable Infrastructure are both represented with this project. Major capital projects, like this building, are considered part of the City's infrastructure while the purpose of the building fits within Welcoming and Livable Community.

Shops Complex Capital Improvements

The City's Shops Complex, located on 22nd Street SE, is used primarily by the City of Salem to operate and maintain its infrastructure, including streets, parks, and utilities. Also located within the complex are employees and buildings focused on the maintenance and repair of the City's inventory of vehicles, motorized equipment, historic buildings, municipal buildings, and radio communications infrastructure and equipment.

The result areas of Good Governance and Safe, Efficient, and Reliable Infrastructure are both represented with Shops Complex projects. The complex is considered part of the City's infrastructure and many of the services co-located there focus on maintenance of the infrastructure. The Good Governance icon reflects the importance of the City's stewardship of these resources.

Information Technology Capital Improvements

The City's Information Technology (IT) Department is responsible for the central services and technological infrastructure required to support the multiple "lines of business" operated by nine City departments. IT provides network services, PC support, business application development and maintenance, geographic information systems, and telecommunications.

The result areas of Good Governance and Safe, Efficient, and Reliable Infrastructure are both represented with IT projects. IT's various services and programs align with the outcomes defined for the Good Governance result, while the infrastructure icon acknowledges the access to government services supported by technology.

Parking Structure Capital Improvements

The City of Salem owns and maintains six parking structures in downtown Salem. Three "parkades" - Chemeketa, Liberty, and Marion - consist of 764,000 square feet of parking, tenant occupied spaces, and nine elevators. Operation of these parkades is managed within the Downtown Parking Fund. The projects budgeted here will help preserve and maintain the overall functionality and condition of the structures and operating systems. The remaining three parkades - Pringle, City Hall, and main Salem Public Library - have more than 350,000 square feet of parking space with two elevators. Operations and maintenance are managed within the General Fund.

The result areas of Strong and Diverse Economy and Safe, Efficient, and Reliable Infrastructure are both represented with parking structure projects. While the parking structures are part of the City's infrastructure, parking services contribute to the economic outcomes defined in the Strong and Diverse Economy result area.

Project No.	Fiscal / CIP Year	Neighborhood and Ward	Sources of Funding			Total Funding	Budgeted Expenditures
			Interfund Transfers	Working Capital*			
FY 2025 New Projects							
26. Chemeketa Parkade Stairwell Repair and Coating Repairs and coating are needed in the stairwells of the parkade to prevent tripping hazards.	TBD	2025	CAN-DO Ward 1	\$ 125,000	\$ 25,000	\$ 150,000	\$ 150,000
27. Chemeketa Parkade Flat Roof Replacement The flat roof above the tenant space on the south side of the parkade is near the end of its useful life and needs to be replaced.	TBD	2025	CAN-DO Ward 1	-	100,000	100,000	100,000
28. Liberty Square Parkade Stairwell Repair and Coating Repairs and coating are needed in the stairwells of the parkade to prevent tripping hazards.	TBD	2025	CAN-DO Ward 1	-	150,000	150,000	150,000

Safe Community Technology Improvements

The projects in this display include replacing the City's radio communications infrastructure and peripheral components to provide a fully interoperable and accessible system, as well as replacing the City's 9-1-1 computer-aided dispatch (CAD) system.

The result areas of Safe Community and Safe, Efficient, and Reliable Infrastructure are both represented with the radio system and CAD system capital improvements. The systems are part of the City's communication infrastructure where reliability and effectiveness have significant implications for services represented in the result area of Safe Community.

