#### Toxic Organics Management Plan in accordance with 40 CFR 413.03(b)

In requesting that no monitoring be required, industrial users of Publicly Owned Treatment Works (POTWs) shall submit a toxic organics management plan that specifies to the control authority's satisfaction:

- a. The toxic organic compounds used.
- b. The method of disposal used instead of dumping, such as reclamation, contract hauling, or incineration.
- c. Procedures for assuring that toxic organics do not routinely spill or leak into the wastewater.

### TTO Certification Statement in accordance with 40 CFR 413.03(a)

Based on my inquiry of the person or persons directly responsible for managing compliance with the pretreatment standard for TTO, I certify that, to the best of my knowledge and belief, no dumping of toxic organics into the wastewaters has occurred since filing the last discharge monitoring report. I further certify that this facility is implementing the toxic organics management plan submitted to the control authority.