Salem Business Campus

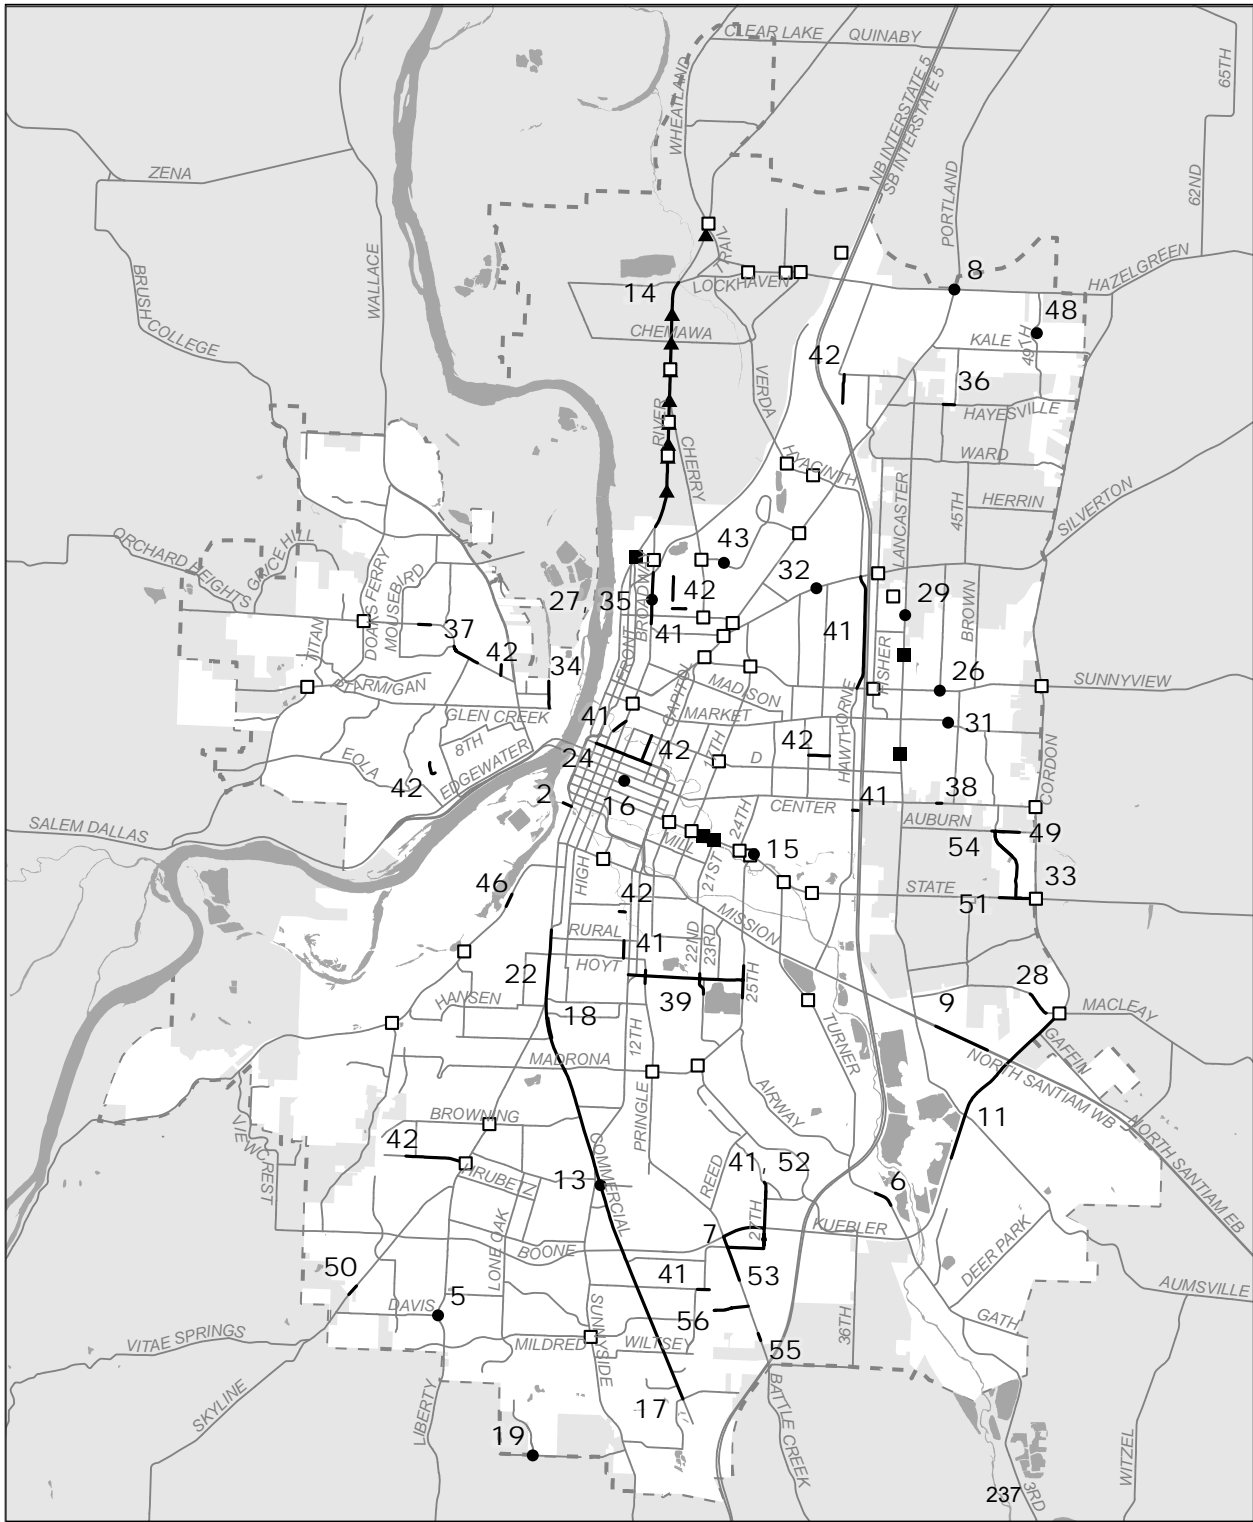

The Salem Business Campus, comprising 80 acres of industrial land, is subdivided into a mixture of small (2 to 5 acre) and mid-size (10 acre or larger) lots for industrial, technology, and corporate office use. The site is certified as permit ready and all development lots are sold. Future project considerations will include amenities to serve the community.

The result areas of Strong and Diverse Economy and Safe, Efficient, and Reliable Infrastructure are both represented with projects at the business campus. The projects funded here reflect infrastructure improvements to support development, while development of the campus is intended to be an economic driver.

Transportation

The City of Salem operates and maintains an extensive system of streets, traffic signals, and supporting infrastructure. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's transportation system. Projects are funded with State Highway Revenue, System Development Charges (SDC), Federal Highway Administration grants, Oregon Department of Transportation grants, other State or local agency funds, or a combination of funding sources.

Transportation improvement projects support the service area of Safe, Reliable, and Efficient Infrastructure.

Water

The City of Salem provides potable water services to a service area that comprises more than 55 square miles, with a peak demand of approximately 50 million gallons per day. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's water source and delivery systems. Projects are funded with water rates, system development charges (SDC), grants from state or local agencies, or a combination of funding sources.

Water improvement projects support the service area of Safe, Reliable, and Efficient Infrastructure.

Stormwater

The City of Salem owns and maintains an extensive system of stormwater collection, treatment, and detention systems to control and treat stormwater for 13 urban watersheds that cover more than 48 square miles. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's stormwater systems. Projects are funded with stormwater rates, system development charges (SDC), grants from state or local agencies, or a combination of funding sources.

Stormwater improvement projects support the service area of Safe, Reliable, and Efficient Infrastructure.

Wastewater

The City of Salem provides wastewater collection and treatment services to an area that comprises more than 60 square miles, including the City of Salem, City of Turner, and City of Keizer. Funds in this section are allocated to plan, design, acquire property, and construct projects that improve or expand Salem's wastewater collection and treatment systems including the Willow Lake Water Pollution Control Facility (WLWPCF) and the River Road Wet Weather Treatment Facility. Projects are funded with wastewater rate revenue, system development charges (SDC), grants from state or local agencies, or a combination of funding sources.

Wastewater improvement projects support the service area of Safe, Reliable, and Efficient Infrastructure.

FY 2025 New Projects										
1.	Ferry Street Pump Station Replacement	724100	2025	CAN-DO Ward 2	\$ 1,092,730	\$ -	\$ -	\$ -	\$ 1,092,730	\$ 500,000
	Design and construction for replacement of the Ferry Street Pump Station in a new, safer location outside of Oregon Department of Transportation right-of-way.									
2.	Manzanita Way NE Sanitary Sewer Overflows - Pipe Replacement	724101	2025	Other	1,163,780	-	-	-	1,163,780	500,000
	Design and construction for the rehabilitation and replacement of 2,800 linear feet of failing 8-inch backyard pipe to eliminate flow constraints during heavy rain events.									
3.	Stewart Street NE and Lamberson Street NE Lateral Relocation	724102	2025	NEN Ward 1	776,230	-	-	-	776,230	250,000
	Design and construction to relocate a 4-inch backyard easement line that serves several homes and is currently maintained monthly by a private wastewater cleaning service into the street and upgrade to an 8-inch pipe.									
4.	Downs Tower SCADA Control Improvements	724103	2025	SWAN Ward 7	1,300,000	-	-	-	1,300,000	500,000
	Design and construction for the replacement of the existing lattice tower with a new 160-foot tall lattice tower needed for the Public Works Operations / Pumps and Controls radio telemetry repeater antenna site. Includes cost for purchase of the land at the site due to existing restrictions on the permanent easement.									
5.	Fisher Road NE Sewer Main Replacement	724104	2025	NOLA Ward 6	200,000	-	-	-	200,000	10,000
	Design and construction for the replacement of approximately 4,300 linear feet of undersized 8-inch sewer mains with 12-inch and 15-inch pipe along Fisher Rd NE between Fisher Rd NE and June Ave NE.									

	Project No.	Fiscal / CIP Year	Neighborhood and Ward	Sources of Funding					Total Funding	Budgeted Expenditures
				Wastewater Rates	SDC Fees	Revenue Bond	Other Agencies			
6. Portland Road NE Sewer: Portland Road NE at Lana Avenue NE Design and construction for realignment of the connection of a 27-inch trunk sewer connection to a 48-inch interceptor sewer to improve hydraulic capacity at the intersection of Portland Rd NE and Lana Ave NE.	724105	2025	Northgate Ward 5	44,290	-	-	-	44,290	5,000	
7. Willow Lake - Aeration Basin Mixers Installation of a mixer to the aeration basin to convert one basin from an anaerobic stage to anoxic stage to improve the treatment process and reduce energy costs.	724106	2025	Citywide / All Wards	450,000	-	-	-	450,000	400,000	
8. Logistic Street SE Sewer Main (Scannell Subdivision) - Developer Reimbursement - Excess of Credits Anticipated reimbursements in excess of credits to the developer for the design and construction of an 18-inch sewer main in Logistics St SE and variable size sewer mains in Mill Creek Dr SE.	724107	2025	SEMCA Ward 3	-	340,000	-	-	340,000	340,000	
9. Willow Lake - Slurry Seal Design and construction of slurry seal asphalt resurfacing at the Willow Lake Treatment Plant.	724108	2025	NOLA, Northgate Ward 5	200,000	-	-	-	200,000	200,000	
10. Silverton Road NE Sanitary Sewer Rehabilitation Design and construction to rehabilitate approximately 615 linear feet of 30-inch diameter reinforced concrete pipe and approximately 1,150 linear feet of 36-inch diameter reinforced concrete pipe in Silverton Rd NE, Lana Ave NE, and Evergreen Ave NE. This project was created mid-year in FY 2024 and is included in the budget for the first time.	723106	2024	NOLA, Northgate Ward 5	2,014,840	-	-	-	2,014,840	500,000	
11. Willow Lake - Process Support Facility Lighting Upgrades Removal of the original fluorescent lighting fixtures and installation of new low maintenance energy efficient LED lighting fixtures in all areas and rooms on the main level of the Process Support Facility. This project was created mid-year in FY 2024 and is included in the budget for the first time.	723107	2024	Citywide / All Wards	70,000	-	-	-	70,000	70,000

Development Districts

The City has two development district cost centers - Sustainable Fairview and Mill Creek. Both support infrastructure improvements in specific geographic areas that are funded through fees paid by developers / builders. The Mill Creek cost center is used to provide funding for infrastructure improvements at the Mill Creek Corporate Center that are not eligible for urban renewal funds. (See the Urban Renewal Agency FY 2025 Budget for more information about the Mill Creek Urban Renewal Area.)

Sustainable Fairview and Mill Creek development districts support the result area of Safe, Reliable, and Efficient Infrastructure.

City of Salem Debt Service Summary of Activity

The majority of the City's debt service obligations are categorized in the result area of Safe, Reliable, and Efficient Infrastructure. Proceeds from internal loans, revenue bonds, and general obligation bonds that are used to support streetlight replacement, multi-year streets and bridges improvement projects, replacement and rehabilitation of the utility infrastructure, construction of a new police station, and seismic upgrades and other improvements to Salem Public Library. This is the second year that the Salem Safety and Livability Bond is appearing on the debt services schedule. The total of Safe, Reliable and Efficient Infrastructure debt service is \$34,311,832.

In FY 2024, the City initiated an internal loan from the Utility Fund to the Airport Fund for purchase of a vacant building adjacent to the Airport to expand available space for business needs. The total for this Strong and Diverse Economy debt service is \$224,130. An additional internal loan between the Building and Safety Fund and the Emergency Medical Services Fund was authorized in FY 2024 for up to \$6,000,000, but it has not been budgeted in FY 2025. Staff anticipates returning to Council in FY 2025 with a budget action to access these dollars.

All externally placed General Obligation (GO) and Water and Sewer Debt of the City is rated by Moody's at an Aa2. The State of Oregon (ORS 287A.050) limits the GO debt a City can take out to 3% of its real market value (RMV). The City has additional limitations from Council Policy C-2 that limits it to 1.5% of RMV. Currently, the City's RMV is \$28.7B. Outstanding GO debt as of 7/1/2024 will be \$169.3M - or 0.59% of RMV. Water and Sewer Debt is limited by the Master Declaration which includes a debt coverage requirement that net revenues are 125% of the annual bond debt service payment. The actual for the fund as of 7/1/2024 is 254%. Due to the fiscally conservative nature of the City's approach to issuing external debt, there are no services impacted by these obligations. The City takes on General Obligation debt, paid through property taxes, to expand or improve generally used City facilities without a separate funding source. The City takes on Water and Sewer debt to expand or improve the water, sewer and stormwater systems and is paid back through rates for those services.

In 2005, the City of Salem bonded a portion of its PERS liability which has resulted in annual cost savings related to the City's full PERS obligation. The funding source for the debt repayment is calculated as part of the City's personal services costs and is paid by funds / departments with employees. The debt service for the PERS obligation bond in FY 2025 is \$6,433,600.

Note: Debt service for the utility, streetlights, airport improvements, Parks Operations and Civic Center is paid from the Utility Fund, Streetlight Fund, Airport Fund, and General Fund respectively. All general obligation bond and pension obligation bond debt service payments are managed in the General Debt Fund.

CITY OF *Salem*
AT YOUR SERVICE

The Adopted FY 2025 Budget *Wayfinding*

The Adopted FY 2025 Budget book offers two displays of financial data; one which is more traditional in format and another that utilizes Priority Based Budgeting to display the City budget. The first table called Result Area Summary combines both formats to offer a unique display of fund expenditures by Result Area.

Financial Summaries

After the result area summary, there is the more traditional presentation of financial information, both in an enterprise level and individual fund level. This portion of the financial summaries section provides a roll up view of the City's revenues and expenditures by funds in comparison to other City funds. Then, there are individual, fund level one page summaries for each fund, a graphic and a brief summary of changes between the FY 2024 Budget, and the FY 2025 Budget for the individual expenses and/or revenues of that particular fund. This allows the reader an opportunity to compare funds as well as provides a deeper dive into fund metrics

In this section, and elsewhere in the budget document, abbreviations are used when space is limited. In numeric and graphic displays the fiscal year is displayed, as an example, FY 2025, meaning the 2024-25 fiscal year. In graphs, the letter, A, is used with the fiscal year - *FY 2022 A*, meaning 2021-22 fiscal year actual results. *FY 2024 B* means the 2023-24 fiscal year budget, and *FY 2025* means the 2024-25 fiscal year budget. The abbreviation, *Mgr Rec*, is used to describe the City Manager's Proposed FY 2025 Budget. *BC Rec FY 2025* and *Adopted FY 2025* represent the Budget Committee's recommendation and the City Council's budget adoption, respectively.

Graphs in the fund summaries display with two axes. The legend on each graph provides context that the left axis defines revenues and expenditures, while the right axis defines working capital.

City of Salem Funds
FY 2025

The following is a list of City of Salem's budgeted funds.

Fund Number	Fund Name	Description
101	General	The primary general governmental fund for the City; pays for services like Police, Fire, Parks, and Library. The Fund receives mostly unrestricted revenue, including property tax and franchise fees.
155	Transportation Services	Supports transportation operations and maintenance activities and receives dedicated revenue to support maintenance of assets in the City's rights-of-way, with the main source being State Highway Fund revenue commonly referred to as Gas Tax.
156	Streetlight	Supports citywide streetlight installation, operations, and maintenance. It receives dedicated streetlight fee revenue.
160	Airport	Supports Salem Municipal Airport (SLE) operations and maintenance. It receives airport-related revenues, including airport rentals, tie down fees, and airplane hangar leases. It is also supported through a subsidy from the General Fund.
165	Community Renewal	Receives and distributes Community Development Block Grant (CDBG) and HOME funding from the federal government for the purpose of community renewal, housing, and other low-income program support.
170	Downtown Parking	Receives downtown parking tax from businesses as well as parking permit revenue to support downtown parking, beautification, and parkade maintenance.
175	Cultural and Tourism	Receives Transient Occupancy Tax (TOT) funding from overnight visits in Salem for dedicated use on cultural and tourism related expenses like event sponsorships, historic building maintenance, and regional parks support.
176	Public Art	Finances and commissions public art throughout the City. Revenues come primarily from transfers from the Cultural and Tourism Fund.
177	Tourism Promotion Area	Supported by a Tourism Promotion Area (TPA) assessment on hotel and motel stays. About 95% of revenue generated in this fund is passed on to the City's designated tourism marketing organization.
180	Leasehold	Receives lease payments from business tenants at spaces on the first floor of City-owned parkades. Revenue is used for maintenance and improvements of the leased spaces.
185	Building and Safety	Supports the City's building permit, inspection, and plan review process. It receives dedicated fee revenue from fees and permits for the services it provides.
190	Traffic Safety	Supported the City's photo enforcement program until being moved into the General Fund in FY 2023. This Fund will be closed in FY 2025.
210	General Debt Service	Receives property tax associated with voter-approved General Obligation (GO) bonds to pay the debt service associated with bond issuances. Also includes the Pension Obligation Bond which is paid through department operating dollars which was issued to provide PERS rate relief.
255	Capital Improvements	Receives transfers from other funds and grants to support a majority of the City's capital construction projects.
260	Extra Capacity Facilities	Supported by Utility, Parks, and Transportation System Development charge (SDC) revenue and contributes to future capital project needs that result from City growth and development.
275	Development District	Receives fees from developers for contributions toward public infrastructure improvements needed as a result of development.
310	Utility	Primarily supported through customer utility payments (rate revenue) which support construction, operation, and maintenance of the City's water, wastewater, and stormwater utility infrastructure.

Fund Number	Fund Name	Description
320	Emergency Services	Receives revenue from the City's contracted ambulance service provider through a franchise agreement as well as from charges to patients for City provided ambulance transport services. Funding supports the provision of City operated emergency medical transports.
330	Willamette Valley Comm. Center	Operates the regional, multi-agency 911 call center for emergency call taking and dispatch services. It is primarily supported through agency contributions, including from the City of Salem Police and Fire departments.
335	Police Regional Records System	Operates the multi-agency Police records system. It is primarily supported through agency contributions, including from the City of Salem.
355	City Services	This is the City's internal services fund and is supported by charges to other departments and agencies for fleet maintenance, Shops Complex maintenance, radio communications, telecommunications, building security, and document services. This Fund also provides fuel and supplies for purchase by other funds.
365	Self Insurance Benefits	This fund tracks financial activity associated with employee benefits. Administration and healthcare claims are paid from this Fund with revenue support from insurance premiums paid for by both employees and the City.
366	Self Insurance Risk	Workers' compensation, general City liability claims, and administration of these programs are paid from this fund. It is supported by premiums charged to other City funds.
388	Equipment Replacement Reserve	The City's equipment replacement reserve tracks funds set aside gradually through operational transfers for the eventual replacement of the existing City vehicle fleet; medium and heavy equipment; and radio stock.
400	Trust	Trust Fund budgets are aggregated for the purposes of budget adoption. Individual trust funds are defined in the Trust Fund Summary section herein.

Not all revenues included on the next page are highlighted here.

See the result area of *Strong and Diverse Economy* for more information about Airport Fund program expenses.

Airport Fund Revenues, Expenditures, and Working Capital - Multi-Year View

In millions

Large increases in budgeted revenue in FY 2024 budget compared to the actual FY 2023 receipts are due to the start of commercial air service.

City of Salem Budget City Services Fund Assumptions and Trends FY 2025

Account	Assumption	Amount	Account	Assumption	Amount
Proceeds from the various "lines of business" in the City Services Fund					
35105	Internal Usage Revenue: Internal charges from City Services provided to departments. Estimated to increase 4.1% over the FY 2024 Budget	\$ 11,645,990	34120	Radio Rent: Radio rental rate revenue charged to various funds and users, an 8.8% increase over the FY 2024 Budget	\$ 1,290,810
35213	Intrafund Budgeted Transfers: Shops Facilities Maintenance, Telecommunications Services, and Document Services revenues received from benefitting funds, a 49.8% decrease from the FY 2024 Budget	\$ 305,970			

Not all revenues included on the next page are highlighted here.

See the result areas of *Good Governance*; *Safe Community*; and *Safe, Reliable, and Efficient Infrastructure* for more information about City Services Fund programs.

City Services Fund Revenues, Expenditures, and Working Capital - Multi-Year View

Multiple internal services are housed in the City Services Fund - fleet, radio communications, telecommunications and communications interconnectivity, document services, shops facilities maintenance, the City's warehouse, and a new cost center for building security. The significant expense in FY 2022 and subsequent drop in working capital for FY 2023 is the result of an \$3.97 million transfer from the radio communications operations cost center in the City Services Fund to related cost centers in the Equipment Replacement Fund for the ongoing replacement of each department's radio equipment. Revenue increases in FY 2023 and FY 2024 reflect an increase in radio communications radio rent rates associated with increased replacement costs and system needs.

City of Salem Budget Equipment Replacement Reserve Fund Assumptions and Trends FY 2025

Account	Assumption	Amount	Account	Assumption	Amount
34120	Radio Rent: radio equipment replacement charges collected from departments, a 36.5% decrease from the FY 2024 Budget	\$ 1,703,010	39110	Interfund Transfer: operating budget transfers into the reserve, a 65.0% decrease from the FY 2024 Budget	\$ 575,000
35105	Internal Usage Revenue: for fleet equipment replacement charges collected from departments, a 28.2% decrease from the FY 2024 Budget	\$ 2,773,510			

Not all revenues included on the next page are highlighted here.

See the result areas of *Good Governance*, *Safe and Healthy Community*, and *Strong and Diverse Economy* for more information about this fund's program expenses.

Equipment Replacement Reserve Fund Revenues, Expenditures, and Working Capital - Multi-Year View

The disparity between budgeted expenditures and revenues is the result of fully appropriating the reserve balance.

Long-term forecasting for vehicle replacement is employed in this fund to help plan for future expenses and balance those costs in department operational budgets against the goal of maintaining adequate reserves for the future.

FY 2025 Fleet Replacement List

The City's Fleet Replacement Reserve includes department / division specific accounts for the management of equipment replacement funds and other revenue sources for fleet replacement purposes.

Adjustments may be made to the replacement list due to unforeseen circumstances such as vehicle collisions or mechanical failures. Surplus vehicles will be sold and the proceeds used to fund future replacements.

City of Salem Budget
General Fund Assumptions and Trends
FY 2025

Category	Account	Description	Amount	% Chg from FY 2024 B
Taxes				
	31110	Property Taxes: the General Fund's single largest revenue source, estimating a 4.5% increase or an additional \$3.82 million over the FY		
	31120	2024 Budget. The City's permanent operating tax rate is \$5.83 per \$1,000 of assessed value. Under Measure 50, assessed property		
	31130	values are allowed to increase a maximum of 3 % per year. In addition, new construction and annexations can increase the City's		
	31140	assessed property values.	\$ 87,826,740	4.5%
	31410	Marijuana Sales Tax: 3 % on sales within the City limits, estimating a 9.3% decrease from the FY 2024 Budget.	\$ 1,501,900	-9.3%
Franchise Fees				
	32110	Electric Franchise Fee: paid by both Portland General Electric (PGE) and Salem Electric representing 5% of their gross revenues to Salem, estimating a 14.7% increase over the FY 2024 Budget.	\$ 9,408,320	14.7%
	32120	Telecommunications Franchise Fee: paid by eighty-four telecommunications providers to the City of Salem. While the largest telecommunication franchise providers are CenturyLink and Comcast, other telecommunication providers, including Advanced Telecom, Clearwire, Integra, and Level 3 pay 7 % of gross revenues for franchise fees. Some telecommunications providers do not serve customers within the City and pay a flat, per foot fee annually. Estimating a 9.9% decrease from the FY 2024 Budget.	\$ 1,501,630	-9.9%
	32130	Natural Gas Franchise Fee: paid by Northwest Natural Gas to the City of Salem and represents 5 % of their gross revenues, estimating a 11.2% increase over the FY 2024 Budget.	\$ 2,747,630	11.2%
	32140	Refuse Franchise Fee: paid by the six refuse collection services – or haulers – operating under franchise agreements in Salem that pay a franchise fee of 7 % on gross revenue, estimating an increase of 3.6% over the FY 2024 Budget.	\$ 3,142,490	3.6%
	32150	Cable TV Franchise: Comcast currently pays a franchise fee of 5% on gross revenues from services provided over its cable network. The revenue estimate for FY 2024 anticipates that cable rates will remain steady. The City receives the entire payment from Comcast, then pays the equivalent of 40 % to the Mid-Valley Cable Regulatory Commission (MVCRC). The budget reflects the total to be received from the cable services at \$1,743,760 with \$911,880 retained by the City, and \$607,920 budgeted as an expense to be paid to the MVCRC. Estimating a 14.3% decrease from the FY 2024 Budget.	\$ 1,519,800	-14.3%
	32160	Stormwater / Wastewater / Water Franchise Fees: received from the City's Utility Fund and are assessed at 5 % of water, wastewater, and stormwater receipts. Estimated to increase 4.0% over the FY 2024 Budget.	\$ 4,607,070	4.0%

City of Salem Budget
General Fund Assumptions and Trends
FY 2025

Category	Account	Description	Amount	% Chg from FY 2024 B
Fees for Services				
	32305	City Operations Fee: The fee was implemented in 2020 to help support existing General Fund services. In July 2024 the monthly rate is expected to increase to \$15.88 per residential account, \$12.70 per multifamily unit, and \$76.56 per commercial account. Estimating a 4.4% increase over the FY 2024 Budget.	\$ 14,175,700	4.4%
	32315	Community Events: park use fees and charges for event special use permits, estimating a 13.3% increase over the FY 2024 Budget.	\$ 52,540	13.3%
	32320	Document Sales: copies of City documents to requesting individuals. Most document fees occur within the Police Department when providing records requests. Estimating a 10% increase from the FY 2024 Budget.	\$ 165,440	10.0%
	32335	Fire Protection: paid by the Salem Suburban Rural Fire Protection District (SSRFPD) to the City of Salem for fire protection. There is a contract in place for these services, which bases the SSRFPD payment to the City on its total revenues for the fiscal year, which are primarily property taxes. Estimating a 3.0% increase over the FY 2024 Budget.	\$ 1,181,310	3.0%
	32345	Code Compliance Cost Recovery: penalties paid by property owners for City elimination of nuisances or improper care of vacant and abandoned buildings. Also included in this revenue are fees for inspecting and enforcing remediation of buildings deemed dangerous. Estimating an 11.6% decrease from the FY 2024 Budget as it is a base amount; actual receipts can fluctuate significantly from year to year. Additionally, civil penalties associated with derelict buildings are accounted for in the revenue account, 36130.	\$ 19,880	-11.6%
	32350	Planning Fees: collected for processing and reviewing various land use planning applications, estimating a 27.3% increase from the FY 2024 Budget.	\$ 60,500	27.3%
	32351- 32353	Site Plan Review, Dwelling Plan Review and Design Review: revenues that highlight specific functions within the broader category of planning fees, estimating a 45.2% decrease from the FY 2024 Budget.	\$ 545,000	-45.2%
	32356- 32361	Annexation Fees, Land Development Fees, Natural Resources Application Fees, Pre-application Fees, and Zoning fees: revenues that highlight specific functions within the broader category of planning fees, estimating a 34.0% decrease from the FY 2024 Budget.	\$ 741,910	-34.0%
	32365	Security Service: payments received for the provision of Salem police services for protective details and other security requests, estimating no change from the FY 2024 Budget.	\$ 20,000	0.0%
	32391	Ambulance: this revenue records funds received from Salem's subcontracted ambulance service provider. Funds received offset expenses associated with Advanced Life Support (ALS) engine response to medical emergencies. ALS responses assist the ambulance services provider in meeting its contract obligations for response times. Dispatch services are also offset with a portion of these revenues. Estimating a 50% decrease from the FY 2024 Budget.	\$ 220,000	-50.0%

City of Salem Budget
General Fund Assumptions and Trends
FY 2025

Category	Account	Description	Amount	% Chg from FY 2024 B
	32490	Lien Search Fee: accounts for funds received from title companies seeking property lien information from City records via the internet. The amount reflects total receipts, which are offset by expenses in the Budget, Finance, and Purchasing Division budget for services received from the vendor. Estimating a 22.7% decrease from the FY 2024 Budget.	\$ 154,300	-22.7%
	32610	Senior Center Fees: program charges at Center 50+, estimating a 30.8% increase from the FY 2024 Budget.	\$ 280,400	30.8%
	32615	Recreation Fees: collected from participants in recreation programs such as youth sports camps for basketball, soccer, and tennis, as well as the summer parks program, estimating a 110.0% increase from the FY 2024 Budget.	\$ 210,000	110.0%
	32621	Softball Program Fees: collected from participants for tournament fees and rentals, league fees, and concessions, estimating a 34.3% increase from the FY 2024 Budget.	\$ 359,790	34.3%
	32625	Parks Reservations: fee revenue from the reservation of City parks and Pringle Hall, estimating a 17.0% increase over the FY 2024 Budget.	\$ 233,900	17.0%
	32630	Library: grouping of Library fees includes collections made for overdue materials, art / book rental, and out-of-city library cards. No	\$ 3,680	0.0%
	32633	library fees collected since FY 2021 due to COVID-19. Estimating no library fee revenue from overdue materials in FY 2024 Budget.		
	32636	Towing: paid to retrieve vehicles towed when the driver is cited for lack of insurance, driving in violation of license restrictions, driving under the influence of intoxicants, or if the vehicle is used in violation of prostitution laws. Estimating no increase over the FY 2024 Budget.	\$ 95,000	0.0%
Licenses and Permits				
	32805	Marijuana Licenses: licensing involved with an allowed facility. Estimating a 28.6% decrease over the FY 2024 Budget.	\$ 2,500	-28.6%
	32806	Tree Permit: for planting, removal, pruning, and other activities related to trees on City property. Estimating an 11.7% increase over the FY 2024 Budget.	\$ 6,320	11.7%
	32810	Apartment Licenses: for multi-family housing of three or more units, estimating a 15.1% increase over the FY 2024 Budget.	\$ 469,440	15.1%

City of Salem Budget
General Fund Assumptions and Trends
FY 2025

Category	Account	Description	Amount	% Chg from FY 2024 B
	32825	Fire Safety: permits issued by the Salem Fire Department to businesses containing extra hazardous uses as required by the Uniform Fire Code, estimating a 43.7% decrease from the FY 2024 Budget.	\$ 580,140	-43.7%
	32830	Automation Surcharge: assessed on each building, public works, and parking permit for the purpose of offsetting the annual maintenance cost of software supporting permit issuance, estimating a 4.4% decrease from the FY 2024 Budget.	\$ 91,780	-4.4%
	32855	Sign Permits: revenue collected to cover the costs for approving, issuing, and inspecting all business signs to ensure safe installation and maintenance of signs, estimating an 11.0% decrease from the FY 2024 Budget.	\$ 254,180	-11.0%
Rents				
	34110	Land / Building: payments the City receives for rental of City-owned property. Most revenues are the result of Center 50+, Salem Public Library, and the Riverfront Park boat dock facility rentals, estimating a 70.3% increase from the FY 2024 Budget.	\$ 118,230	70.3%
	34132 34134	Parking Rent: collections from employee and monthly permit holder parking fees for their use of a parking space at the Civic Center, Library, and Pringle parking structures. Estimating a 6.4% increase over the FY 2024 Budget.	\$ 163,380	6.4%
	34146	Parking Carpool: revenue represents collection of fees derived from carpool parking permits in and around downtown Salem, estimating a 6.6% decrease from the FY 2024 Budget.	\$ 86,000	-6.6%
	34148	Parking Meters: Salem has coin-operated parking meters, electronic meters, or electronic pay stations located in four parking structures as well as the library, the downtown perimeter, and State Capitol area, estimating a 4.6% decrease from the FY 2024 Budget.	\$ 760,000	-4.6%
Internal Charges				
	35130	Support Services Charge (Indirect Cost Allocation or Allocated Overhead): includes funds received through use of the indirect cost allocation plan. This plan, updated annually, accounts for the value of services provided by General Fund departments in support of all other City funds, is estimating an 8.5% increase over the FY 2024 Budget.	\$ 12,285,270	8.5%
	35212	Intrafund - Direct Charge: generated when one department and / or fund performs work for another City department and / or fund. In particular, these revenues are captured when General Fund employees perform salaried work for other funds. For example, much of the work performed by the Urban Development Department for the Urban Renewal Agency is reimbursed through this labor charge. Estimating a decrease of 20.7% over the FY 2024 Budget.	\$ 3,122,680	-20.7%

City of Salem Budget
General Fund Assumptions and Trends
FY 2025

Category	Account	Description	Amount	% Chg from FY 2024 B
	35213	Intrafund - Budgeted Transfers: revenues received as budgeted and generally will bring in exactly the amount planned. One twelfth of the budget amount is recorded each month. Within the General Fund, these monies are received due to assessment of General Fund department administrative overhead charges reallocated to the particular funds for which the General Fund provides oversight.	\$ 4,205,830	4.4%
	35215	Intrafund - Interdepartmental Reimbursements: charges occur after all General Fund costs for a project are accumulated then assessed or "billed" to the benefiting department.	\$ 243,100	-8.7%
	39110	Interfund Transfers: accounts for financial activity between two funds.	\$ 5,798,110	35.7%
State Shared Revenue				
	35315	Alcoholic Beverage: Each month Oregon cities receive 20 % of the net proceeds from the Oregon Liquor Control Commission's (OLCC) sale of alcoholic beverages. These funds are distributed based on population, estimating an increase of 4.2% over the FY 2024 Budget.	\$ 3,693,290	4.2%
	35320	Cigarette Tax: Cigarette taxes are received by cities based on population through the state imposed tax on cigarette sales, estimating a 13.6% decrease from the FY 2024 Budget.	\$ 118,130	-13.6%
	35325	State Revenue Sharing: Each quarter, cities receive 14 % of the total receipts collected by the OLCC on the sale of alcoholic beverages. Again, these revenues are allocated to cities based on population with an adjustment for local taxing effort. Estimating a decrease of 1.9% from the FY 2024 Budget.	\$ 2,330,270	-1.9%
	35326	State Marijuana Tax: A 17 % sales tax is imposed by the State on recreational marijuana sales, cities receive a 10 % share of the net tax revenue based on population and number of licensees in their jurisdiction, estimating an increase of 2.7% over the FY 2024 Budget. Measure 110, passed in November 2020, diverted a large portion of the City's State-shared marijuana revenue to State-funded drug treatment programs.	\$ 323,660	2.7%
	35330	State 911: Cities receive proceeds from a \$1.25 per month assessment on each telephone subscriber receiving local telephone services. These receipts are dedicated to funding emergency telephone and dispatch services provided by the Willamette Valley Communications Center. HB 2449 increased the tax from \$.75 to \$1.00 on January 1, 2020, and again to \$1.25 on January 1, 2021. Estimated to increase 11.1% over the FY 2024 Budget.	\$ 1,799,300	11.1%

Other Agencies				
	35350	Chemeketa Community College: reimbursement to Salem for the Chemeketa Cooperative Regional Library Service (CCRLS). Estimated to increase by 15.9% over the FY 2024 Budget.	\$ 798,630	15.9%
	35355	Housing Authority: costs for legal and payroll services provided to the Housing Authority. Estimating a no change from the FY 2024 Budget.	\$ 60,000	0.0%
	35361	State Reimbursement: costs incurred for hazmat regional team training, estimating no revenue in FY 2025 Budget. FY 2024 was the final year of reimbursement for Millcreek Industrial Park.	\$ -	-100.0%
	35370	Marion County: reimbursement from Marion County for costs associated with the Mobile Crisis Response Team, estimating no revenue in the FY 2025 Budget.	\$ -	-100.0%
	35385	Payment in Lieu of Taxes: revenue received from federal housing authorities in lieu of property tax payments. Both Marion and Polk counties contain housing authorities, estimating a 7.6% decrease from the FY 2024 Budget.	\$ 134,900	-7.6%
	35395	Other Government Agencies: all other agencies that pay for the cost of services provided by Salem, estimating a 1180% increase from the FY 2024 Budget.	\$ 128,000	1180.0%
	35495	Other Agencies: all other agencies that provide grant funds or pay for the cost of services performed by City departments, estimating a 24.7% increase over the FY 2024 Budget.	\$ 23,700	24.7%
	35510	State Grants: received from the State of Oregon for specific programs / services provided by the City of Salem.	\$ -	0.0%
	35615- 35641	Federal Grants: awarded from the federal government to accomplish specific programs or services. Estimating a 2.7% increase over the FY 2024 Budget. The number of awards and grant amounts can vary from year to year.	\$ 420,900	2.7%

Fines, Forfeitures, and Penalties				
	36110	Parking Fines: collected for violation of Salem's parking ordinances, estimating a decrease of 15.9% from the FY 2024 Budget.	\$ 517,500	-15.9%
	36115	Court Fines: collected through the Municipal Court for violation of traffic and criminal codes are recognized here, estimating a 10.5% decrease from the FY 2024 Budget.	\$ 805,500	-10.5%
	36116	Photo Red Light Fines: collected through the Municipal Court for violation of failure to obey a traffic control device issued on the basis of photographs from a camera, estimating a 40% increase from the FY 2024 Budget with two new locations being added.	\$ 1,701,300	40.0%
	36117	Speed on Green Fines: collected through the Municipal Court for speeding violations issued on the basis of photographs from a camera, estimating a 31.3% increase from the FY 2024 Budget with two new locations being added.	\$ 676,000	31.3%
	36130	Civil Penalties: collected as the result of penalties imposed for code violations, estimating a 57.1% increase from the FY 2024 Budget.	\$ 110,000	57.1%
Beginning Working Capital				
	39910	Beginning Working Capital: Beginning working capital (or beginning fund balance) is used as a resource to balance the General Fund operating budget. It represents the amount of funds left over from one year to the next, funding operations until property tax revenues are received in November and December. Working capital is accumulated as a result of additional revenue exceeding budget estimates, projected expenditure savings occurring throughout the year, or funds reappropriated to support a project that was not completed in the prior fiscal year. Beginning working capital is anticipated to decrease by 15.0% from the FY 2024 Budget.	\$ 32,721,140	-15.0%

Not all revenues included on the next pages are highlighted here.

Not all revenues included on the next page are highlighted here. See the Capital Improvements section for more information about System Development Charges Fund projects.

System Development Charges Fund Revenues, Expenditures, and Working Capital - Multi-Year View

For the purposes of budgeting, the SDC budget is fully appropriated; there is no unappropriated ending working capital. This accounts for the large disparity between actual expenditures for the period of FY 2017 through FY 2023 and the budgeted expenditures for FY 2024 and FY 2025.

Not all revenues and expenses included on the following pages are highlighted here.

See the result area of *Good Governance* for more information about Self Insurance Fund program expenses.

Self Insurance Fund Revenues, Expenditures, and Working Capital - Multi-Year View

In millions

For the purposes of budgeting, the Self Insurance Fund reserves are fully appropriated, which causes the spike in expense for the two budget years.

FY 2020 reflects the move of the Risk programs to the Self Insurance Risk Fund.

33110	Assessment: collections of the Tourism Promotion Area fee, a 2% charge on overnight stays in Hotels / Motels and bookings made through intermediaries in Salem, estimating an 11.1% increase over the FY 2024 Budget	\$ 1,500,000	54850	Other Special Payments: payment of 95% of collections of the Tourism Promotion Area fee are returned to the City's destination marketing organization, estimating an 11.1% increase over the FY 2024 Budget	\$ 1,425,000

Tourism Promotion Area Fund Revenues, Expenditures, and Working Capital - Multi-Year View
In millions

The Fund was established in 2019, when City Council approved the TPA and established a 2% fee on overnight stays in Salem that were booked through third party intermediaries and in hotel/motels. The revenues from the TPA are paid to the City's Destination Marketing Organization (DMO), currently Travel Salem, for marketing activities related to tourism such as sponsorship of events that would attract out of town visitors.

City of Salem Trust Funds
FY 2025

Trust fund budgets are aggregated for the purposes of adoption. This page and the following two pages are a comprehensive view of all trust fund activity. Department or division-assigned trust funds also appear in the Financial Summaries and the Service Area sections of the budget document.

Department		
or Division	Cost Center	Description
Budget	403-60981058	To receive, hold, and disburse funds received for the City's Independence Day Event.
Budget	403-60981060	To receive settlement money from the National Opioids Settlement Fund. Monies can only be used for specific purposes regarding opioid treatment, addiction and recovery services.
Budget	404-6098101-	To receive, hold, and disburse funds received for miscellaneous federal and state grants.
Police	421-20981700:	To receive rent from Salem Cellular Telephone Company's use of the Kingwood Tower and to provide associated maintenance.
Urban Development	429-64989700:	To receive payments in lieu of taxes from firms that failed to either meet the required level of investment or the required number of new jobs under the Enterprise Zone Program. Expenditure of enterprise zone in lieu of tax payments is restricted by state statute to certain activities which are supportive of the economic development objective.
Community Development	430-25989800:	To receive, hold, and disburse funds through assessment of one percent of building plan checks and building permit costs to pay for contracted architects and engineers performing damage assessments as a result of earthquakes.
Budget	435-60982000:	Pursuant to City Ordinance, funds are held by the City serving as the fiscal agent for the Youth Commission.
Parks	436-58982600:	To receive interest disbursements to be expended for maintenance of Pioneer Cemetery.
Recreation	440-21983500:	To receive, hold, and disburse donations and requests for the benefit of Center 50+.
Community Development	445-25984000:	To receive funds donated for project materials and newsletters for the Southeast Salem Neighborhood Association (SESNA) response effort.
Public Works	446-64989800:	To receive funds donated for funding maintenance of the railroad pedestrian bridge over the Willamette River.
Parks	447-589831--:	To receive private donations in support of city trees, park facilities, and recreation programs. To account for reserve funds for maintenance at Riverfront Park, Wallace Marine Park Softball Complex, and Pringle Hall Facility and the Peter Courtney Minto Island Bicycle and Pedestrian Bridge.
Community Development / City Manager's Office	448-2598----:	To receive, hold and disburse private donations and other funds for the benefit of neighborhoods, youth, historic preservation, and the City's tree canopy. This trust fund includes the Blight to Bright Program.
Library	460-33982200:	This account receives and disburses donations from the Friends of the Salem Public Library.
Library	461-33982400:	Created by Ordinance 71-43, this account receives monies that are used for Salem Public Library purposes. The expenditure of funds is subject to approval of the Library Advisory Board.
Library	462-33984200:	To receive funds donated for library purposes and expended at the direction of the Library Board.
Library	463-33985900:	Donations received from a settlement to be used to keep the library collection current through additions and replacements of books and music.
Library	464-33986400:	Funds received through settlement of a will to be used to purchase library materials pertaining to a variety of topics.

City of Salem Trust Funds
FY 2025

Trust fund budgets are aggregated for the purposes of adoption. This page and the following two pages are a comprehensive view of all trust fund activity. Department or division-assigned trust funds also appear in the Financial Summaries and the Service Area sections of the budget document.

Department		
or Division	Cost Center	Description
Library	465-33986500:	Mr. and Mrs. Haddon Rutter donated three City of Salem Bonds in exchange for a kiss from then-mayor Sue Miller. Most recently the funds were used for capital expenditures at the West Salem Library.
Police	467-35981700:	To account for the receipt of funds restricted for law enforcement use, to include: unclaimed and abandoned property, or evidence funds that are transferred to the City through court order.
Police	469-35981002:	Donations received for the exclusive support and use of the Police Department's K9 unit.
Police	470-35981400:	To account for the receipt of funds restricted for law enforcement use, to include: restitution and other revenue dedicated to law enforcement use.
Police	472-35982900:	To receive donations for the Buddy Bear Program and other miscellaneous donations made to the Police Department. Funds to be used for police purposes.
Police	473-35-98-38:	To receive funds from the State Board on Police Standards and Training and other sources. Funds are used to reimburse the City for police academy and other police training expenses.
Police	474-35983900:	To receive private sector donations to purchase materials for students participating in the D.A.R.E. program.
Police	475-35987100:	Receives contributions from citizens; proceeds are used to install neighborhood watch signs in residential areas.
Fire	477-37987500:	Receives donations from citizens; proceeds are used for Fire Department prevention and education programs.
Police	479-359831--:	Proceeds are received from the federal government through the sharing of seized assets under the drug enforcement program. Proceeds are restricted for law enforcement use.
Police	479-35983610:	Proceeds from assets seized by the Police Department under state law. Proceeds are restricted for law enforcement use.
Police	479-359837--:	Proceeds from assets seized by the Police Department under state law. Proceeds are restricted for law enforcement use.
Fire	483-37987200:	Established to restore, care for, and store older fire vehicles of historic value.
Public Works	486-58981900:	Pursuant to City resolution, proceeds from the sale of vacated right-of-way are held in this account until required to purchase new right-of-way.
Public Works	490-589887--:	To receive and hold funds resulting from development to be applied to localized public works improvements, reservoirs, and the Mill Creek Corporate Center.
Public Works	493-58982210:	This account accepts donations that will be used to offset annual expenses for environmental programs such as watershed projects, environmental construction projects (wetlands, fish ladders), outreach, and education.
Budget	551-10983100:	Pursuant to City resolution to receive gifts donations and bequests for the Willard Marshall Special Citizen Award.
Public Works	560-58985100:	Funds are held by Pioneer Trust Bank with interest only paid to the City to be used benefit of Woodmansee Park.
Library	570-33984700:	To receive contribution in honor of J. Wesley Sullivan, former Library Board Chairman. The annual interest income is to be used to purchase books for the Salem Library.

TOTAL - City of Salem	\$7.0065	\$7.0315

City of Salem Budget FY 2025 Fee Adjustments

In FY 2019, the City produced its first fee schedule. The Fee Schedule provides some standardization, where possible, in the methodologies for fee increases. The Fee Schedule is the definitive data source for fee information. The below information is not representative of all City fees but is intended to enhance understanding of fee increases and resulting revenue.

The FY 2025 Fee Schedule was adopted by City Council on June 10, 2024. Current year fees can be found at the link below.

<https://www.cityofsalem.net/government/budget-finance/fee-schedule>

FY 2025 revenue estimates anticipate the following fee adjustments:

	Previous Fee or Rate	FY 2025 Fee or Rate	Change to Resources
A. General Fund (101)			
Community Planning and Development - planning fees cost recovery increase All Planning fees are increasing by the CPI - All Urban Consumers, West Region (All Items), 3.60%. Also, specific planning fees are being adjusted to achieve 100% cost recovery for current planning services. Even with an increase, planning revenues are budgeted as a decrease in FY 2025 from the current year.	Various	3.60%	\$(732,050)/ estimate
Community Services - Parks, Recreation and Center 50+ fee increases Parks, Parks and Recreation and Center 50+ are all proposing increases to user fees for services like space rentals, reservation fees and classes / programming. These increases are needed to cover the expense of this General Fund services.	Various	Various	\$351,250 / estimate
Non Departmental - City Operations Fee	Various	Various / 3.60%	\$602,010 / estimate

The City Operations Fee was implemented in January of 2020 to help maintain the current level of City services. Due to limits of property tax growth in Oregon, dozens of cities across the State depend on similar fees to maintain services in their communities. In FY 2025, there is one scheduled increase effective January 1, 2025. The increase will be based on the CPI - All Urban Consumers, West Region (All Items).

City of Salem Budget FY 2025 Fee Adjustments

In FY 2019, the City produced its first fee schedule. The Fee Schedule provides some standardization, where possible, in the methodologies for fee increases. The Fee Schedule is the definitive data source for fee information. The below information is not representative of all City fees but is intended to enhance understanding of fee increases and resulting revenue.

The FY 2025 Fee Schedule was adopted by City Council on June 10, 2024. Current year fees can be found at the link below.

FY 2025 revenue estimates anticipate the following fee adjustments:

		Previous Fee or Rate	FY 2025 Fee or Rate	Change to Resources
B. Utility Fund (310)				
Public Works - development, planning, permit fees				
Utility rates: The FY 2025 budget reflects the anticipated revenues derived from the following rate increases (with effective dates) approved by the City Council. The next Utility rate setting process will inform rates starting January 2025.				
Stormwater	5.0 percent, January 1, 2024 / TBD, January 1, 2025	5.00%	TBD	See Utility Fund budget in Financial Summaries section for revenue estimates, year-to-year changes.
Wastewater	5.0 percent, January 1, 2024 / TBD, January 1, 2025	5.00%	TBD	
Water	5.0 percent, January 1, 2024 / TBD, January 1, 2025	5.00%	TBD	
C. Emergency Medical Services Fund (320)				
Fire - pre-hospital treatment and / or transport				
Fees charged by Salem Fire Department for City-provided treatment and ambulance services. Fee increases will be based on a market adjustment. Increase also reflects the ongoing City Medic Unit. Estimate increase from budget FY 2024 to proposed FY 2025.				
		Various	Various	Estimate \$3,563,820

Number of Employees Per Thousand Population

Permanent Position Recap

Notes

Line chart FTE counts are based on budget adoption.

During FY 2020, seasonal positions decreased as many were converted into permanent positions.

Portland State University 2023 certified population estimate of 182,726 for FY 2025 in comparisons.

City of Salem Position Summary - Authorized FTE

Reflects changes in full time equivalent position authority as positions are added or eliminated through the annual budget adoption.

¹ Human Resources had been its own department with Facilities underneath as a functional division for several years. In FY 2023, Human Resources joined Enterprise Services as a division.

² In FY 2024, the Community Development and Urban Development Departments united under one Department titled Community Planning and Development. In FY 2024, the Library also moved as a functional division of Community Development to a functional division of Community Services.

³ In FY 2024, management of Parks Operations was moved from the Public Works Department to the Community Services Department.

Analysis of Positions and Wages

The "Analysis of Positions and Wages" reflects full time equivalent position authority and corresponding budgeted salary and wages expense. In some cases, a position's relationship to a new classification or organization is illustrated with a directional arrow. Other changes seen here could be the result of new positions being added or reclassification of existing positions.

Analysis of Positions and Wages

The "Analysis of Positions and Wages" reflects full time equivalent position authority and corresponding budgeted salary and wages expense. In some cases, a position's relationship to a new classification or organization is illustrated with a directional arrow. Other changes seen here could be the result of new positions being added or reclassification of existing positions.

CITY OF *Salem*
AT YOUR SERVICE

City of Salem Budget Glossary

Adopted budget. The financial plan adopted by the governing body which forms a basis for appropriations.

Ad valorem tax. A property tax computed as a percentage of the value of taxable property. See *Assessed value*.

Appropriation. Based on an adopted budget, an authorization for spending specific amounts of money for specific purposes during specific periods of time. Presented in a resolution or ordinance adopted by the governing body.

Assessed value. The portion of value of real or personal property which is taxable. It is the lesser of the property's real market value or the constitutional value limit (maximum assessed value-MAV). The value limit may increase 3 percent annually unless qualifying improvements or changes are made to the property. These improvements or changes allow the value limit to increase by more than 3 percent.

Beginning working capital. See *Resources*.

Biennial budget period. A 24-month period beginning July 1 and ending June 30 of the second succeeding year.

Budget. Written report showing the local government's comprehensive financial plan for one fiscal year. Must include a balanced statement of actual revenues and expenditures during each of the last two years, estimated revenues and expenditures for the current and upcoming year.

Budget committee. Fiscal planning board of a local government, consisting of the governing body plus an equal number of legal voters from the district.

Budget message. An explanation of the budget and local government's financial priorities. Prepared by or under the direction of the executive officer or presiding officer of the governing body.

Budget officer. Person appointed by the governing body to assemble budget material and information, prepare the proposed budget, and oversee the budget process.

Capital outlay. Items which generally have a useful life of one or more years, such as machinery, land, furniture, equipment or buildings.

District. See *Local government*.

Expenditures. Decrease in net financial resources if accounts are kept on an accrual or modified accrual basis; total amount paid if accounts are kept on a cash basis.

Fiscal year. A 12-month period beginning July 1 and ending June 30.

Fund. A division in a budget segregating independent fiscal and accounting requirements. An entity within a government's financial plan designated to carry on specific activities or to reach certain objectives.

Governing body. County court, board of commissioners, city council, school board, board of trustees, board of directors or other governing board of a local government.

Line-item budget. The traditional form of budgeting, where proposed expenditures are based on individual objects of expense within a department or division.

Local government. Any city, county, port, school district, public or quasi-public corporation (including a municipal utility or dock commission) operated by a separate board or commission.

Municipality. See *Local government*.

Ordinance. Written directive or act of a governing body. Has the full force and effect of law within the local government's boundaries, provided it does not conflict with a state statute or constitutional provision. See *Resolution*.

Organizational unit. Any administrative subdivision of a local government, especially one charged with carrying on one or more specific functions (such as a department, office or division).

Payroll expenses. Health and accident insurance premiums, Social Security and retirement contributions, and civil service assessments, for example.

Permanent rate limit. A district's permanent ad valorem property tax rate for operating purposes. This rate levied against the assessed value of property raises taxes for general operations. Permanent tax rate limits were either computed by the Department of Revenue for districts existing prior to 1997-1998 or are voter-approved for districts formed in 1997-1998 and later.

Program. A group of related activities to accomplish a major service or function for which the local government is responsible.

Property taxes. Amounts imposed on taxable property by a local government within its operating rate limit, levied under local option authority, or levied to repay bonded debt.

Proposed budget. Financial and operating plan prepared by the budget officer, submitted to the public and budget committee for review.

Real market value. Value at which a property would be sold by an informed seller to an informed buyer on the appraisal date. Value set on real and personal property on a basis for testing the (Measure 5) constitutional limits.

Reserve fund. Established to accumulate money from one fiscal year to another for a specific purpose.

Resolution. An order of a governing body. Requires less legal formality and has lower legal status than an ordinance. Statutes or charter will specify actions that must be made by ordinance and actions that may be by resolution. (For cities, revenue raising measures such as taxes, special assessments and service charges always require ordinances.) See *Ordinance*.

Resources. Estimated working capital (fund balance) on hand at the beginning of the fiscal year, plus all anticipated revenues.

Revenues. Monies received or anticipated by a local government from either tax or non-tax sources during the fiscal year.

Supplemental budget. Prepared to meet unexpected needs or to spend revenues not anticipated at the time the regular budget was adopted. Cannot be used to increase a tax levy.

Tax levy. Taxes imposed by a local government unit through a rate or amount.

Transfers. Amounts distributed from one fund to finance activities in another fund. Shown as a requirement in the originating fund and a revenue in the receiving fund.

Unappropriated ending fund balance. Amount set aside in the budget to be used as a cash carryover to the next year's budget, to provide the local government with a needed cash flow until other money is received. This amount cannot be transferred by resolution or used through a supplemental budget during the fiscal year it is budgeted unless there is a significant calamity or natural disaster.

PUBLIC NOTICE
NOTICE OF PUBLIC HEARING

NOTICE OF BUDGET COMMITTEE MEETINGS FOR THE
CITY OF SALEM, OREGON AND THE URBAN RENEWAL
AGENCY OF THE CITY OF SALEM, OREGON

A public meeting of the Budget Committee of the City of Salem and the Urban Renewal Agency of the City of Salem, Marion/Polk County, State of Oregon, will take place on March 14, 2024 at 6:00 p.m. to discuss the budget for the fiscal year July 1, 2024 to June 30, 2025 and will be held at the Civic Center, City Council Chambers, Room 240, 555 Liberty Street SE, Salem, Oregon. It will be viewable via Comcast Cable CC:Media channel 21 and the CC:Media YouTube channel. The purpose of the meeting is to discuss anticipated reductions included in the FY 2025 proposed budget and receive public comment. The FY 2025 budget message and the City Manager's entire proposed budget will be reviewed at the meetings in April and May beginning April 17, 2024. The Urban Renewal Agency Budget will be reviewed during the public meeting on April 24, 2024. A copy of this public notice can also be found on the City of Salem's website at: <https://www.cityofsalem.net/government/public-notices-and-hearings/other-public-notices>.

A copy of the complete budget document may be viewed or obtained on and after April 12, 2024 at the Salem Civic Center, Room 230, on normal working days, between the hours of 8:00 a.m. and 5:00 p.m. The budget will also be available on the City's website on and after April 12, 2024 at: <https://www.cityofsalem.net/government/budget-finance/annual-budget>.

~~Listed below are the dates of additional Budget Committee meetings, where the public may comment, and deliberation of the Budget Committee will take place. Any person may provide comment on the proposed programs to the Budget Committee in person during any of the meetings. To sign up to provide oral public comment via video conference or to submit electronic written comment, please email:~~

RESOLUTION NO. 2024-31

A RESOLUTION ADOPTING THE BUDGET OF THE CITY OF SALEM, OREGON, FOR FISCAL YEAR 2025, MAKING APPROPRIATIONS, AND IMPOSING AND CATEGORIZING TAXES

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SALEM, OREGON, RESOLVES AS FOLLOWS:

Section 1. The City Council of the City of Salem, Oregon (the “Council”), as the governing body of the City of Salem, Oregon (the “City”), hereby adopts the expenditure budget for the City for the fiscal year beginning July 1, 2024, and ending June 30, 2025, in the sum of \$732,548,570 plus an unappropriated ending fund balance of \$198,325,550 for a total of \$930,874,120.

Section 2. The Council hereby determines, makes, declares and imposes ad valorem property taxes, categorized as follows, upon all taxable property within Salem:

Government Operations Other than Public School System Operations

Permanent tax rate limit of \$5.8315 per \$1,000 of assessed value.

Exempt Bonded Indebtedness

In the amount of \$20,335,440 (not subject to the Limits of Section 11b, Article XI of the Oregon Constitution).

Special Levies

Riverfront Downtown, Option One as provided in ORS 457.435(2)(a)

Amount to collect from division of taxes: 100%
Amount to collect from special levy: 100%.

The special levy shall be categorized for government operations other than public school systems.

Section 3. The amounts set forth in “Exhibit A,” attached hereto and incorporated herein by this reference, are hereby appropriated for the purposes set forth therein for the fiscal year beginning July 1, 2024.

Section 4. This resolution is effective upon adoption.

ADOPTED by the City Council this 24th day of June, 2024.

							\$ 732,548,570

City of Salem budget expenses are described as operating and non-operating and are adopted at the program level for the General Fund and for all other funds with a few exceptions. The exceptions are noted in the exhibit table and explained below.

Operating expenses include the object categories of personal services, materials and services, and capital outlay. Non-operating expenses represent the object categories of debt service, interfund transfers, and contingency.

1. Municipal Court is a functional division of the Finance Department.

2. The General Fund Non Departmental budget supports expenses that have a General Fund-wide benefit. As it does not represent a specific program area, the budget is presented by object category.

3. Fund also known as Extra Capacity Facility

4. The City Services Fund budget includes eight separate internal service program areas -- Document Services, Fleet Services, IT Building Security, IT Interconnect, IT Telecommunications, Radio Communications, Shops Maintenance, and Warehouse Services. The program area budgets are displayed as operating and non operating expenses.

5. Expenses in the City's Trust budget represent a variety of program areas and are presented by object category.

Notice of Property Tax and Certification of Intent to Impose a Tax, Fee, Assessment or Charge on Property

FORM OR-LB-50
2024-2025
